SOLDIERS FROM SOUTH AFRICA

**Americans Have Begun Construction of
Permanent Telegraph Between
Tien Tsin and Pekin.**

**London, Sept. 18.—In accordance
with the prediction of Sir Robert Hart
that there will be further hostilities
in China in November, the press un-
derstands that the British government
is already considering the transfer of
troops from South Africa to India in
order to make it practicable to send
more British troops to China. The
military authorities consider the war
in South Africa so far ended that
troops may now be safely moved.**

**It is possible that the Russian legation

viceroy of Chi Li, and Wang Yi Yung,
president of the imperial academy,
with 200 members of official families,

tered Pekin.**

HUSTLED BY A MOB.

**Ohio "Boxers" Forebly Expel Dowie
Teachers From the City.**

**Manassah, O., Sept. 18.—A mob to-
day drove Zion Elmer Ephraim Bas-
singer, of Bluffton, Ind., and two of
Dowie's converts here out of the city,
and thus broke the monotony of the
usual routine followed for the past four
Sundays.**

**Elder Bassinger was in the city yester-
day, held several meetings without
molestation, and had a number of con-
sultations with his attorney, A. A.
Douglas. He left last night, but re-
turned again today and was holding a
meeting at the home of E. H. Leiby,
when the officers went there and took
him to the depot, followed by a jeering
mob of several hundred. He was a
target for apples, tobacco quids, mis-
siles and kicks, as he was escorted to
the depot, and when he arrived there
was a pitiable sight. The passenger
train was missed by about two min-
utes, and while they were waiting for
the next train the mob went to the
home of E. H. Leiby and took him and
Frank Calver, both Zion followers,
and marched them to the depot. When
an express train arrived all three were
put on it and hustled out of the city.**

CLUBBED TO DEATH.

**Brutal Murder of a Portland Saloon-
Keeper—Motive Was Robbery**

**Portland, Or., Sept. 18.—A brutal
murder, followed by robbery, was com-
mitted at an early hour yesterday
morning in a saloon on the southwest
corner of Fourteenth and Marshall
streets, H. R. Diekel, the proprietor of
the place, being the victim.**

**Although the tragedy occurred about
2 o'clock, nothing was known of it un-
til nearly 4, when Partolman Wheeler,
on his regular rounds, was passing the
premises. He noticed that something
was amiss, and he proceeded to investi-
gate. On entering a little cardroom at
the rear, he found the body of the
murdered man in a corner, leaning
against the wall, where the murderers
had placed it after rifling the pockets
and helping themselves to the contents
of the safe, which it is thought
amounted to over \$250.**

New Burlington Line Opened.

**Denver, Colo., Sept. 18.—The first
train over the new branch of the Burling-
ton road from this city to Dead-
wood, S. D., left this city at 11:30 to-
night. The first train from the north
will complete its journey of 455 miles
at 11:30 tomorrow night. This new
route to the Black Hills country is al-
most due north from Denver, the main
line of the Burlington being left be-
hind at Brush, Colo. The road then
leads across Eastern Colorado and
Western Nebraska and into the Black
Hills.**

**The Russian government is investi-
gating the cost and probabilities of
quick delivery of 30,000,000 feet of
lumber from Puget Sound to Vladiv-
stock.**

Three Negroes Lynched.

**St. Louis, Sept. 17.—A special to
the Post-Dispatch from Memphis,
Tenn., says: A masked mob of be-
tween 60 and 100 men broke into the
jail at Tunica, Miss., early today and
took out three negroes, whom they
strung up to a tree within 100 yards of
the jail. Not a shot was fired. Each
negro had committed a murder. The
lynching is a climax of the intense
feeling against desperate negroes which
has been brewing in the neighborhood
of Tunica for months.**

Texas are the diamonds of the fairies.

**The "missing link" has again been
found, this time in Java, where Dr.
Dubois has unearthed certain fossil re-
mains of such an interesting character
that Prof. Haeckel, the celebrated Ger-
man biologist, has determined to go
there himself and investigate. Dr.
Dubois is firmly of the opinion that the
bones belong to a species intermediate
between the highest ape and prehistoric
man.**

NATIVE TROOPS.

**Question of Replacing Volunteer Troops
With Filipino Soldiers.**

**Manila, Sept. 17.—As the time ap-
proaches for the volunteers to leave
these islands and return to the United
States, in order that all may be must-
ered out there by June 30 next year,
the question of how to replace the de-
parting troops has brought the matter
of an armed native militia to general
notice.**

**For more than a year there has been
in the service of the United States a
detachment of native Macabee scouts,
and their work has in the main been
satisfactory. It is argued that other
native fighting organizations can be
used with as good a result as the Mac-
abee, especially if the authorities take
advantage of existing tribal hatreds
and jealousies in selecting native sol-
diers to operate against the Tagals.**

**In many of the village garrisons
throughout the islands, native inhabi-
tants are being employed as a local
police force to protect their own vil-
lages against depredation and attack from
robbers and other malefactors. These
local police are in some cases given
firearms and uniforms, and they have
at times done effective work in the
limited field of action allowed them,
namely the protection of their homes.**

**They have also been used in operations
against the insurgents, both in Luzon
and in the Southern islands. In Leyte
they did good work two months ago
when they helped eight American sol-
diers repel a persistent insurgent attack
upon their town, and two weeks ago,
near Lips, 20 native policemen went
out alone against 40 insurgents, seat-
tered the enemy, killing one, and re-
turned proudly to their town with two
of their number wounded.**

**These are the beginnings of what
must eventually come to pass in the
Philippines, namely the organization
and use of native soldiers to preserve
order in the country. Just how these
men will be organized and officered is
not yet decided; but Major Allen, of
the Forty-third regiment, on Samar
island, has lately been given permis-
sion by General MacArthur to organize
two companies of Visayans for use
against the insurgents, and Colonel
Kenyon, of the Thirty-fifth regiment,
now stationed in Cebu, has been
experimenting along the same lines
with Ilocanos from the northern
portion of Luzon island.**

**In December of last year, about 600
Ilocanos came to Colonel Kenyon, at
Cabanatuan, and asked to enlist under
the American flag. Colonel Kenyon
at once opened negotiations with the
company headquarters in Manila in the
matter, and June 1 he was granted per-
mission to enlist 50 Ilocanos as scouts.
During this enlistment of six months the
600 men were employed as far as pos-
sible as road builders, ration carriers
and guides. The success of this first
detachment in the service will prob-
ably soon lead to the enlistment of
other Ilocanos tribesmen.**

THE WRECKED CITY.

**Galveston Slowly Recovering From the
Terrible Blow.**

**Galveston, Sept. 17.—More than
2,000 dead bodies have been identified
and the estimate of Mayor Jones that
5,000 souls perished in Saturday's hur-
ricane does not appear to be magni-
fied. The city is being patrolled by
troops and a semblance of order is ap-
pearing.**

**Though the city appears pitifully
desolate, the authorities of the com-
mercial and industrial interests are
setting their faces to work, and a start
has at least been made toward the
resumption of business on a moderate
scale.**

**The presence of troops has had a
beneficial effect upon the criminal
classes, and the fear of a brief, but
desperate, reign of anarchy now no
longer exists. The saloons have at
least temporarily gone out of business,
and every strong-limbed man who has
not his own abode to look after is be-
ing pressed into service, so that first
of all the water service, which was re-
sumed, the gutters flushed and the
streets lighted.**

**The further the ruins are dug into
the greater becomes the increase in the
list of those who perished as their
houses tumbled about their heads. On
the lower beach yesterday a searching
party found a score of corpses within a
small area, going to show that the bul-
work of debris that lies straight across
the island conceals many more bodies
than have been accounted for.**

Fire at Port Huron.

**Port Huron, Mich., Sept. 17.—Fire
at noon today destroyed the entire
plants owned by the McCormac Mill-
ing Company, the Port Huron and
Northwestern Elevator Company and
D. McCormac & Company. The loss
will reach \$225,000, covered by insur-
ance. One hundred and fifty thousand
bushels of grain stored in the elevator
were destroyed.**

Buffalo Butchers' Strike.

**Buffalo, N. Y., Sept. 17.—Eight
hundred butchers employed in the
packing houses of the Jacob Dold Pack-
ing Company and Kinck's and Dan-
ahay's packing houses are on a strike,
owing to the refusal of the Dolds to
discharge two men who refused to pay
their dues to their union. Dold claims
to have 150 men at work today.**

Chinese Funds Confiscated.

**Pekin, Sept. 17.—The Russo-Chinese
bank, which, as announced yesterday,
closed here today, and removes to
Shanghai, will confiscate, as part of
the indemnity to be paid to Russia, the
imperial university fund of 5,000,000
taels deposited with it, against which
the Chinese drew for the payment of
their troops.**

**Pittsburg, Sept. 17.—The Carnegie
Steel Co. has given \$10,000 to the Gal-
veston relief fund.**

STRUCK IN EARNEST

**Coal Miners Out in the An-
thracite Region.**

MITCHELL SAYS 112,000 QUIT

**No Violence Has Thus Far Been Re-
ported—Strike Extends Over
a Large Territory.**

**Hazleton, Pa., Sept. 19.—The great
struggle between the anthracite coal
miners of Pennsylvania and their em-
ployers was begun today. Each side
is confident of winning, and neither
of the contending forces shows any dis-
position to yield. The contest thus far
has been devoid of any violence.**

**The exact number of men who struck
cannot at this time be told. Reports
received by the United Mineworkers'
officials from the entire anthracite re-
gion were to them most satisfactory.**

**In this territory, known as district No.
7, there are 16,000 men employed in
and about the mines. Of this number,
it is conservatively estimated that
about 50 per cent obeyed the order of
President Mitchell to quit work. Five
thousand of these belong to the colli-
eries which did not work at all, and
the remaining 8,000 to mines which
work short-handed. The district
south of this place, known as the
South Side, was tied up completely
with the exception of Coleraine, Beaver
Meadow and Carson's Washeries.**

**In this territory the United Mineworkers
are very strong. On the north side,
the Upper Lehigh, Minesville, Eberle
and Drifton No. 1 collieries, employ-
ing about 1,500, are shut down. The
mines at Lattimer and Pond Creek,
employing 1,200, are working full, but
every other mine in that big territory
is working with badly crippled forces.**

**Three of the Marple mines, over which
there has been so much contention,
worked all day with about 65 per cent
of the men. On the West Side every
colliery started up today minus**
