GREETING: The house-renovating sensor will soon be here, and I take this method of calling your attention to the fact that I shall also be here, realy and anxious to assist you in every possible way.

Fresh paint and picasing tones in Wall Paper are like unto a 'mantle of charity,' in assuch as the, hide a multitude of defects, and when pro-serly applied will cause the incongruent room of the house to become picasing to the eye and satisfactory to the artistic taste. To obtain that usual desired result is my SPECIAL BUSINESS. I cannot warrant ten dollar effects for a one dollar expenditure, but I do guarante; satisfactory work and results at live and let live prices, or so pay. If you desire I shall be pleased to call at your home with samples of Paper, mensure your rooms and make you pieces. (ESTIM ATES GRATIS).
