A special meeting of the Canby W. R. C. was held Wednesday. Mrs. Gallagher, department president, was present and inspected the corps.

Perry Adams is home from Corvallis college on a short vacation. He likes his school. Among the students from Hood River there and doing well, he mentioned Carrie Byerley, Lacy Roberts, My Borman, Max and Ernest Hinrichs, Perry Wells, Maltie Dukes and Barton Davidson.
The store of W. E. Sherrill was closed by the sheriff last Saturday. Sale was made of the goods Thursday, and they were bid in by Fuller & Co. of Portland for \$2,000. We understand that Mr. Sherrill will take the matter into the courts, and the end may be not yet.
Bertie Shere, the six year old son of Thomas Shere, was badly burned Sunday morning by his night dress taking fire while standing too close to the stove. Dr. Brosius was called and the boy's injuries were attended to and he is getting along nicely.
The Prather Investment Company, Monday, made sale of 50 acres of strawberry land to Geo. L. Rieckle of Portland, for \$6,000. The land was owned by H. F. Davidson. Sixteen acres are now in strawberries. This is at the rate of \$120 an acre. The land is 3 1/2 miles south of town.
Hood River camp of Modern Woodmen was disappointed Monday evening, the date set for the drawing to materialize for the reason that the letter bearing the state deputy, state lecturer and head physician was eleven hours late. The meeting will be held at some time in the future.
G. J. Geisinger, secretary of the Fruit Growers' Union, will start East today to visit his old home at Canton and Greenville, Ohio. On his way East he will visit Ogden, Salt Lake and Omaha in the interest of the Hood River Fruit Growers' Union. On his return he will stop over at St. Paul, Minneapolis, Fargo, Grand Forks, Bute, Helena and Spokane.
H. S. Galligan presented the Glacier with four apple trees from his nursery of this year's growth—two Yellow Newtowns and two Arkansas Blacks. They are fine specimens. The Yellow Newtowns stood seven feet high. Mr. Galligan has a good selection of apple trees in his nursery. His prices for one-year-old trees are \$8 a hundred or 10 cents each for small lots. Mr. Galligan has formed a partnership in the nursery business with E. L. Smith and together they will start a big nursery on Mr. Smith's place at Beulah Land.

Saturday evening, while some of the young folks at the Glenwood house were having some fun, an accident happened which might have resulted seriously. A dummy in the shape of a woman was placed in Fred Wentworth's bed. Some one placed a pistol on the dummy and it slid down and fell to the floor. The pistol happened to be loaded and as it fell it was discharged, the bullet striking W. W. Nason. It penetrated his back under the shoulder, and came out about four inches from where it entered. He was in a stooping position at the time. The wound was dressed by Dr. Dumble, and Mr. Nason, though confined to the house, will soon be all right again.
The Regulator and Bailey Gatzert were slipping along at a pretty lively rate below Underwoods Saturday evening and the Regulator after laddering below White Salmon, backed out to swing into midstream, but in the hurry to come out ahead of the Gatzert ran into a sandbar under the mouth of the river. The Gatzert ran on and made the White Salmon Landing, then the Regulator giving the distress signal she came back and after a half hour work succeeded in getting the Regulator off the bar.
Diphtheria is epidemic at Underwood, Wash. One settler at Frankton, having died of the disease and was buried Sunday. Two orphan children that were cared for by Robt. Cline were taken to a Portland hospital and their cases were pronounced diphtheria. Two other children of Mr. Larson's are down with the disease. The little girl of John Durrick, that died about three weeks ago, evidently died with the same disease, as well as one of the Thornton children and one of Clarksons.

The Glacier was a little premature in stating a couple of weeks ago that Dr. Carns was well enough to attend to business in his dental office. We are pleased to be able to state now that he has recovered from his late sickness and is now ready for business at his old stand over Erber's east store.
Mr. Poulter returned to Portland last Monday, after several weeks at Mrs. Howe's.
Fred Shoemaker was in town last Wednesday on his way to Portland.

Miss Alvina Hoadley has been sick with a severe attack of rheumatism, but is improving.
The Davidson Fruit Company wants to purchase half a million strawberry plants.
The Glacier failed to record the return of Mrs. Monroe, three weeks ago, for her extended visit to Pennsylvania. She is glad to get back to the genial climate of the Pacific coast.
The Red Cross will meet in Odd Fellows hall, Nov. 23d. Members should not miss these meetings with their nice lunches and jolly social sessions each evening.
Mrs. O. B. Hartley, Gladys Hartley and Caroline returned from their Eastern visit last Sunday. They spent two or three months visiting relatives in Indiana. Howard Hartley, who was at Wasco during his mother's absence, returned home same day.

The Up-to-Date Store

Is again to the front with a bound. It's Men's and Boys' overcoats and vests this time, and nothing affords us more pleasure than to have a customer say, "I'll need an overcoat sometime this fall." We feel "dead sure" that he's "our man." Why? Well, we have a space to dwell on the many excellent points in style, construction, lining, finish, general appearance, and especially material, which these overcoats and boys' apparel afford us. We will briefly state that we have values which are bound to make the proper impression on prospective overcoat purchasers. We ask one special favor—come to our store at any time and let us show our line. If we don't do business with you, it's our fault and not the lack of quality in the overcoats. Boys' reeders, double breasted, high storm collar, warm and comfortable for the coldest winter weather; sizes, age 3 to 14 years \$2.75 to \$4.
Men's heavy ulsters, in dark Oxford grey, to regular \$10 kind at \$7.75. They are all right.
An excellent line of Men's, Youths' and Boys' clothing always found here, and we seldom hear an unfavorable remark as to our prices. They seem to fit quite as well as the clothing does. Boys' knap caps, Boys' sweaters, Boys' nice warm underwear, Boys' gloves and mitts, Boys' fancy dress shirts, Boys' mackintoshes. Ask us for wearing apparel for "the boys." We have it in the right kind, and at the right prices.
Our stock of Men's lined gloves and mittens is right up to dress parade. Everything necessary to shut out Jack Frost is represented on our shelves. Our men's underwear is kept up to the highest degree of efficiency in style and variety. We can suit the "hard" suit. Our sock values are great friend-makers, and a large selection is always at your command.
We have not forgotten the ladies' department in our talk on men's wear. Our Jacket and Skirt sale is still in active operation, and judging by the number of garments sold is very satisfactory to all. One-third off on any jacket, misses' ladies' stock. Also dress shirts and rainy day skirts. New line of stylish ladies' waists just opened.
