The Jackson boat received a finishing coat of paint this week.  
Miss Pearl Bradley is spending the summer with relatives at Dilley.  
Miss Ethel Woodworth returned last week from an extended trip to Baker City.  
C. A. Shurtle, the enterprising Arlington merchant, was in Hood River last Monday.  
T. E. Armstrong, representing the Hazelwood Cream Co. of Portland, was in Hood River Monday.  
Frank Davenport recently refused an offer of \$100 an acre for a 20-acre front on the John Simpson place.  
Mr. and Mrs. H. H. Holmes and daughter Gertrude of Portland are rusticated at their summer home on Lyman Smith avenue.

Lee Morse has rented the house on his place formerly occupied by Henry Howe and family to Mrs. Ellington and family of Portland who are here for Mrs. Ellington's health.  
W. J. Baker will have five or six tons of Bartlett pears which he will dispose of at the cannery. Next year, if his orchard does not suffer from frost, he ought to have 50 tons or more.  
H. Bigelow, state deputy for the Ancient Order of the Red Cross, assisted by H. H. Tilton, has so far secured 82 applications for membership in the new lodge here. He expects to secure 100 names before organization.

R. C. Judson and wife, accompanied by his son F. W. Judson and wife of Omaha, came up from Portland Monday and all, excepting Mrs. R. C. Judson, went to Cloud Cap Inn the same day, returning Tuesday to Portland.  
Dr. John F. Chandler and Miss Mary Chandler, arrived here Monday night from Missouri. For the past two weeks they have been touring in California. Dr. Chandler is a physician at Forest City, Mo.

Mrs. M. M. Fowl has secured the exclusive agency for the famous Hazelwood ice cream. The Hazelwood ice cream is entirely free from glucose and other adulterated ingredients, is manufactured from pure, sweet cream, and is extensively known from the Pacific coast to the Mississippi river. The company has factories in Portland, Spokane and Sioux City, the factory at the latter place being the largest in the world, with a 5,000 gallon daily capacity. Mrs. Fowl will have her first consignment of this ice cream on hand Saturday. A trial will be convincing of its merits.

Uncle Oliver Bartness, aged 82, went to Cloud Cap Inn, Thursday of last week. Accommodations at the Inn were overcrowded and Uncle Oliver had to spend the night in a tent. On account of the hard ground and the cold he could not sleep, for which reason he did not feel like making the top of the mountain the next day. He went up, though, with the party to the top of Cooper's spur, and a third of the way up the mountain from there. He stood the climb as well as any, but concluded he had enough of mountain climbing for one day and returned to the Inn alone. We think he beats the record for octogenarian mountain climbers.

Mrs. W. P. Watson has been at St. Martin's springs for the past four weeks and her health is much improved. This is the third trip she has made to these springs and each time she has been greatly benefited. Mr. Watson, while at the springs, made himself useful and earned the lasting gratitude of invalids by building more seats along the trail leading up from the bath houses to the hotel. He also set posts and stretched a rope to assist in climbing the hill. The price of board at this popular health resort has been raised to \$10.50 a week.

E. B. Clark purchased for \$50 the frame building occupied by Sherrill's furniture store, and will remove the same to the lot now taken up by the photograph gallery on Third street. Sherrill will continue with his business in the building for a couple of months. L. D. Boyel has completed burning the bricks for the Otter building, and preparations for erecting the same will begin at once. John Otter will be here from Salem next week to let the contract for the building.

The Underwood brothers, heretofore doing business in partnership, give notice in another column of mutual dissolution, and the ferry they have been operating between Underwood and Hood River will hereafter be operated by Amos Underwood. The firm of Underwood Bros. has existed for 30 years or more, during which time they operated a line of flat boats on the middle Columbia, and did an extensive wood and saw log business, besides conducting their farms.

The following party went to Mount Hood last week: Sam Bartness and wife, and Mrs. Rev. and Mrs. H. C. Shaffer, Miss Grace Earl of Astoria, Indiana, Miss Sadie Orr of Waco, and Miss Lydia Hiestand. Johnny Roberts manipulated the reins of the four-horse stage. All of the party, excepting the Messrs. Earl and Hiestand, reached the top of the mountain with the north-side Mazama party, Friday. They returned Saturday and report a delightful trip.

Charley Evans, the 12-year-old son of N. C. Evans, met with a painful accident Sunday that came near destroying the sight of his right eye. He was stringing a crossbow, when the stock of the gun snapped and was driven with terrific force into the corner of his eye. His father with difficulty pulled out the splinters, bandaged the eye, and Dr. Watt was called to ease the pain.

P. D. Hinrich, reporting from Hood River for the U. S. Crop Bulletin, sends the following for last week: "Fruit is not as plentiful as a year ago; still there will be many prunes and pears. The second crop of clover is looking fine and will be ready to cut in two or three weeks." Corn is not doing so well, on account of the cold weather. Many people are busy cultivating strawberries and setting out young plants."

Charles Lamberson of Portland purchased last week, 15 acres of Mrs. Parer's property, located between the tracks recently secured by J. C. Boggs and S. A. Knapp; consideration, \$750. Mr. Lamberson is a brother to Buell Lamberson, the Portland seed man. He will immediately build a residence, improve the land and set the same to berries.

Ferguson & Wright of the Mountain Stage and Livery Co. are agents for the Regulator Line and are prepared to sell tickets to all points on the Columbia and to check baggage and receive freight for the same. The old reliable Regulator Line has been doing a big freight business this summer.

E. E. Lyons last week sold 5 acres of land to J. R. Kinsey for \$60 an acre. Mr. Kinsey and wife are recently from Ohio and have been visiting E. J. Cunningham and return now. They were pleased with their purchase and will erect a neat cottage in the near future and make their home in Hood River valley.

Charles Chandler expects to harvest about 50 tons of hay this summer. He is experimenting this year with a new kind of grain, recently from Germany, called speltz, which makes a good stand for hay. Speltz is very similar to rye and is used for bread purposes by the Germans.

Some excitement was caused in Vinton, one day last week, by the report that a crazy man was running loose on the mountain above town. The man who started the report was misled by hearing a man shouting at his cow, which had proved rather contrary in driving.

The steamer Regulator is making a Sunday trip from Portland to The Dalles and return now. She leaves Portland at 8 o'clock in the morning and arrives there again at 8 in the evening. She passes Hood River about 1 o'clock going up and 4 o'clock coming down.

J. W. Overbaugh, who has a farm of several hundred acres at White Salmon, directly opposite Hood River, realized \$800 from three acres of strawberries this season, and the berries were grown without irrigation.

Capt. Judd Ferguson went out to Trout Lake, last week, with H. W. O'Melveny and son for a day's outing at that well-known fishing ground. Mr. O'Melveny is an attorney at Los Angeles, Cal.

N. C. Evans and family are camped on the fishing grounds of upper Hood river. After 20 years residence in Hood River they are leaving. Mr. Evans first left in 1881.

Mr. and Mrs. Guy Phillips and child, Mrs. Bamford, Mrs. Wheeler and two children, and John Lenz, all of Portland, are stopping at the Ingalls house.

Col. Harry Haines and family of Forest Grove are visiting A. C. Stalon and family. Col. Haines is a successful farmer and a veteran of the civil war.

F. C. Sherrill cut 35 tons of timothy and clover hay of 13 acres. Three acres bore 10 tons. This land has been seeded to timothy and clover for seven years.

Mrs. U. A. Springer and two sons of Cornelius, Wash., are visiting her brother, J. K. Powell, who recently purchased the R. J. Ellis place on Phelps creek.

A pleasant event took place at the home of Mr. and Mrs. M. V. Raul, last Thursday, in the form of a family reunion, an event they have not been permitted to enjoy for several years. A dinner in the evening a splendid dinner was served, to which the family sat down and enjoyed once more the good things mother had prepared. The family consists of six children: Mrs. Minnie Cleland of Portland, Mrs. Lela Hornum of Hood River valley, Mrs. Lela Hornum, Kansas City, Mo., Jason R. Bert J. and Harvey V. Raul of Hood River.

F. W. Amen returned Tuesday from his ranch at Kingsley. Mr. Amen says Typhoid fever will harvest the biggest crop of wheat this season in its history. He has been making hay on his ranch for the past two weeks. He has 50 acres in wheat, which he estimates will go 35 bushels to the acre. His theory is that it was not the frost that injured the wheat crop in the neighborhood of Dufur, but that the wheat was sown too thickly, and where the soil was not heavy enough, the crop suffered when the dry season came on.

A fishing party consisting of W. B. Pith, Will and Bert Raulman, G. E. Williams, Doug Payton, Elmer Raul, Lou Moore, G. E. Castner, C. B. Thompson, and Messrs. Strong and Walker of Portland went into camp at Mineral Springs last Friday and returned home Tuesday evening. Four of the party went to Lost Lake Monday and found 6 running there. Elmer Raul proved to be the boss fisherman and caught 104 in four hours on Monday, fishing in the Lake branch. Altogether the party caught 500 trout.

There will be a mortgage burning on Sunday afternoon at 3 o'clock, at the M. E. church services in Bowers grove. As the indebtedness on the M. E. church has been paid in full and the mortgage returned, the event will be celebrated in this manner. All are invited to attend these services especially those who so kindly assisted in the payment of this debt.

The mill will start down for the last few days during which time the company burned cordwood at the rate of 100 cords a day. They burned 50,000 posts last week in three days. This is putting wood and posts on the market pretty lively.

Death of Sylvester S. Noteman. Sylvester S. Noteman dropped dead early Saturday morning, July 20, 1901. Mr. Noteman was employed as night watchman at Davenport's planing mill. At 3 o'clock in the morning he was looking after some burning logs, the fire from which had gotten beyond his control, and after a number of the mill hands had required to his aid, he complained of feeling exhausted and fell over dead. The funeral services were held Sunday afternoon, at Belmont chapel, and were in charge of the A. O. U. Lodge, quarter, Messrs. Watt, Clarke, Shute and Brosius, furnished music. Interment was made in Idlewild cemetery.

Sylvester S. Noteman was born in Watertown, N. Y., February 14, 1842. October 9, 1889, he was married to Mrs. Mary Adams, who survives him, and whom many Hood River people will ever remember with gratitude for her ministrations in the sick room. By his first wife he had three daughters, Mrs. Eugene Fildell of Los Angeles, California, and Mrs. Nellie Carmichael of Northfield, Minn. He came to Hood River from South Bend, Wash., in 1898, in the hope of improving his failing health. Working patiently, and with hardships bravely, he won the respect and love of those with whom he came in contact. A noble character, he died at his post, faithfully guarding the property of his employer. He was railroad contractor at the intersection of the Alsea railroad, on the Northern Pacific, also on the Canadian Pacific. He engaged in the dairy business at Northfield, Minn., and there, in 1884, his first wife died. For many years he had been a consistent member of the M. E. church. A good man has gone to his rest.

Sudden Death of Samuel McCartney. Samuel McCartney, proprietor of the notion store and cigar stand on the Prather corner, dropped dead about 7 o'clock, Monday morning, July 22, 1901. Funeral services were held at the U. B. church, Tuesday afternoon, conducted by Rev. H. C. Shaffer.

Samuel McCartney was born in Scotland, September, 1851. With his two brothers he came to Canada, where they resided for 12 years, since which time he has made his home in Oregon. He has resided in Hood River for four or five years. At the age of 18 he married with And Kirk of Scotland. He leaves two brothers in this country, and six brothers and sisters in Scotland, besides an aged mother, to mourn his loss.

## SHOES.

We have been talking and selling shoes to you pretty regular for three years, and we will keep it up. We have built up and hold your trade on big shoe values; will keep that up, too, and more. We are giving better values today than ever before. If you are not a customer you ought to sit down, take yourself by the hand, think over and see if it would not be pleasant to save the price of a pair of shoes every year buying of us.

Did you ever stop to think that we could not afford to advertise and recommend a shoe of doubtful quality or a poor value? The more we gave prominence to it the more customers we would drive away. We turn down the poor shoes and advertise and recommend the good ones.

Take a Shoe like the "Humane" for men; where can you find a better one for \$5.00? You can't. What's the price? Four dollars. The drummer told us he had failed to sell the "Humane" to any Portland shoe store. Why? "Because the margin of profit was too small" they would not handle it. What do you think of that? And 40 years of shoe building experience back of it?

There is our White Bros. Box Call at \$2.50.  
R. P. Smith's Kang. Call at \$2.00.

"Federation" Ladies' fine welt, heavy and medium, street shoe, all latest styles, union made, custom made and made to wear, \$2.50. District 76 school and dress shoes for children.

These are all winners, and you can't beat them this side of Cape Cod, and there is no use to try.  
Special low prices in men's ties, and they are beautiful.  
New lot of our famous Aywon & Sorosis kid Gloves will be here in a few days, and they will go just like hot cakes, at \$1.00.
