M. M. Davenport has about completed the west lateral of the Valley Improvement Co's ditch from F. W. Angus' place to Belmont church. Partics wanting water on this lateral should make application as soon as possible. This ditch when finished will hold 400 inches of water and will cover 600 acres

of land not reached by the main ditch. The gymnasium and reading room is at last an assured success. It was found impossible to raise enough money to buy a lot and erect a building, so with the consent of those who subscribed, the building will be placed just north of the U. B. church. The committee expects to get \$200 more than is already subscribed. A list of donors will be published soon. The work began last Monday, and will be pushed as rapidly as possible.

An American crossing Europe once bought a first-class stage ticket for a day's ride through a mountainous country. After several hours' riding he thought it very foolish to have bought a first-class ticket when all passengers apparently fared alike. So he asked the driver what he got that the second and third class passengers did not. The driver assured him that his value would appear before the end of the journey. He saw the point when, just after dinner, at the foot of a seven-mile hill, the driver announced: "First-class passengers, keep your seats; second class, get out and walk; third class, get out and
