MANY FROM EUROPE

Marked Increase of Immigration in Past Year.

ONE-FOURTH ARE ITALIANS

Conditions and Facts Shown by Report of New York Superintendent of Labor Statistics.

Albany, N. Y., March 27.—The annual report of John Mackin, state superintendent of labor statistics, says: "Immigration returns for the quarter ended December 31, 1899, show an increase of 23,012 more than in the last three months of 1898. In the last quarter the arrivals numbered 51,880; in the same three months of 1898, 74,892. The largest proportionate gain of these races recording at least 2,000 arrivals was made by the Slovaks. The Polish race was second, the Croftians and Slavonians third.

"In point of numbers the Southern Italians still retain the lead in immigration, the arrivals of that race being nearly one-fourth of the total. There were 18,149, or 34.2 per cent, of that class who landed during the quarter which ended last December. Next in the numerical order come the Hebrews, with 10,076; Poles, 6,401; Slovaks, 6,226; Germans, 6,118; Scandinavians, 4,486; Northern Italians, 4,140, and Irish, 3,745.

"Of the 72,892 immigrants arriving during the quarter, four-fifths were destined to the states composing the North Atlantic division, of which group the state of New York received the largest number. Those who went to the West division numbered 2,336."

NOT MUCH PROGRESS.

British Operations Checked in South Africa.

London, March 27.—Except for the "unfortunate occurrence," as Lord Roberts calls it, which resulted in the killing of Lieutenant Colonel Crabbe, Lieutenant Colonel Codrington and Captain Trotter, the campaign presents no new features. The mishap to their bravely officers is a testimony to their bravery, but not their discretion. They met a party of five Boers whom they tried to capture. The Boers took refuge on a kopje, where three of their comrades were hidden, and within five minutes every member of the British party was hit.

Apparently little progress is being made toward the relief of Maefking. A private telegram from a lieutenant at Kimberley, dated Wednesday, March 21, announces that he was at the point of starting for Maefking, presumably with the relief column.

General Sir Forestier-Walker and Prince Alexander, of Teck, have left Cape Town for Bloemfontein.

It is reported from Ladysmith that Van Reenan's pass bristles with guns.

Taxation in Cuba.

Havana, March 27.—Governor General Wood has recently had interviews with persons of influence, who have strenuously urged the taxation of valuable property rather than each bag of sugar as it is manufactured. Those who hold this view contend that under the present system impediments are thrown in the way of production. They point out that many valuable estates have been laying idle and unproductive for years, some even having complete sugar plants. The owners, who are rich men, are living in Paris, Madrid and other European cities, quite untaxed for their property in Cuba.

General Wood feels that if these properties are taxed, their owners will be forced either to sell them or to make them productive.

The meeting called today of those favoring universal suffrage resulted in a failure. The only persons present were about 50 negroes and several small boys.

Arrival of Shipwrecked Seamen.

New York, March 27.—Among the passengers who arrived today on the steamer Olanda from Cuban ports were 30 stranded colonists from La Gloria and 25 shipwrecked seamen. Twenty of the latter are from the Norwegian steamer Frannes, which was swept ashore on Hog Sty reef, in the Bahamas, March 24, and became a total loss, already reported. The crew landed on the reef with provisions, and they were picked up by the steamer Admiral Schley, and landed at Fortune Island.

The other five shipwrecked seamen were from the American schooner Hatie Godfrey, which was lost on Romano reef.

Utah Mormons Go to Mexico.

Chihuahua, Mex., March 27.—The several Mormon colonies in this state have been increased in population by the arrival of over 5,000 Mormon immigrants from Utah during the last two months. The colonies were established under concessions granted by the Mexican government.

Tramp Killed a Brakeman.

Brook Haven, Miss., March 27.—John Perkins, a freight brakeman, was shot and killed near here this afternoon by Moses Angeline, a tramp, who was stealing a ride. It is feared a mob will be organized to lynch him.

Clinton Liberal Institute Burned.

Fort Plain, N. Y., March 27.—Fire today entirely destroyed the Clinton Liberal Institute building, entailing a loss of \$95,000. The institute was a college preparatory school and military academy, owned and conducted by the Universalists of the state, and occupied a large five-story building. The building was not occupied, the Easter vacation being on. The armory was saved. Most of the faculty and students lost their personal effects.

BAD NEWS FROM MANILA.

Rebels Capture Quantities of Guns and Ammunition.

San Francisco, March 26.—The steamer Hong Kong Maru brings from Hong Kong news of a surprising state of affairs existing in the Philippines. The correspondent of a Hong Kong paper sent the following uncensored letter to his journal:

"Manila, Feb. 13.—It is a strange state of affairs that exist in the Philippines today. Improvement is visible in nearly every quarter. Civil governments are rapidly being established in every town of importance, and garrisons and patrols are in process of extension wherever Americans hold territory, and yet it is an undeniable fact that since January 1 the insurgents have captured a number of rifles and quantities of ammunition from the Americans, almost equalling the sum total of American captures from the insurgents.

"Besides this, the casualty rate for the last two weeks will come very close to being heavier than at any other period of the insurrection, with the exception of the time of the outbreak and the fortnight beginning with March 25, 1899. These are hard facts to swallow, and somewhat alarming to the bargain.

"The threatened guerrilla warfare that was heard of on every side seems to be a stern reality, and parties of 50 or smaller numbers are ambushed and "jumped" day after day. Supply trains, small escorts and scouting parties are the special objects of attack, and the country seems to be full of small, roving bands, waiting at every convenient cover until the prey is caught.

"In one or two instances heavy patrols have quickly avenged these raids by setting out immediately and hunting down and killing as many of the marauders as possible. These lessons have not been forgotten, and in the immediate districts there have been no repetitions of the trouble.

"The authorities are giving the question considerable attention, and every effort will be made to insure the public safety, for on this depends the future of the country. England's policy in India is frequently discussed, and her swift and severe punishments are looked upon as model punishments. The arms were probably captured from commissary trains."

GREAT STEEL FIGHT ENDED.

Carnegie and Frick Settle Their Differences—Reorganization.

Pittsburg, March 26.—The differences between H. C. Frick and Andrew Carnegie have been settled. The parties interested have agreed upon a plan of reorganization, the new concern to be incorporated under the laws of New Jersey.

The Carnegie Steel Plant, Ltd., becomes a stock company with a capital of \$200,000,000 to \$250,000,000, the famous "ironclad agreement" is wiped out, all litigation between the partners in the Carnegie Company is dropped, and H. C. Frick, the ex-president of the company, virtually secures all he has contended for.

These facts are embodied in an authorized statement issued tonight by the company.

As the capital of the Carnegie Company, Ltd., is \$250,000,000, under the proposed plan of reorganization, each partner will hold either eight or ten times the amount in the corporation. As Mr. Frick holds 6 per cent of the company stock in the Carnegie Steel Company, he will receive in stock of the new concern, \$12,000,000 if it is capitalized at \$200,000,000; \$15,000,000 if the figure is put up to \$250,000,000. His contention in his suit was that his stock was worth at least \$15,000,000, and he sued to recover the difference between that and the amount offered him when he was invited under the "ironclad" provisions to resign.

The Prinz Heinrich.

Berlin, March 24.—The German cruiser launched today at Kiel received the name Prinz Heinrich and was christened by Princess Henry, of Prussia. She is belt-armed, with plate 100 millimeters thick at the water line. She has an indicated horsepower of 15,000, and triple expansion engines, and is capable of making 20 1/2 knots an hour. She carries two 24-centimeter guns in two revolving towers, six 15-centimeter guns in casemates, four 15-centimeter guns in revolving turrets and numerous smaller guns, with four torpedo tubes. Her displacement is 8,800 tons.

To Witness an Eclipse.

San Francisco, March 24.—William H. Crocker has offered to defray the expense of sending out a party from the Lick Observatory to observe the total eclipse of the sun on May 28. A complete outfit of instruments will be taken. A station has not yet been definitely chosen, but it will probably be Barneville, a small town near Atlanta, Ga.

Sawmill Boiler Exploded.

Munics, Ind., March 26.—The James Nickum sawmill, six miles southwest of here, was destroyed by a fearful boiler explosion this evening. Three men are dead, one will die and three others were injured. The dead are Thomas Sullivan, Clifford Van Buskirk and Marion Carey. Lon Van Buskirk, the engineer, had his skull crushed in and both arms broken.

Murdered by Moonshiners.

Raleigh, N. C., March 24.—
