

## Hood River Glacier.

FRIDAY, MARCH 8, 1901.

Governor Geer vetoed the Portland charter bill passed by the legislature. The revised charter placed the police and fire departments under one commission with two democrats and one republican as commissioners. The reason given by the governor for his veto is that a law has been enacted creating a commission of prominent citizens of Portland to frame a charter to be submitted to the people about a year hence. He says that in view of this provision it is not advisable to change the charter now and thus create business disturbance and uncertainty in public affairs. The democrats who voted for Senator Mitchell in exchange for this concession to their party in Portland, along with their supporters throughout the state are greatly chagrined at the governor for upsetting their plans. Their republican opponents got their choice for senator, but they got left. See transit glaci nundi.

The United States now stand at the head of the world's exporting nations. The total exports of domestic merchandise from the United States in the calendar year 1900 were \$1,453,013,659; those from the United Kingdom, which has heretofore led in the race for this distinction, were \$1,418,348,000, those from Germany \$1,050,611,000, and those from France \$787,000,000. A quarter of a century ago the United States stood fourth on the list of exporting nations.

### District School Elections.

In the town district Hon. T. R. Coon was elected director to serve three years and Geo. T. Prather, clerk. Clerk Henry's report showed 388 children of school age in the district, against 301 last year. Inquiry by Hon. E. L. Smith brought out the fact that the majority of the 71 pupils. Mr. Smith thought it unfair that 71 little children had to be crowded into one room; the children in the first grade had as much right, he said, to fresh air and attention as the more advanced pupils and he hoped some arrangement could be made to give them what is their due. Director Evans said the board had labored with the proposition to provide for the primary department during the present school year, and part of the time had employed an extra teacher. The board was handicapped, however, by a shortage of funds. The clerk's report of the financial condition of the district showed it to be deep in debt. That it was last year, but the healthy increase of school population to draw school money will help out some this year.

Franklin school district, No. 2, met for annual election Monday, March 4th, at 2 p. m. M. R. Noble was elected to serve three years as director and M. H. Nickelson was re-elected clerk for another year. The clerk's report showed 172 pupils of school age in the district, and including 18 pupils of the subscription school at Nicolai, there were 192 enrolled. Number of days attendance, 8,878. Receipts from all sources \$115,177; expenditures \$112,651; balance on hand, \$2,426. The district voted to build a school house not to exceed \$500 in cost, for house, furniture and land, for the benefit of pupils in the west end of the district, the location of the school house to be decided upon by the directors. C. L. Gilbert, our county superintendent, was present and among other good things to say were some well chosen words of commendation of the manner in which the business of the district has been handled during the past 10 or 11 years. He was heartily applauded and it is to be hoped that those interested will take a tumble to themselves and make an effort to bring about a better condition of things at Franklin.

Barrett district, No. 4, at their election Monday, elected C. L. Copple director to serve for three years, and P. D. Hinrichs was re-elected clerk for another year, making 4 or 5 years in succession for him in that position. There were 120 pupils of school age in the district, 90 enrolled and something over 600 days attendance. There were 65 legal voters in the district. With a 20 mill tax they received from all sources, in round numbers, \$186,000; expended, \$112,000; balance on hand, \$74,000.

In Crapper district, Geo. A. McCurdy was elected director to serve three years and J. I. Miller re-elected clerk. The district has \$38 in the library fund.

In Pine Grove district, Chas. Sprout was elected director to serve three years and J. H. Peak re-elected clerk. The school will be continued two months with the same able corps of teachers.

In Mt. Hood district, Thos. Lawford was elected director for the term of three years and W. H. Edick clerk. The board desires to have the school house painted and a porch erected with necessary things.

### Mount Hood Notes.

Hon David Wishart has ordered through the Liberty Department Store, 270 pounds of clover seed and as soon as the ground is in suitable condition will seed some of his valuable wheat land to clover.

Several new residences are contemplated this season. Among those are H. H. Mayers, H. H. Tomlinson and Thos. Lawford.

We understand that J. R. Bird, the logger, has taken another contract and will open up in the spring with a large crew.

Chas. Helmer, with the assistance of John Fredenburg took to the station last Saturday a load of apples (50 boxes) for shipment to Seattle.

John H. Fredenburg leaves next Sunday, March 10th, for Ilwaco, Wash., where he will operate fish traps this season. John is an expert trap man and commands good wages on Baker's bay.

We understand that our old friend and neighbor Geo. Wishart has traded his 80 acre tract for an 80 belonging to his father and that he will make Mount Hood his permanent home again.

### Apples in Oregon.

Henry Dosh, secretary of the state board of horticulture, gives the total acreage in apple orchards in Oregon at 16,500 acres.

placed the trees 40 x 30 feet apart, at the latter distance there would only be 36 trees per acre, and the total number would be 599,000.—La Grande Observer.

### Your Face

Shows the state of your feelings and the state of your health as well. Impure blood makes itself apparent in a pale and sallow complexion, Pimples and Skin Eruptions. If you are feeling weak and worn out, and do not have a healthy appearance, you should try Acker's Blood Elixir. It cures all blood diseases, where cheap sarsaparillas and so-called purifiers fail; knowing this, we sell every bottle on a positive guarantee. Williams & Brosius.

A six-year-old boy died in a New York hospital, Feb. 24th, from the effects of swallowing a toy dime savings bank.

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little tablet will give immediate relief or money refunded. 25c and 50c. Williams & Brosius.

Carrie Nation will sue the inventor of the "Carrie Nation cocktail," which is a favorite beverage in New York saloons. Carrie wants \$10,000 damages for the illegal use of her name.

Moki Tea positively cures sick headache, indigestion and constipation. A delightful herb drink. Removes all eruptions of the skin, producing a perfect complexion, or money refunded. 25c and 50c. Williams & Brosius.

There was a butter famine in Golden-ale this week. But as eggs are 10c a doz. and axle grease is cheap, the people are doing fairly well, says the Sentinel.

Experience is the best teacher. Use Acker's English Remedy in any case of colds, coughs or croup. Should it fail to give immediate relief money refunded. 25c and 50c. Williams & Brosius.

Eastern railroads have made a rate of one fare for the round trip to the Buffalo expedition.

When you are bilious, use those famous little pills known as DeWitt's Little Early Risers to cleanse the liver and bowels. They never gripe. Chas. N. Clarke.

Although our lands are rich, an application of land plaster increases the crop of clover to an amount which repays several times the cost of the plaster, while on some lands it is almost impossible to get a satisfactory crop of clover without the aid of land plaster. The time to apply the land plaster is in the spring before the rains cease.—Rural Northwest.

See that you get the original DeWitt's Witch Hazel Salve when you ask for it. The genuine is a certain cure for piles, sores and skin diseases. Chas. N. Clarke.

If the farm is paid for, don't put a mortgage on it or on your personal property unless dire necessity compels it. Don't overreach. That is what a mortgage usually means. The work, worry and sense of obligation which a mortgage carries until it is paid don't pay. It takes more happiness out of farm life than the increased gains usually bring. Pay as you go and enjoy life.—Inland Empire.

Their promptness and their pleasant effects make DeWitt's Little Early Risers most popular little pills wherever they are known. They are simply perfect for liver and bowel troubles. Chas. N. Clarke.

Assessor John R. Rankin of Klickitat county, Washington, has appointed J. P. Eagan a deputy assessor for White Salmon district.

The lingering cough following grip calls for One Minute Cough Cure. For all throat and lung troubles this is the only harmless remedy that gives immediate results. It prevents complications. Chas. N. Clarke.

Work on the construction contract of the Cascade locks was finished last week and about 30 men were thrown out of employment. We understand that most of the men have to seek work elsewhere. As they are mostly men with families it will make quite a difference in the population of Cascade Locks. It is estimated that it will yet take something like \$500,000 to complete the works, which amount congress has not yet appropriated.—Skamania Pioneer.

Counterfeits of DeWitt's Witch Hazel Salve are liable to cause blood poisoning. Leave them alone. The original has the name DeWitt's upon the box and wrapper. It is a harmless and healing salve for skin diseases. Unequalled for piles. Chas. N. Clarke, Glacior Pharmacy.

A Detroit millionaire who last fall became alarmed lest Bryan should be elected, deposited \$900,000 in Canadian banks and when he died not long ago his heirs found they would have to pay \$45,250 in inheritance tax to the Ontario government.

Like Oliver Twist, children ask for more when given One Minute Cough Cure. It quickly cures all coughs and colds and every throat and lung trouble. It is specific for grip and asthma and has long been a well known remedy for whooping cough. Chas. N. Clarke, Glacior Pharmacy.

Ripe wild strawberries were picked and brought to the Eugene Register office Feb. 27th.

The stomach controls the situation. Those who are hearty and strong are those who can eat and digest plenty of food. Kodol Dyspepsia Cure digests what you eat and allows you to eat all the good food you want. If you suffer from indigestion, heart burn, belching or any other stomach trouble, this preparation can't help but do you good. It is a specific for grip and asthma and has long been a well known remedy for whooping cough. Chas. N. Clarke, Glacior Pharmacy.

Prof. Iverson of Lonsconing, Md., suffered terribly from neuralgia of the stomach and indigestion for 13 years, and after the doctors failed to cure him they fled him in morning. A friend advised him to try Kodol Dyspepsia Cure and after taking a few bottles of it he says, "It has cured me entirely. I can't say too much for Kodol Dyspepsia Cure. It digests what you eat." Chas. N. Clarke, Glacior Pharmacy.

Sheriff Kelly tells a pathetic story of Mrs. H. H. Winsor, of Mosier, who he and Mrs. Kelly took to the insane asylum Sunday. Mrs. Winsor was told that she was to be taken to the Salem hospital and the poor woman was elated with the prospect that when Mr. and Mrs. Kelly called for her at the Umattila house, at 3 o'clock in the morning, she was already dressed and ready for the road. On the way to Salem she sprang from her new home like a child, and when she was driven up in front of the big asylum building and read the sign over the entrance, "State Hospital," she went into an ecstasy of delight. Then taking Mr. and Mrs. Kelly by the hand she thanked them for bringing her there, and bade them an affectionate good bye.—Dalles Chronicle.

There are occasions in a man's life where it really takes more courage to keep out of a fight than to get into one. The beautiful man and the concealed fellow are really very much alike. They both think too much of themselves.

## Strikes a Rich Find.

"I was troubled for several years with chronic indigestion and nervous debility," writes F. J. Green of Lancaster, N. H. "No remedy helped me until I began using Electric Bitters, which did me more good than all the medicines I ever used. They have also kept my wife in excellent health for years. She says Electric Bitters are just splendid for female troubles; that they are a grand tonic and invigorator for weak, run down women. No other medicine can take its place in our family." Try them. Only 50c. Satisfaction guaranteed by Chas. N. Clarke.

Summons.

In the Circuit Court for the State of Oregon, in the County of Wasco.

Charles A. Lane, plaintiff, vs. Viola E. Lane, defendant.

To Viola E. Lane, the above named defendant: In the name of the State of Oregon, you are hereby notified and warned that the complaint filed against you in the above entitled suit and Court on or before

Friday, the 23rd day of March, A. D. 1901, being the last day prescribed in the order for publication of said summons, where in it was ordered that said publication be made once a week for six consecutive weeks, and for seven insertions, in the Hood River Glacior, a newspaper of general circulation, published weekly in the Town of Hood River, in the County of Wasco, State of Oregon, and that you appear and answer said complaint, for want thereof, the plaintiff will take judgment against you, and that said judgment be a decree of divorce and that you be committed to the penitentiary for the term of six months.

The service of this summons is therefore made upon you by publication in the above entitled newspaper, and you are hereby notified and warned that you appear and answer said complaint, for want thereof, the plaintiff will take judgment against you, and that said judgment be a decree of divorce and that you be committed to the penitentiary for the term of six months.
