Bartmess' furniture store for sale at 50 cents each.

Young Ross Winans, at the forks of Hood river, was mowing clover recently, when the point of his scythe struck a grouse in the head, killing it instantly. The grouse was squatted on the ground in the clover. Ross's grandfather tells a story that beats this a little. He was mowing timothy once, when, as he swung his scythe he noticed the head and rattles of a rattlesnake on the blade.

Geo. W. Lane, Pewamo, Mich., writes: "Your Kodol Dyspepsia Cure is the best remedy for indigestion and stomach trouble that I ever used. For years I suffered from dyspepsia, at times compelling me to stay in bed and causing me untold agony. I am completely cured by Kodol Dyspepsia Cure. In recommending it to friends who suffer from indigestion I always offer to pay for it if it fails. Thus far I have never paid." Chas. N. Clarke, Glacier Pharmacy.

The Glacier's water moter is a great success. With 1½ inch pipe from the street main and ⅜ inch nozzle, it turns the big press with less than half the force being applied. The motor was ordered last July, but the big strike in San Francisco interfered in shipping it and it was not received until the first week in September. Then it took a full week to get the pipe from Portland. When you order anything from Portland be sure it can be made use of by your successors or assigns. Last week we used the power to print the paper for the first time. The motor was ordered for us by Joseph A. Wilson and was set up by M. A. Cook and Jas. Langille. T. C. Dallas also did his part in the work. Every farmer and others who call to see our motor will want something like it to help them in their work. Wherever there is sufficient water power to run one of these little machines it will be found a great labor-saver. Joseph A. Wilson is the man to be interviewed when you contemplate buying a water motor. He can tell you all about it and get you what you want.

The union services held at the U. B. church on the day of President McKinley's funeral was largely attended. Addresses full of patriotism and love for the dead president were made by the Reverends Frank Spaulding, J. W. Jenkins and J. L. Hershner. The church was richly and beautifully decorated under the skillful management of E. V. Jensen, Mrs. Baldwin and Mrs. Bartmess. The black shawl that covered the pulpit was one that was used at the funeral services in memory of Garfield, held in McMinnville 20 years before. The shawl is the property of Mrs. Jos. McGuire of Hood River. The music furnished by the U. B. orchestra was excellent. Mrs. P. S. Davidson sang a solo. "Nearer My God to Thee" was chanted, and the services closed by the audience joining in the singing of "America" The business houses in town all closed during the services.

Mr. and Mrs. Rutland of Vancouver, Australia, who are making a tour of the world, were in Hood River during the week. They are engaged in fruit growing in Australia, and visited some of our best orchards here. At Mr. Kennedy's place they stopped several hours and with their camera took views of his Spitzenberg apple trees. After traveling over California they thought Hood River the best fruit section they had seen.

Peter Mohr says the little pig fed with a bottle by his children gained in weight faster than his 12 brothers and sisters did and took the place of one of them at meal time. The one that was left is now being fed with the bottle and is getting along nicely. When he thinks it is time to feed, if it is in the middle of the night, he will come to the door of the house and make himself heard until some one brings the bottle.

Shawl with a History.

Covering the pulpit at the memorial services at the U. B. church, Thursday, was a black cashmere shawl belonging to Mrs. McGuire, and has been in her family over 30 years. It seems fated to do duty as it did Thursday. When President Garfield's memorial services were held throughout the country, Mrs. McGuire resided in McMinnville, Ore., and on this occasion the shawl was brought forth and adorned the speaker's table. It was also used on many other funeral services of less prominence. When it was determined so hold the McKinley memorial services in this city, Mrs. McGuire remembered the shawl and kindly tendered its use to the chairman of the decorating committee, Mrs. Baldwin, who so artistically draped it on the pulpit. Thursday it repeated a service which it is hoped may be its last of a similar character. The white crape shawl draped over the black shawl is a relic of Mrs. Baldwin's brought from Canada, which will be treasured more than ever since being used for this sad occasion.

Professor Hæckel, the German scientist, and professor at the Jena University, while traveling in Java recently, in search of the missing link, discovered striking evidence that the monkeys are descended from man and not man from monkeys.
