THE PRESIDENT IS IMPROVING.

Measuring News From the Milburn Residence at Buffalo.

Buffalo, Sept. 9.—Through a quiet, peaceful Sunday every word that came from the big vice-clad house in Delaware avenue, in which the stricken Chief Magistrate of the Nation lies battling for life, was reassuring and tonight the chances of his recovery are so greatly improved that all of those who have kept the patient vigil at his bedside feel strongly that his life will be spared.

The developments of last night and today were dreaded, but hour after hour passed and the distinguished patient, struggling through beneath the watchful eyes of physicians and trained nurses, showed no unfavorable signs. Five times during the day the doctors and surgeons assembled for consultation, and each time the verdict was unanimous that change had occurred for the better.

Not the slightest premonitory symptom of peritonitis appeared and the fresh hope, born with the morning, grew stronger and stronger as the day advanced until, toward evening, the confidence expressed in the President's recovery seemed almost too sanguine.

Milburn House, Buffalo, Sept. 9, 1:30 a. m.—No additional bulletin has been issued by the President's physicians. The condition of the President is reported as unchanged.

2:30 a. m.—Harry Hamlin has just left the Milburn House. He said: "There has been no change."

9:15 a. m.—Up to this time the expected morning bulletin from the physicians of the President has not been issued. The President is reported to be resting well. His condition remains unchanged.

CAPTURED BY BRIGANDS.
Kidnaping of an American Woman in Macedonia is Confirmed.

Washington, Sept. 9.—The State Department has received information from the United States Legation at Constantinople confirming the press report of the capture of an American missionary by brigands.

The dispatch from Minister Leishman reports that brigands captured Miss Stone, an American missionary, who was traveling with a woman companion, in the village of Salonica. The department adds that the matter has received the immediate and earnest attention of Minister Leishman.

Boston, Sept. 9.—The American Board of Foreign Missions has received a cable message from Rev. J. H. House, one of the missionaries at Salonica, in Macedonia, saying: "Brigands took Miss Stone and companion between Banko and Djoumanlia."

These places are situated about 100 miles northeast of Salonica in a country long familiar to the missionaries of the American Board. Miss Ellen H. Stone is one of the tried missionaries of the American Board, having been in this mission since 1878.

Missionaries now in Boston from Bulgaria are confident that no threat exists of what has happened to the ladies, but think it is simply a case in which ransom is sought for by the robbers.

Constantinople, Sept. 9.—The Sultan, immediately upon hearing of the abduction of Miss Stone and her companion, peremptorily ordered the Vail of Salonica to secure their release and to exercise every care for their comfort and safety.

STRIKE MAY BE SETTLED.
Mr. Schaffer Has a Telephone Conference With President Schwab.

New York, Sept. 9.—The World, in an article on the steel strike to appear tomorrow morning, will say that there is a strong hope for settlement of the strike. It says: "Hope for a favorable outcome was increased when, early this afternoon, President Schwab received a phone call from Mr. Schaffer, who said he desired to speak with him personally. Details of what passed between the men have not been learned, but it was reported that Mr. Schaffer had asked for another conference between the steel trust officers and Amalgamated board and that the board would come here today for that purpose. Immediately after Mr. Schaffer telephoned Mr. Schwab went to Mr. Morgan's office and remained closeted with him for some time. The nature of the news he carried seemed to be highly satisfactory to both him and Mr. Morgan."

FIENDISH ACT

The President is Shot By An Anarchist.

AT BUFFALO FAIR
HE WAS WOUNDED TWICE—NOT NECESSARILY FATAL.

PRESIDENT WILLIAM MCKINLEY.

Well Dressed Stranger Approached Him As If To Shake Hands, and Fired Twice With a Revolver Concealed Under a Handkerchief—Assault was Immediately Placed Under Arrest.

Buffalo, N. Y., Sept. 7.—President McKinley was shot and seriously wounded by a would-be assassin while holding a reception in the Temple of Music at the Pan-American grounds a few minutes after 4 o'clock yesterday afternoon. One shot took effect in the right breast, the other in the abdomen. The first is not of a serious nature and the bullet has been extracted. The latter pierced the abdominal wall and has not been located.

The President was approached by a man with a dark mustache and with one hand covered with a handkerchief. As the man extended his hand to the President, apparently with the intention of shaking hands with him, he fired a shot which entered the President's right breast, lodging against the breast bone. Another shot was fired at once, which entered the President's abdomen.

The assailant was immediately arrested and was thrown to the ground, and quick as a flash 20 men were upon him. When rescued he was covered with blood from a gash in his face. Cries of lynching were heard on every hand, but the police managed to get the man out of the grounds and locked him up in a station house a short distance from the grounds. Later he was removed to the police headquarters.

Detective Geary was near the President and he fell into his arms. "Am I shot?" asked the President. The officer opened the President's vest, and, seeing blood, replied: "Yes, I am afraid you are, Mr. President." The President was at once taken to the emergency hospital, where a bullet which had lodged against the breast bone was removed. Later the President was reported as resting easily.

The prisoners include Commandants Lotter and Besseld, Field Cornets J. Kruger and W. Kruger, and Lieutenant Shoeman. Among the killed were the two Vaalers, notable rebels. The casualties were 10 killed and eight wounded.

Burned to Death.
Topelka, Kan., Sept. 9.—Miss Eolah Houson was burned to death today in her home at 132 Kline street. The origin of the fire is unknown. Murder, with robbery in view, is suspected by the police, as she was known to have had some money.

Garrisons at Shanghai.
Shanghai, Sept. 9.—The Rajputa have left here, reducing the British garrison in Shanghai to one native regiment. The German garrison is 800 strong and is showing great activity. The Germans have leased for three years, with the option of six, a large tract inside the general settlement. They are fencing it and building barracks and storehouses. The British community strongly objects.

Lighthouse is Too Low.
London, Sept. 9.—According to reports from Ottawa, an engineer of the Canadian Marine Department has visited Cape Race, N. F., where several wrecks have occurred this year. He reports that the lighthouse is in need of order, but that the light is 55 feet lower than it is advertised as being, which reduces the horizon by two miles. He also suggests that the duration of the fog whistles be changed to two blasts of five seconds each.

LAST PEACE MOVE FAILS.

Semi-Official Report That the Settlement is Left to President Shaffer.

Pittsburg, Sept. 11.—The last efforts to settle the steel strike have failed. The general executive board of the Amalgamated Association adjourned this evening without date and without accepting any of the peace propositions that have come indirectly from the United States Steel Corporation, or making any counter propositions, according to the official statement. The semi-official report is that the proposition secured for the Amalgamated Association, through the intervention of the representatives of the National Civic Federation, was unsatisfactory, and that the matter of settling and arranging was left for Mr. Shaffer. The board, in its sessions of three days, has been clamoring for a settlement, but satisfactory terms and means were not at hand, and the session resolved themselves into an informal discussion of the situation. At the close of the meeting of the National executive board this evening, President Shaffer declared he had no statement to make, but subsequently said:

"The board has adjourned, and the out-of-town members will probably leave for their homes tonight. No peace proposition has been received and none made."

Still later he added that he nor no other member of the board would go to New York during the night to submit a peace proposition, saying he would be at headquarters as usual tomorrow.

The meeting of the board did not adjourn in high good feeling, yet the members of the board were averse to making statements supplemental to that of President Shaffer. It was stated by some of the members of the board that the adjournment had left matters practically as they were before the meeting had been called, and that the strike must go on as before, leaving arrangements for a possible settlement through the direct conference of the representatives of the United States Steel Corporation with President Shaffer.

GREAT FLOODS IN CHINA.
Thousands of Lives Lost Along the Yangtze River—Rice Crop Ruined.

Washington, Sept. 11.—Under date of Shanghai, July 25, Consul-General Goodnow reports to the State Department that the most disastrous floods are prevailing in the valley of the Yangtze River. He understands that they are the worst known by Europeans in the neighborhood of Wuhu and Kiukiang are, to a large extent, under water. The farms, especially in the rice-growing region about Wuhu, are so completely flooded that there is no hope for the crop this year. In addition to this, thousands of lives have been lost, and unknown numbers rendered homeless by the overflow. The stoppage of trade is very serious. The destruction of the crops in the fields, and particularly the probable loss of the rice crops in the district of Wuhu, will add famine to the other difficulties besetting the empire.

Arms for Colombia.
Washington, Sept. 11.—Following is a translation of a cablegram received today by the Colombian Legation from a confidential agent of the Colombian Government:

"Kingston, Jamaica, Sept. 9.—Colombian Legation, Washington. It is known officially that the Ecuadorian vessel Coscotalpa sailed with arms from Esmeraldas, Ecuador. Tomaco, besieged by filibusters from Nicaragua. A considerable expedition was expected to land near Panama on the 6th of September."

Cooper, the two men who went to Pittsburg recently to learn the real facts about the strike.
