George A. Morse, an aged and absolutely helpless patient in the Agnew's insane asylum, at San Jose, Cal., was slowly boiled to death in a bath in the men's ward of that institution. He was placed in a bath tub, and after the hot water was turned on the attendant left the room for a towel, forgot his patient, and did not return until the imbecile was fearfully burned.

A serious fire is raging on Bull mountain. Railroad crew and Pompey's Pillar, on the north side of the Yellowstone river, Montana. It is extending east to the Mussel Shell river, and is sweeping the range like tinder, as everything is dry. A late report says that 20 head of horses belonging to Ramsey, of Billings, were burned. Vast flocks of sheep are in great danger.

During the last 13 years the population of Germany has increased 14 per cent, but the number of doctors in the German empire has increased no less than 56 per cent. If this ratio is kept up, any statistician can foresee the time when every German population doctor, and the whole German population, having no patients on whom to practice, will have to migrate to fields where physicians are a shade less common.

Gold hunters in Russia are governed by arbitrary laws, one of which compels them to turn over all gold they may find to the imperial treasury, which pays the miner at a standard rate. This law may seem tyrannical, but it has one inestimable advantage—so gold digger in Russia can tell extraordinary romances about the richness of his claim when the official figures are there to stop him.

BIG FIRE IN PRESCOTT

Losses Aggregate More Than \$1,000,000.

MANY HOMELESS AND PENNILESS

Principal Business Portion of the Town Destroyed—Merchants Ready for Business in Tents.

Prescott, Ariz., July 17.—A scene of great desolation and a feeling of deepest gloom pervades this town today. All that remains of the principal business portion of the town is tottering walls and piles of charred and burning debris.

The fire, which started at 10:45 o'clock last night, was not under control until 3 o'clock this morning, when the fighters went to the flames and blew up the buildings on the south side of Goodwin street, preventing the fire from crossing that street. The most conservative estimates of the total losses are from \$1,000,000 to \$1,500,000.

The burned district embraces five blocks, in which were located the principal mercantile houses, both banks, both telegraph offices, the three newspaper offices, four hotels, and every saloon and restaurant except one in the town, besides scores of private residences. To add to the prevailing gloom, a high wind has prevailed all day, sending smoke, dust and burning embers in every direction, requiring the greatest vigilance to prevent another outbreak of the flames. Owing to the chaotic condition existing today, it is impossible to obtain an accurate account of the loss or individual insurance. From interviews with insurance agents, the total insurance does not exceed \$350,000.

At daylight this morning teams were at work hauling lumber to the public plaza, and this evening it is covered with tents and temporary frame buildings. The occupants will be ready for business tomorrow. Both banks have secured temporary quarters and will be open tomorrow. The Bashford-Burmeister Company will be open for business tomorrow in their warehouse, two blocks from the plaza.

Hon. W. A. Clark, of the United Verde Copper Company, who was visiting the works at Jerome, wired a draft for \$500. All the sufferers from the fire are provided with food, shelter and clothing, and it is not thought any outside assistance will be required.

The only business houses remaining in the town are Goldwater Bros., A. Blumberg and Mrs. K. R. Blaine, dry goods; Joseph Dougherty, T. W. Otis and J. I. Gardner, grocers, and W. W. Ross and W. P. Covilland, drug stores. The express office and postoffice were both out of the fire limits, but the latter had a close call. All the mail and effects were ready to move at a moment's notice.

The office of the supervisor of census for the territory was located in the Prescott National Bank building, and contained all the official statistics of the census of the territory, but they were removed to a place of safety.

The Western Union opened its office this morning in a grocery store, and the Postal has opened an office at the railroad depot. The electric high poles and wires were in the burned district, and the town will be in darkness until they can be replaced. The company also owns the telephone system and loses more than half its instruments.

Many citizens who yesterday were comfortably fixed are today homeless and penniless, a number losing both their business places and their residences. An army of carpenters have been busy all day putting up temporary structures, many of which have been completed and will open for business tomorrow.

Of the three printing offices in town, all that was saved was about 80 copies of type by the Courier. The destruction of the others was complete. J. C. Martin, proprietor of the Journal-Miner, saved only his books. Included in his loss was a Mergenthaler Linotype, installed in the office only three months ago. The two papers have already made arrangements for continuing publication, although but little insurance was carried by either. Most of the heaviest losses will rebuild at once.

The origin of the fire was unknown until
