Peach trees are in bloom. Strawberries are in bloom. Next Monday is All Fools' day. Ed Miller of Viento was a visitor in Hood River last week. J. I. Miller bought 40 acres of T. R. Coon in Pole flat last week.

The ladies' aid of the Congregational church will meet at the parlour this week. Mr. and Mrs. Frank Noble of White Salmon spent Sunday with Mr. and Mrs. Joe Purser. If you like stove polish that saves elbow grease, call for Mason's Challenge stove polish at Savage's.

O. D. Rea has purchased the D. H. Cough piece of six acres on Indian creek, for which he paid \$1,300. Prof. Barnes' school at Frankton closed last Friday. Miss Brown's room will continue for another month. Miss Minnie Brewin is still in a Portland sanitarium but is gaining in health and hopes are entertained for her complete recovery.

Mrs. J. L. Henderson, who has been in the Good Samaritan hospital in Portland undergoing treatment, is regaining her health and is expected home in a few days. Mrs. M. E. Harwood has been having a serious time with inflammatory rheumatism and is still quite ill. Her son, Burgess Duncan, came up from Portland last week.

Mrs. M. A. Scobee accompanied Mrs. Benjamin and relatives to the funeral Tuesday. Quite a large delegation of the local lodge of workmen escorted the remains to the depot. Mrs. Lulu Hornung arrived in Hood River from Kansas City, last Saturday, and will make an extended visit with her parents and other relatives. She left Kansas in a snow storm.

Sears & Porter, the most successful orchardists in Hood River valley, and who have large orchards on the East Side, believe it is highly profitable to spray in winter time. They give their trees a spraying of lime, sulphur and salt, and during the bearing season use the arsenic spray, with plenty of lime, for the codlin moth. It is hard to find a worthy apple in their orchards. Mr. Sears appeared to close pruning and believes in letting nature take its course in the formation of the tree after it has been shaped at the time of planting. He says the more a tree is pruned the more it is liable to the codlin moth, and instances the Spitzenburg tree, which is of sparse foliage, and the fruit being exposed is an easy mark for the codlin moth. It is a well-known fact that the Spitzenburg apple is very susceptible to the attacks of the codlin moth. From 2 1/2 acres, containing 287 Ben Hayes trees, Sears & Porter last year gathered and packed 1,414 boxes of apples—36 four-tier standard boxes, and the balance four-tier Oregon boxes. One hundred of these trees were four years old and 197 five years old. From 5 Halden trees, seven years old, they picked 104 boxes of marketable apples.

Prof. Barnes, while riding his wheel to school at Frankton, one day last week, fell into Phelps creek and took an involuntary bath. Riding along, feeling at peace with the world and "all the rest of mankind," and thinking of the prospective rush in the real estate business, he espied a rock on the bridge that seemed to warn him not to strike it, but strike it he did, with his wheel, and the rock retaliated by throwing the rider full length into the cold waters of the creek. The professor leapt expert wheelman and of course wouldn't like the story of his mishap to get out, so don't mention it.

A very pleasant birthday party was celebrated at the residence of Mrs. A. Mayes last Friday, the 23d, her 61st birthday. An elaborate dinner was served. Those present were: Mrs. A. Mayes, Mrs. C. T. Bonney, Mr. and Mrs. Ed Mayes, Charles Tempel, Miss Emma Bonney, Joe Mayes, Mrs. L. Geo. Mayes, Miss Maudie Geo, Masters Frank and Freddie Geo, Misses Vera and Ollie Mayes and Master Rex Bonney. All report a good time and plenty to eat.

The ladies' aid society of the M. E. church will give an international social at the home of Mrs. T. H. Clark on Friday evening of this week, March 29th. Reed; piano duet, Mrs. Jayne and Vera Jackson; instrumental solo, Pearl Bradley; music, orchestra. All are cordially invited to attend.

It will be well for all interested to read the notice given by the health and police committee of the common council of the city of Portland, Oregon, regarding the removal of the streets. Many of our citizens have raked their lawns and burned the rubbish and all ought to be interested in beautifying their surroundings. The present committee on health means business and we believe will see that the streets are kept free from old broken down vehicles and rubbish of all kinds.

Rev. Samuel Green of Seattle, Wash., who is superintendent of Sunday schools in Washington, effected the organization of Bethel Congregational church at White Salmon on Sunday, the 17th inst. The sum of \$300 will be secured from the Congregational church building society, which will be used to remodel and complete the building, when an effort will be made to secure a minister for White Salmon, Lyle and adjacent points.

F. C. Doremus of Tekoa, Wash., brother-in-law to J. J. Luckey of Hood River, failed to receive the sum awarded him by the circuit court for damages sustained in a railroad smashup several weeks ago, and by which he was made a physical wreck. The case was carried to the supreme court by the O. R. & N. Co., and the decision of the lower court reversed. The friends of Mr. Doremus in Hood River will regret to learn of his failure to get justice at the hands of the courts.

Hon. E. L. Smith went to La Grande, last Friday, to attend a meeting of fruit growers at that place on Saturday. He returned home Sunday. A stone fruit warehouse, capable of holding 70,000 bushels of apples, will be built in La Grande the coming summer. A Montana commission man in partnership with a citizen of La Grande, will build the warehouse. Rates for storage of apples will be about 4 cents a box after receiving.

Two cripples—one with one leg, the other with one arm—have been begging about town during the week. Marshall Olinger learned of their having pennies washed with some kind of solution that would make them look like dimes, but in capturing two of the pennies, nothing was done with the cripples. They claimed not to know where they received the pennies. Editor Joe Brant of the Independence West Side, with his wife, son Russell and daughter, is visiting in Hood River. Mr. Brant's soldier son who lately returned from the Philippines, took his father's place in the office and gave the latter a day off. The Barrett school closed last Friday. At the closing exercises there were 48 visitors. The teachers, Prof. C. G. Moore and Miss Cora Cople, are highly commended by the patrons of the school. Prof. Moore expects to go to Eastern Oregon in a few days.

Lost—Between J. R. Rand's place, on the East Side, and town a woman's gray wool shawl. Finder will confer a favor by leaving it at the Glacier office. W. G. Clelland's farm of 80 acres on the East Side was recently bought by Earlmond and J. S. Harrison. Mr. Boardman getting 40 acres of partly improved land and Mr. Harrison the same amount of land under cultivation. The cultivated land will be held by Campbell and Harrison, and a lease given by W. G. Clelland. Mr. Boardman will get about 25 acres of his purchase under the lease and will plant several acres to apple trees.

Monday, while Henry Hennig was driving a horse team and empty wagon, a dog which was chasing birds on the cliff above the road, struck the horse and frightened them almost to the point of running away. The dog struck the horse and frightened them almost to the point of running away. The dog struck the horse and frightened them almost to the point of running away.

C. L. Rogers bought 1,000 boxes of apples at Mt. Hood last week. Have you seen the Canton orchard cultivator at Davidson Fruit Co.? It does the work and the price is so low that it affords to do without it. C. Brenner and family of Pennsylvania left on the boat Wednesday morning for Portland, after a week's visit with J. S. Harrison. They have come to make their home on the coast, and will live in Seattle while looking for a location. Mrs. Brenner is a sister to J. F. Armour, Mrs. Armour and daughter accompanied her to Hood River.

With Captain Lukes as driver, the party left for the coast on the boat. Much to the disappointment of all Mt. Hood was veiled in heavy clouds and did not show up to all its beauty. It would have done so on a clear day.

Miss Shattuck and Miss McDonald returned to Portland last Saturday. Master David Loring and his nurse Miss Robina Mutch returned to Portland last Saturday after a six day trip, was greatly improved by his stay in Hood River. Mrs. Joseph Meiner returned home last Thursday morning. Mrs. Meiner has been away three months visiting her children. Henry Meiner and son have been troubled with a big boil on his neck for over a month, was obliged to lay off from work a few days last week.

The Junior League deserve much credit for the way in which they entertained the people of Hood River last Friday evening. The Junior's first attempt with a literary programme, and every one was well repaid for coming out in the rain to hear them. The Junior League have some very bright and promising boys and girls who are capable of doing excellent work along this line. The Davidson Fruit Co. has purchased a lot of strawberry plants and will supply limited quantities to local growers at a low price. See them at once, as the supply is limited.
