Nugent left with his pris oner tonight for New York.

Sepor Silvela, the premier, has made must have a powerful navy again.

NEW EMERGENCY RATION.

Experiment on Troops in Active Service

Fort Reno, O. T., Nov. 7 .- The board of officers detailed by the war department to find, if possible an emergency ration that will meet all the requirements of troops engaged in active warfare, while away from their base of supplies and in a hostile country, where provisions are scarce, lett here yesterday with a detachment of 25 men from troop A, Eighth Cavalry, for experimental purposes. The men will observe the same routine as if they were engaged in an active campaign against the enemy. The members of the board are: Captain W. Fountain, Eighth cavalry, and Captain 8. W. Foster, Fifth cavalry. Captain and Assistant Surgeon J. D. Poindexter, stationed at Fort Reno, accompanied the exepdition. A single ration is supposed to contain enough food to sustain a man a day, and in its package weighs

slightly more than a pound. The board has two different emergency rations, with which it will experiment. The first is a ration prepared by the board after an examination and analysis of the food preparations used in nearly all the European armies. The board's observations and conclusions are embodied in the ration which was manutactured under its supervision. The second is a ration produced by a company at Passaic, N.

J. The New Jersey ration consists of tes in place of chocolate, and a combination of meat and breadstuffs, compactly arranged. The board's own ration consists of two cakes of pure sweet chocolate, three cakes of a combination of meat and breadstuffs in compressed form, and small quantity of salt and pepper for seasoning. Cap ain Fountain, who is president of the board, said of the experiment:

"Our expedition will leave Fort Reno just as if it had been called suddenly away from its base of supplies to fight an enemy in an unknown and hostile country. The routine daily life will approximate as closely as possible the conditions of actual warfare. Five regular field rations and five of the board's emergency ration will be issued to each man at the start.

"For two days the men will live on

the regular army ration. On the third

day this field ration will be abandoned and the men put on the emergency ration, which will be their only food for five days. The test will be as rigorous as possible so far as food is concerned. The result will form the basis of the board's report to the war department. "At the end of the seventh day we

regular field rations, which will be enough to take them back to Fort Reno.

COLLISION AT SEA. The Cunard Liner Saxonia Cuts Down the Schooner Mary Mosquite

Queenstown, Nov. 7 .- The Cunaid liner Saxonia, Captain Pritchard, from Boston, October 27, which arrived here this morning, brought 15 members of the crew of the fishing schooner Mary Mosquito, which the Saxonia sank off Gloucester on the day of her departure from Boston. One member of the crew was drowned. The Cunarder was not

Dr. Bond, of Chelsea, Mass., one of the Saxonia's passengers, made the following statement regarding the acci-

dent: "We were proceeding at reduced speed in the tog and blowing the whisties about 6 P. M., when the lookout reported a suil ahead. The engines were stopped but the steamer's way carried her into the Mary Mosquito, making a big opening amidships and flooding the schooner. The Saxonia's crew worked vigorously and got out two boats. Into these 15 of the crew scambled and put off from the fastsinking vessel. Fortunately the sea was smooth. All the men are Portuguese. One of them unfortunately fell

into the sea was drowned." TWO MEN WERE KILLED.

An Accident in the Railroad Yards at The Dalles, The Dalles, Or., Nov. 7 .- A collision between freight train No. 21 and a R. & N. in this city at 3:15 this morn-

ing resulted in the death of John Methe company's employ. The freight train arriving from the East ran, as is its custom, onto the sidetrack at the foot of Jefferson street just as a switch engine with a caboose attached approached from the west. The engineer of the switch engine saw the freight, and judging it to be standing on the siding, ran ahead, striking the freight engine, which was still on the switch. MoVey and Nash were riding on the

Besides having one leg caught under sold out to a California company for the trucks, Nash was crushed about the body and died at 5 o'clock. Mc-Vey was terribly injured across the stomach, but lived four hours after being taken from under the engine. He was an unmarried man, 25 years of age, whose people are said to live in Oalkand, Cal. Nash was 40 years old, a native of Salem, Or., and had a wife and child in Portland. Both were highly thought of here and general favorites among their fellow-workmen. Both engines were considerably dam-

aged, although not wrecked.

Acquitted of Grain Fraud. Chicago, Nov. 7.—The jury before whom fileyd J. Smith was on trial last week, charged with irregularities in the management of grain elevators, re-ported a verdict of acquittal. Mrs. Smith, who has sat beside her husband small pieces at more than 10 times its the emphatical declaration that Spair during the trial, fainted as the clerk finished reading the verdict,
