

Hood River Glacier

FRIDAY, APRIL 12, 1901.

BRIEF LOCAL MATTERS.

Urah Heep cigars. Trout flies at Coe's. Fishing tackle at Coe's. Barbed wire at Savage's.

Early Rose potatoes for seed at Bone & McDonald's. A new stock of groceries just arrived at McCarty's.

Planer J. tools, Oliver plows and repairs at Savage's. For the best looking shoe in town go to Bone & McDonald.

For Sale—A new 3 1/2 Schuttler wagon; also cedar posts, by Geo. T. Prather. When you buy get a gelz shoe; they will make your feet glad. For sale at Raod's.

When you want a good shoe, buy the 'Urah Heep' cigar. For sale by all dealers. If you buy your farm machinery before calling on Savage you will probably regret it.

Note the Price—Stone jars, stone churns, bean crocks at 15c per gallon, at J. E. Raod's. A small lot of very nice beef cattle received this week to be butchered for Reciprocity Corner.

We have plenty of money to loan on first class real estate for long term. Prather & Barnes. We are closing out our stock of Planet Jr goods. Get some of them before they are all gone, at Raod's.

If your watch should stop, Chas. Riggs, the jeweler, will charge you nothing for an accurate diagnosis. Rebate checks entitling purchaser to 5 per cent in trade, given with all cash purchases at Reciprocity Corner.

Cabbage, cauliflower, rhubarb, asparagus, radishes, green onions, oranges, bananas and lemons at Reciprocity Corner. Dr. F. C. Brosius has removed to his new residence at the west end of Oak street, midway between the school house and armory, and can be found in his office over Williams & Brosius' drug store between the hours of 10-11 a. m., 2-3 and 6-7 p. m.

The Hood River Lumbering company gives notice in another column that they will be ready to operate their splash dam on and after tomorrow. This dam is located at John Buskirk's place, on the west fork of Hood river, and has been in course of construction since September last. At the point where the dam is located the river is 97 feet wide between high stone walls of the canyon. Backwater will cover 800 feet in width. The gates of the dam are constructed so that any amount of water may be let out at a time. Capt. A. Williams claims that the company can send down 25,000,000 feet of logs in three months to the mouth of Hood river. If this splash dam does one-half that is claimed for it will furnish plenty of logs for the mills below and revolutionize the saw mill business in Hood River.

Memorial services in memory of comrades A. K. Isenberg and Daniel H. Clough will be held by Carby post, G. A. R., in their post rooms at 8 o'clock April 13th. M. P. Isenberg, A. H. Jewett, C. J. Hayes and J. W. Rigby will give short addresses. Fred Bailey will act as drummer. Music, vocal and instrumental, will be rendered. Mrs. Louise Goddard will give a reading from Sir Edwin Arnold's 'Light of Asia.' The Relief Corps will assist the post in these services. Mrs. Anna Flagg acting as chaplain. The public and friends of the deceased comrades are invited.

H. F. Davidson is setting out 15 acres of strawberries on his land opposite Blocher's. H. A. Tawney has the contract for setting. With the rows marked out, he is to drop the plants. Mr. Tawney set 15,000 plants a day by hand for the first three days. He gave out at this rate and is now using a planter and sets about 12,000 a day. With 20 acres in strawberries on Dr. Adams' place, and 14 acres on Dr. Peckler's, this season will make 50 acres of berries for the Davidson Fruit Co.

H. Hamilton Abbott, general freight and passenger agent for the Canadian Pacific, came up from Portland last Saturday. Mr. Abbott is convalescing from a very severe attack of pneumonia, and at the advice of his physician has come to Hood River, for a few weeks, to regain his health. He thinks Hood River a beautiful place and says there is a tonic in the air that ought to brace one up in a short time.

Cook & Co. were the lowest bidders on the Masonic building, bids for the building of which were opened last Friday. There were eleven bids, the highest being \$7,500 and the lowest \$6,500. The committee, reserving the right to reject all bids, have not yet given the contract. The lowest bid was about \$1,800 above the amount the committee consider they can afford to give.

Easter Sunday was a beautiful day in Hood River. The churches were filled. Sunday evening the U. B. church was crowded to witness the sacred concert given by the orchestra. The music rendered was enjoyed by all. A count was made of the audience as it filed out of the church and it was found there were 313 persons in attendance.

Judge L. Henry was laid up in bed all of last week with rheumatism and a complication of troubles caused by too much patriotism in his youth, when he laid out in the trenches and fought and bled for his country on many a sanguinary field. But he is getting better and hopes to be out on the streets again in a few days.

We know of a block of land in Hood River, eight lots of rich soil, good two story building, thrifty young orchard of cherry and peach trees, and about four lots set to strawberries, that can be purchased for \$3,000. The income from the fruit on the place will keep a good sized family.

G. W. Parson's team ran away last Saturday. Something about the harness gave way, the tongue of the wagon fell down, and the team ran some distance down the hill from Mart Kand's place when the boy driver was thrown out and escaped without injury. The glacier is informed that the item in last week's issue in regard to L. D. Blount, Judge Gunning and a boy making nearly a full hand at grubbing was not altogether accurate. Blount himself, it is said, makes a full hand three times a day at the grub.

The third of the series of teas given by the ladies aid society of the Congregational church occurred Friday, April 6th, at the beautiful home of Mrs. H. Ferguson. Though the afternoon was stormy, a large number was present to enjoy the entertaining programme which had been arranged by Mrs. Canfield. The programme consisted of solos by Mrs. Truman Butler, Mrs. A. A. Jayne and Geneva Goddard; reading the minutes of the last meeting by Mrs. Chas. Castner, which had been written by Mrs. H. C. Bateman; instrumental solo, Miss Blanche Blowers; selections, by Mrs. Louise Boyden-Goddard and instrumental duet by Mesdames Ferguson and Canfield. Delicious coffee and cake was served. These gatherings are growing more popular each month, and the ladies hope that as the weather becomes more settled, more gentlemen will find it convenient to drop in and take a social cup of tea.

Marshal Olinger caused the arrest of Jas. E. Hanna, Wednesday, for throwing rubbish in the streets. He appeared before Recorder Nickelson at 10 o'clock, and the trial was set for 5 o'clock; but at that hour the marshal, finding he didn't have a good case against Mr. Hanna, failed to appear and the case was dismissed. Marshal Olinger is making an effort to enforce the ordinance in regard to throwing rubbish in the streets, and he should have the assistance of all citizens. It is a pity that his first case was not against some old offender. We should all take more pride in keeping our streets clean. The man who makes a habit of opening his mail as he walks through the streets from the post office, and scatters envelopes and wrappers to the four winds, already has an ordinance to fit his case if there is nothing in the ordinance already ready enacted for the punishment of such a vandal.

Henry T. Williams of Colorado Springs is in Hood River looking over the valley with a view to making a purchase of land for an apple orchard and for vegetables. Mr. Williams has extensive apple and peach orchards on the Arkansas river, 40 miles below Ft. Sumner. He says they can grow none but better apples in that climate, but the growers realized about \$1 a box for their summer apples last year. It is a great peach country, and the best fruit is raised at a time when they are out of season at his other farms.

M. A. Cook has a contract for moving Chas. N. Clarke's drug store over and adjoining Mrs. Mathews' millinery store. S. E. Bartmess bought 6 x 100 feet of ground from J. H. Middleton, and the occupants of the lot at a time when they have the drug store moved. This will reduce the insurance on the block from 10 per cent to 5.75, and make a saving of insurance in a year of \$800.00.

Construction of the gymnasium hall in the rear of the U. B. church is progressing under the able supervision of our Board members and Rev. H. C. Shaffer. These two men are at work early and late, and their industry and perseverance deserve the realization of their fondest hopes in regard to the edifice they are building. We learn that a new real estate and brokerage firm will open their office in Hood River; they are A. Jayne and M. P. Isenberg will form a partnership for this purpose. They are both competent men in this line, and both have had experience that will be of great service to them if they open up in Hood River.

Pupils of the 8th and 9th grades of the public school are having a vacation while the principal, Prof. C. D. Thompson, is in attendance at the teachers' examination at The Dalles as one of the board of examiners. John Dark and Ed Sweetland came in from McCoy Creek mines last Saturday. They brought along with them two specimens of the quartz lead they struck, and which have been sent to Portland for assay.

Elder J. B. Lister of Eugene, state evangelist and secretary of the Christian mission society, will speak in the Valley Christian church, Thursday evening, April 12th. All are cordially invited to attend. The steamer Iralda will go on the route again between The Dalles and Cascades, commencing next Monday. Passing Hood River at 8:30, the boat will arrive at The Dalles at 10:30 and return at 3.

The Glacier is indebted to W. G. Clelland of Sacramento, Cal., for copies of the Sacramento Union of September 22, 1854, and the Sacramento Age of July 16, 1857. They contain no late news. Hon. E. L. Smith was in Portland the first part of the week in attendance at a meeting of the state board of horticulture, and attending to business for the Pan-American exposition. Mr. Knapp and family of Portland came up Wednesday and went out to John Kroger's place on the East Side, where they will rusticate for the benefit of Mr. Knapp's health.

F. E. Jackson has put up a store room on his lot adjoining McGing's market that will be occupied by John Bradley as headquarters for his peanut and popcorn roaster. P. F. Fouts returned from his ranch at Mt. Hood on Monday. He reports a fine prospect for apples in that famous apple country. J. D. McCully and daughter Eula of Joseph, Ore., are guests of Dr. and Mrs. Shaw. Miss Virginia Marden of The Dalles is the guest of Miss Anna Smith. Harry Kemp started for Colorado on Monday. Have you joined the Bufaloes? The roads are dry and dusty. There are 29 applicants for teachers' certificates at the examination at The Dalles. Giving 'cuts' is a mean pleasure and evidences a mean disposition. The man or woman who 'cuts even' with another by outdoing him or her in 'giving cuts' loses more than he or she gains. And the one who always gives 'cuts' and little, insinuating, or rasping 'snubs' must not think hard of others if he has no friends. No sensible, well-tempered man or woman can take pleasure in being in the company of one who is everlastingly 'combing them down' or giving them a jolt. Who likes to rub up against a porcupine, or can feel comfortable in the vicinity of a hornet's nest? Who?—Dayton (O.) Telescope.
