LEYTE AS BAD AS SAMAR.

Bolomen Escaped to Adjacent Island From Balangiga—Marines Sent to Samar.

Manila, Oct. 24.—General Chaffee does not expect to hear of any extensive engagement in the island of Samar. He believes the operations there will not result in any open fight. It is hard to find armed Filipinos, but every man without occupation will be compelled to go into a town. It is expected that all the rifles captured by the Filipinos at Balangiga are now in the island of Leyte, where many bolomen are known to have come from the island of Samar. In fact, Leyte is as disturbed as Samar.

The object of the reinforcement of American troops now being pushed forward is to increase all the garrisons to 38 men. Some of them have, until recently, numbered only eight men. The reinforcements will also allow the detailing of a working force to operation the field, hunting for insurgents. General Wheaton reports that a band of bolomen has entered Tarlac province, island of Luzon, through Bulacan province, and that the men composing it are distributing inflammatory bulletins, which are posted on the church doors, warning the people to prepare to take the field in January. Some of the friendly natives were informed by bolomen that various bands of armed natives would shortly concentrate in the vicinity of Rosales.

A harmonious agreement has been reached between Governor General Taft and General Chaffee regarding the bolomen corps proceedings in the case of military prisoners. The law has been amended so as to cover such cases.

Marines Sent to Samar.

Washington, Oct. 24.—The navy department has received the following cablegram from Rear Admiral Rogers:

"Cavite Oct. 22.—Secretary of the navy, Washington: Active insurrection in Samar. New York leaves today for Catinglan with 300 marines to return to Basey and Balangiga to co-operate with army. Nearly all naval force concentrated on Samar patrol. Services of Arthusia and Zafro, two colliers, needed and being utilized."

Naval officers construe the dispatch to mean that the New York will go first to Catinglan and then to Basey and Balangiga, landing detachments of marines at each point.

KITCHENER WANTS MEN.

Call is for Trained Mounted Soldiers—Rumors of Dewey's Death Discredited.

New York, Oct. 23.—The Daily Express learns that Lord Kitchener has wired an urgent demand to the war office for more trained mounted men.

British Accused of Brutality.

New York, Oct. 23.—A London Times special to the New York Times says:

"Referring to the fresh outbreak of Anglophobia in Vienna, a correspondent of the Austrian Capital quotes the especially influential Catholic organ, 'The Vaterland,' which publishes an article headed: 'Lord Kitchener as a Hangman.' It says the commander-in-chief of the British forces in South Africa, in despair of being able to conquer the Boers by honest war, has for a long time had recourse to brutality. His bloodthirstiness was formerly restrained by the British government, but it now appears that a free hand has been given to him.

The Vaterland goes on to say that the announcement that Commandant General Botha will meet violence by reprisals will convince all that the Boers are not intimidated, but only exasperated by Lord Kitchener's inhumanity. The sanguinary seed sown by the British Commander will produce a harvest of blood and none can blame the Boer leaders if they have recourse to a terrible tribulation.

The Hague, Oct. 23.—The former residents of the Transvaal who are now in this city entirely discredit the rumors of the death of General Dewey, emanating from Durban, Natal.

SUICIDE OF A SERGEANT.

Grived Over His Approaching Separation From Army Life.

Salt Lake, Oct. 23.—Grief over separation from army life, with which he had been associated for 40 years, and to which he was greatly attached, is believed to have been the direct cause of the suicide at Fort Douglas of August Lange, ordnance sergeant. Lange was to have been retired within a few days, and rather than re-enter civil life he hanged himself in one of the buildings of the fort. Lange, who was 61 years of age, enlisted at the outbreak of the civil war, participating in many of its historic battles, and was wounded during the battle of Spottsylvania. In later years he took part in numerous campaigns against Western Indians, and for the past 15 years has been ordnance sergeant at Fort Douglas. He left a widow and two young daughters, who reside in this city.

GREAT DISCOVERY.

One Arc Lamp With Microphone Attachment Will Transmit Sounds Through Another.

St. Petersburg, Oct. 23.—A member of the faculty of Moscow Imperial Technical school recently discovered that a microphone attached to an electric lamp by wire will transmit sounds through the medium of another arc lamp. Repeated experiments were made in which the two lamps were separated by a thick wall. The inventor read in a low voice a lecture on his discovery, and his words, spoken into the microphone, were comfortably audible in the next room. With characteristic carelessness, the Russian newspapers failed to state whether the lamps were burning, but it is probable that this is to be assumed.

Australia May Build Challenge Boat.

New York, Oct. 23.—R. A. Watson, formerly of Canada and now of Sydney, N.S.W., at an informal reception given him by the Nonpareil Bowling club, said that the recent news that the Columbia and Shamrock II, were the greatest that had ever taken place in any waters. He added that on his return to Australia he would try to form a wealthy syndicate to build a boat and challenge for the cup from Australia.

Delighted With New Amer.

New York, Oct. 23.—The Simla correspondent of the New York Times says the envoy from Cabul at that city reports all quiet in Afghanistan. The envoy adds that the people are delighted with the new Amerer, and declares that the accession of Habib Ullah was like a feast after a fast, which graphically describes the situation, the Afghans having apparently accepted Habib Ullah with a sense of relief after Amerer Abdur Rahmans inflexible rule.

Brave Revolutionists.

New York, Oct. 23.—A Panama correspondent of the Herald says: A party of revolutionists, said to be led by General Lugo, appeared on the heights in sight of La Boca, which is a few miles from Panama. The party waved a red flag and then disappeared. Government troops were sent after the party, but the latter could not be found. The government soldiers are now stationed in La Boca.

SHOT BY THE TURKS

MACEDONIAN FUGITIVES KILLED ON THE FRONTIER.

One of Them, a Brother of Mme. Taika, Miss Stone's Companion—The Bulgarian Government Prepared to Act Vigorously—Sufficient Proof is Forthcoming—Turkish Methods Brutal.

London, Oct. 24.—The Morning Leader publishes the following communication, dated Saturday, Oct. 19 from Sofia:

"On the frontier near Grossebeo, yesterday, five fugitives from Banista, Macedonia, among them a brother of Mme. Taika, Miss Stone's companion, were shot dead by Turkish frontier guards while endeavoring to cross into Bulgarian territory. United States Consul General Dickinson, believing that they were members of the American Mission church, has demanded an official inquiry. Great brutality exists in the district between Banista and the frontier. Turkish officials have arrested over 200 residents of Bulgarian nationality and subjected them to torture in order to wring from them information as to Miss Stone's whereabouts. Several of them died under torture. The Bulgarian authorities, likewise, worried over the affair, are continuously arresting fugitives from Macedonia, and this causes bad blood."

"It is reported from Sofia," says the Vienna correspondent of the Daily Mail, "that United States Consul General Dickinson has received intelligence from shepherds that Miss Stone was seen at Jakouva, in Turkish territory, about two hours' journey from the Bulgarian frontier."

Dr. Dickinson thinks that if the original Macedonian promoters of the abduction can be arrested, the brigands who acted under their orders would accept a smaller ransom. As the Bulgarian government are prepared to act vigorously if sufficient proof is forthcoming, says the Vienna correspondent of the Times, this method of proceeding may perhaps prove successful.

HAD NARROW ESCAPE.

Mine Superintendent's Dwelling Partially Destroyed by Miscreant.

Wilkesbarre, Pa., Oct. 23.—A dastardly attempt to blow up the house of Reese Morgan, superintendent of the Murray mine, and kill himself and family was made last night. Mr. Morgan's home was on Grant street, one of the residence thoroughfares of this city. He had just opened the gate to get into the house when a terrific explosion occurred, which nearly knocked him off his feet. When he was able to collect himself he saw that a portion of his dwelling had been wrecked. A further investigation showed that the whole rear portion of the house had been torn away by the explosion. The general supposition is that some mine employe who formerly worked for Mr. Morgan, and who imagined he had a grievance, is at the bottom of the plot.

Valuable Library Sold.

New York, Oct. 23.—According to the Journal and Advertiser, Marshall Clifford Lefferts has just sold his library, valued at \$300,000. In this library were 50 titles, first editions of Milton, including the "Aeropica," of 1644, and the first issues of "Paradise Lost," with variations of title pages, the first four folios of Shakespeare, and almost perfect; 800 quarto plays of the Elizabethan period, all first editions. The Indian vendor read in a low voice a lecture on his discovery, and his words, spoken into the microphone, were comfortably audible in the next room. With characteristic carelessness, the Russian newspapers failed to state whether the lamps were burning, but it is probable that this is to be assumed.

Pillsbury Left No Will.

Minneapolis, Minn., Oct. 24.—No will was left by the late John S. Pillsbury, ex-governor of Minnesota. He was content to give while he lived to any institution or movement which he deemed worthy of aid, and was also content to let the laws of Minnesota determine the final disposition of his estate. He said so in as many words his fortune is a large one. Some estimate his estate to be worth about \$5,000,000, and some place it at even higher.

Commander Ackley Retired.

Washington, Oct. 24.—Commander Seth M. Ackley, of the navy, has been placed on the retired list with the rank of captain. His advancement is due to his services in the war of the rebellion.

Football Player May Die.

Colfax, Ia., Oct. 24.—Richard Tripp, aged 19, is not expected to live as a result of injuries received in a football contest between the Colfax and Prairie City high school last Saturday.

Miss Eastwick Pleaded Guilty.

London, Oct. 24.—Marie Josephine Eastwick, the young Philadelphia woman who was committed October 1 in the Guild Hall police court for trial at the Old Bailey on charge of having forged a railroad certificate to the value of £100,000, was arraigned today and pleaded guilty. Sentence was postponed in order to allow an examination as to the prisoner's sanity.

FAMINE IN RUSSIA.

Government Relief is Necessary in Five More Suffering Districts.

St. Petersburg, Oct. 22.—Acting under additional information from the governor of the province of Samara, the minister of the interior has officially proclaimed famine conditions in five more districts in this province. This means that the bad harvest has already made itself so keenly felt that a special medical and relief organization is deemed necessary for these districts. It is likely that the list will be added to from time to time during the winter.

The minister also published today a detailed report about the relief given to seven Siberian districts. Forty thousand roubles were assigned. These present indications are that little information about the famine will be published in Russian papers which is not given out by the minister of the interior. The papers have been given to understand that incorrect information or "colored" articles about the famine will not be tolerated, and the Russian editors know when they have been spoken to. The bad harvest in portions of Siberia last year and this year has had the effect of turning a part of the tide of Siberian emigration back toward Russia. According to an official source, 77,745 emigrants and 519,721 men with the peasant communes sent to spy out the land went to Siberia between January 1 and September 17, and 19,788 emigrants and 12,619 envoys returned.

In addition to famine a circumstance that deters emigration and occasions the return of many is the exhaustion of available farm land. It is a fact that is not sufficiently understood abroad that portions of Siberia are already fully occupied. This is true of nearly all good and conveniently accessible agricultural land in West Siberia. Recent settlers have been assigned lands distant from the railroad or navigable rivers, or have received forest and marsh lands which it would not pay them to till under present conditions. With additional railways, with new markets for West Siberian grain in the East Siberian, Mongolian and Manchurian mining regions, and with better modes of cultivating the ground there will be room for more settlers in West Siberia, but the plain truth is that there is little room for peasants there now.

SENTENCED TO BE HANGED.

A Case of Unusual Depravity in the Army in the Philippine Islands.

Washington, Oct. 22.—George A. Raymond, an American and formerly a private in the Forty-first Volunteer Infantry, was tried by military commission in the Philippines a short time ago on a triple charge of murder, rape and robbery and sentenced to be hanged. The records in this case, of unusual depravity, have just been received at the war department. Upon the muster out of the Forty-first regiment, Raymond went to the province of Pampanga and endeavored to organize a band of outlaws among his former comrades. May 7, while he was riding along a road near the barrio of San Jose with Henry Bohn, who had also been a private in the Forty-first Infantry, and with whom he assumed to be on friendly relations, Raymond treacherously turned on his companion and killed him with his revolver and then emptied the dead man's pockets. Two days afterward, in company with two privates of the Forty-first, Raymond, garbed in the uniform of a United States Army officer, entered the premises of a peasant native and robbed him of saddles, bridles and three horses. On the night of May 9 Raymond forced his way into the home of a respectable native girl and assaulted her. In reviewing this case and approving the sentence of death, General Chaffee said: "The depravity and dangerous criminal propensities of the accused, involving in the short space of three days the robbery of a helpless native, the heinous violation of a respectable girl and the treacherous assassination of a comrade from motives of pure avariciousness, calls for but one fitting punishment."

Hay Crop Burning.

La Crosse, Wis., Oct. 22.—Late this afternoon fire was discovered in the hay lands which surround the city. The flames are now burning everything before them, and the firemen are powerless, owing to the fire being outside the city limits and beyond water service. Thousands of tons of hay will be lost.

Murderous Robbers Caught.

Middlesboro, Ky., Oct. 22.—George Gray was today arrested as principal and George Eaton as an accomplice in the shooting and robbery of P. T. Colgan, paymaster of the Virginia Coal and Coke company last week at Middlesboro. Colgan was robbed while on his way to the furnaces from the bank. Eaton made a partial confession, implicating three other men and a woman. It is said the woman has fled into Harlan county with the money.

Russia Will Not Intervene.

London, Oct. 23.—Referring to the movements of Prof. F. de Maartens, of the University of St. Petersburg, who is also a member of the Russian privy council, the Brussels correspondent of the Standard denies that he has any mission from the Russian government bearing upon the South African situation, and asserts that Boer circles in Brussels discredit the possibility of Russian intervention.
