Discussed at Cabinet Meeting

General MacArthur Has Mapped Out a Careful Plan of Campaign.

Washington, Nov. 12.—All the members of the cabinet except Secretaries Long and Wilson attended the meeting today. They remained in session until nearly 3 o'clock, and discussed the Chinese situation, as well as matters pertaining to Cuba, the Philippines and Porto Rico.

Two of the three hours that the session lasted were occupied in a discussion of foreign affairs, necessitated in part by the fact that the president intends to treat this subject exhaustively in his forthcoming message to congress. Reference was made to the expressions in portions of the European press that the United States policy regarding China would undergo a marked change after the election. It is authoritatively announced that, after an exhaustive review of every step of the Chinese difficulty, from its inception to the present moment, by Secretary Hay, the cabinet ratified every detail, and, moreover, unanimously expressed its judgment that the policy so far pursued should be continued without change to its logical conclusion. Accordingly, the present legislation enacted at Pekin will be maintained, and such troops as yet remain to be withdrawn, according to the original programme, will be shipped to Manila. With this addition to his force, General MacArthur is expected to renew the campaign against the rebellious Filipinos with the greatest energy. Administration officials here think that as soon as the result of the election becomes known throughout the Philippines, the resistance to the authority of the United States will be overcome.

GALE SPENDS ITS FORCE.

Heavy Winds on the Great Lakes Are Abating.

Chicago, Nov. 12.—Professor Cox, forecast official of the weather bureau, says the gale which broke on the lakes Wednesday night and proved to be the heaviest storm of the year, is abating.

On Lake Superior four comets were born from their steamers and three of them are still adrift or have gone ashore. The schooner Stafford was wrecked at Good Harbor, Mich., and may be a total loss. The schooner Maumee Valley was driven ashore near Port Colborne. Several large steamers were driven back to Chicago after being exposed to the gale for a few hours, and large boats were generally seeking shelter on Lakes Superior, Michigan and Huron.

The wind, which at many places attained a velocity of over 40 miles an hour, was accompanied by fine snow, and, with the bitter cold, made it hard work for the mariners.

Gale Wreathed Haven on Lake Erie.

Cleveland, O., Nov. 12.—The terrific storm on Lake Erie continued today with unabated fury. The captain of the passenger steamer City of Erie, which arrived early today from Buffalo, reports that he sighted the mast of a sunken vessel sticking out of the water about 25 miles off this port. The tug sent out to locate the supposed wreck returned to this harbor tonight. They reported finding the steamer Kaligula riding at anchor 30 miles out. They could find no trace of a wreck.

Fire in a Redding Mine.

Redding, Cal., Nov. 12.—A fire, the origin of which is attributed to chemical action, is burning in the Peck tunnel of the great iron mine. The drift has been closed and the 100 men employed there have been laid off. It is thought the fire can be confined to the place where it started. The ore is believed to be on fire, but an explosion is not anticipated. The demand of the men in this tunnel for an eight-hour shift recently precipitated a strike, which was ended by the miners acknowledging their defeat.

Buller in England.

London, Nov. 12.—General Sir Buller, on the Duquesne Castle, from Cape Town, reached the quay at Southampton last evening at 8:30. He was greeted by Lord Wolsey and his staff, as well as by an immense assembly of townspeople. At 9 o'clock he set down to the mayoral banquet, the first of a series of functions in his honor. After the banquet, he was compelled to appear and acknowledge from the balcony of the hotel a great demonstration, and great crowds pronounced in front of the hotel, serenading him and singing patriotic songs until a late hour.

Metal Workers' Strike Ended.

Pittsburg, Nov. 12.—Officials of the Amalgamated Association of Iron and Steelworkers announce the settlement of the strikes at the Riverside Iron Works of the National Tube Company and the Bessemer, Ala., plant of the Tennessee Iron, Steel & Railroad Company. The resumption of the two plants will give employment to 8,000 men.

Infected Trees Burned.

Atlanta, Ga., Nov. 12.—The department of entomology last night burned 80,000 trees from a Nashville nursery, which, it is alleged were infected with the San Jose scale. State Entomologist Scott left this morning for Woodbury to destroy 20,000 more trees which he has collected there.
