MANY REBELS KILLED

A Bloody Week on the Island of Luzon.

AMERICAN CASUALTIES WERE 25

General Pilar's Band Again at Work and Gave San Miguel Garrison a Three-Hour Fight.

Manila, April 24,-Last week was one of the bloodiest of the war since the first day's fighting around Manila, authentic reports, mostly official, showing a total of 378 Filipinos killed, 12 officers and 244 men captured, and many more wounded. The number wounded is hardly guessable. Considlace, former minister to Turkey, says ering that the Filipinos entirely lack hospital facilities, a great majority of the wounded will die. Probably the week's work finished 1,000 insurgents. The American loss was nine killed and 16 wounded. Two sergeants and one private were killed in ambushes, while

escorting provision trains. The insurgents have been aggressive in almost every province of Luzon. General Piodel Pilar's band, numbering 300, which was out of sight for three months, the leader being reported killed, has reappeared in its old field about San Miquel. Pilar is supposed to be again in command. He gave the American garrison at San Miquel, consisting of three companies of the Thirtyfifth infantry, with a Gatling, three hours' fighting, during a night attack. The loss of the insurgents in this engagement is not included in the foregoing total, as they removed their dead and wounded, but presumably it was considerable.

Twenty-two Filipinos in the province Santangas attacked Lieutenant Wende, who, with eight men, was scouting near San Jose. The lieutenant and five men were wounded, and one private was killed.

Seigeant Ledonius, of the Thirty-fifth infantry, was badly wounded in an Batch, of the Thirty-seventh infantry, with 70 men, had a five hours' fight governors was adopted. with 400 insurgents in the Nueva Cacoras district. Twenty of the insurgents were killed.

Colonel Smith's command captured 180 officers and men with Montenegro, Montenegro, who was formerly one of the most dapper officers in the Filipino army, looks worn and haggard. He says he led a terrible life for months, and he has offered to return to the north with Colonel Smith, to endeavor to persuade his former comrades of the uselessness of opposing the Americans.

One hundred escaped Spanish prisoners from the province of South Luzon have arrived at Manila. The insurgents have 400 more Spanish prisoners in that district. Recently the Filipinos destroyed several rods of the railroad line near Panique, in an unsuccessful attempt to wreck a train.

DAMAGE BY FOREST FIRES. Much Timber Destroyed and Probably

Winnipeg, Man., April 24.-Exaggerated reports of heavy loss of life by forest fires in the southeastern portion of the province are denied. A special train from the scene of the conflagration today brings news that much valuable wood and timber has been destroyed, but there has been no loss of

life. Another story says: "Fires along the southeastern region are still raging. The entrapped special train succeeded in breaking through the flames, and arrived this morning. Brought in with it were several stragglers, found in a desperate condition near Vassar. These fugitives lost everything. All tell thrilling stories

of escape from death. "Besides immense quantities of lumber and wood, two large lumbering outfits are known to be burned. The drivers and bushmen have scattered [in all directions, and out of 200 only about 30 are known to have reached a place of safety. The fatalities will not be known until the contractors can call the roll of their men. The total loss

is estimated at \$1,000,000." Not Afraid of English Law. Chicago, April 24.-Earl Russell, whose recent divorce in Nevada from the Countess Russell, and marriage immediately afterwards to Mrs. Mollie Cook, arrived in Chicago today, accompanied by his bride. Protest Against the Leasing of Public Arid Lands.

Salt Lake, April 23 .- Governor Lee, of South Dakota, and Governor Povnter, arrived today and took part in the proceedings of the governors of Western states, who have met to discuss subjects of interest to this section.

After a general discussion, the committee appointed to formulate resolutions against the leasing of public arid lands by the general government and demanding the cession of such lands to the several states should any change in the present system be made, reported the following, which were adopted: "Resolved, That the people of the states here represented are opposed ab-

It was thought Saturday the crisis was passed, but in many localities the rain is falling again with increased violence. Late reports to the weather bureau show that heavy precipitation has been general within the last 12 hours throughout the flooded country. It was estimated last Saturday that \$3,000,000 worth of private property had already been destroyed, and it is now thought probable this damage will be heavily increased. STRANGE TALE OF CRIME.

Rich Colorado Miner Charged With Murdering Four Men.

Chicago, April 25 .- A remarkable sequel to a series of alleged crimes in the Rocky mountain country has come to light here. The Chicago developments are told in an interview by Attorney William J. Candlish, of this city, in explanation of notices received by the Chicago police asking for the arrest of George H. Wright, alias James S. Weeks, alias C. T. Case, alias Mr. Stevens, a native of Michigan and a graduate of the law department of the university of Ann Arbor, charged with murdering four persons, three in Utah and one in Colorado, Attorney Candlish says he became acquainted with Wright because they, lived at the same Chicago hotel in July, 1897, and Wright engaged himto go West and gather evidence to defend him on the charge of having murdered a man named Crampton, near Guffy, Colo., in January, 1897. Wright then, it is alleged, under the name of Case, deeded to Candlish a bank building, a residence, two office buildings and numerous vacant lots in Cripple Park and Guffy, Colo., besides transferring to him all his stock in various mining enterprises. Candlish says Case left his office to return in an hour with \$200 as advance payment on Candlish's traveling expenses, and has not

returned to this day. The Chicago man interested in Case's mining properties sent Candlish West, however, and he examined the properties at Cripple Park and Guffy and was later made president of the Hub Hill Mining Company and of the Fines Mining Company and counsel for the Union Mining Company. Case has been president of the three com-

panies. Case told Candlish he was innocent of Cramptons' death and that the charge was an effort of enemies and business rivals to ruin him. A circular issued by Sheriff George A. Storrs, of Provo City, Utah, charges that Wright murdered three boys in Utah county, in February, 1895, and sank their bodies beneath the ice of Utah Lake, the alleged reason for the crime being that the boys claimed to have knowledge of Wright's guilt as a cattle thief. This explanation was, it is alleged, given to the Utah state board of pardons in the hearing for a pardon last April for the stepfather of the three boys who had been convicted of their murder and sentenced to be hanged, the witnesses before the pardon board being the divorced wife of the missing Wright, whose property and official po-

Home Government to Put a Stop to Wholesale Emigration. Washington, April 25 .- Information has reached Washington to the effect that the Japanese government itself, and without waiting a request from the United States, is about to take steps to restrict the immigration of Japanese coolies to the United States. It is asserted that the figures relative to this immigration have been magnified and that, as a matter of fact, there are now not more than about 15,000 or 16,000 Japanese within the limits of the United States, outcide of Hawaii. It is said that such emigration as has lately occurred has resulted entirely from the competition of the two great Japanese immigration societies; that the laborers have been practically brought here under the delusion that there were untold opportunities for work at great wages. The Japanese government is interested in protecting its people from hardships resulting from such impositions, and that is the reason it intends to establish restrictions upon the out-

ward flow. Ran Into an Open Switch.
