F. M. Amen was in town Saturday for the first time in two weeks. He has been having a siege of the rheumatism but is improving.

The county judge and commissioners were in Hood River Friday looking after the wants of that part of the county in the way of bridges.

Charlie Miller has purchased an interest in the Clond Cap Inn Confectionery. Messrs. Jensen & Miller will make a good pair to draw trade.

Miss Georgia Bonney has resigned her position in the telephone office and will teach school in Tygh valley. Miss Lillie Shute will take her place in the telephone office.

Warren Miller has purchased a Little Giant stump puller and is clearing several acres of good orchard land which he will plant to apples. He is also planning to plant largely to Ben Davis. Mr. Miller has been a sufferer from rheumatism all winter.

Under date of January 11th, T. C. Dallas received a letter from his uncle, Samuel Clark, who now resides at Moscow, Idaho. The old gentleman is not in the best of health, his age is 81, but he thinks is beginning to feel better. He hopes to visit Hood River next summer, to see his old friends and neighbors, to whom he sends kind regards.

Many friends of Mr. and Mrs. J. O. Eastman called upon them last Friday evening and an old-fashioned home-warming was the result. Mr. Eastman was present and the large new house was "warmed" in a hearty manner. The friends did not neglect to bring along well filled baskets of edibles and a substantial supper was spread. Mr. and Mrs. Eastman's new dwelling house is one of the best in the west end of the valley.

The installation of officers of Canby Post No. 2, A. O. U. W. B. C., took place last Saturday. Past Commander C. J. Hayes acted as installing officer for the post and Past President Mrs. O. L. Stranahan for the Relief Corps. The following officers were installed in the Relief Corps: President, Mrs. B. E. Shoenaker; junior vice president, Mrs. L. Blomquist; secretary, Mrs. J. L. Blomquist; assistant conductor, Mrs. J. H. Dukes.

A. P. Bateham returned from the Portland Sanitarium last week. He has been sorely afflicted with rheumatism for the past six months. He was much improved by the treatment he received at the sanitarium, but is not well man yet by a good deal. Mr. Bateham's treatment and experience in the sanitarium convinces him that Hood River should have a sanitarium. He would pay from one to two hundred dollars for a good one.

W. S. Dicken of Syracuse, Nebraska, an old neighbor of Sam Koplin, stopped off in Hood River while on a tour of the coast. Mr. Dicken has been merchandising in Syracuse and recently sold his business and is looking for another location. He recently made a trip to his old home in Pennsylvania, and further East. He is impressed with the advantages of this country in the way of fruit growing. In Southwestern Nebraska, apples grow that are grown in Nebraska. He says these hills surrounding our valley should be covered with apple orchards. No fear, he says, of over-production. The only fault with our apples is that we do not grow enough of them. Mr. Dicken says there are lots of people in Nebraska who would come to Hood River if they knew the true situation, and know what can be done here in the way of fruit growing.

The glacier was one day late in getting out last week—the first time in seven years that such was the case. The reason for this was that we ordered some new material from Portland and it failed to come on time.

Marshall Isenberg, the rural mail carrier, had lots of fun on Friday. Marsh, by the way, is quite a joker. "Where's the glacier?" was the cry on every hand when he would hand out the mail along his route. "Where's the glacier?" he would say to you—do you think this is Friday?"

Marsh would answer and then drive on and leave the patron of the free delivery to think that the about the glacier. It was a day during the week. At Sherrier's corner he found Ingalls, Gibbons and Sherrier waiting for their mail. "Where's the glacier?" was asked almost in chorus. Marsh tried to play the same game with them but he had played on others, but Sherrier was poked and knew it was Friday. He said he had been told that the glacier failed to get out on its usual time. Subscribers kept calling at the glacier office saying that the carrier would be broad day light, and came from the West Side on Friday and Saturday more of them called from the East Side. This is one time the glacier left—and it wasn't a very cold day, either.

A movement is on foot to place a steam ferry on the Columbia between Hood River and White Salmon. It is hoped the movement will succeed at an early date. Hood River is losing money every day by not having good ferry privileges on the river. As it is now, the people of the rich dairy and stock-growing sections of Canine Prairie and Trout Lake and intermediate points find it cheaper to go to The Dalles on the steamboats and transfer there than it is to come to Hood River. Hood River can sell merchandise as cheaply as The Dalles or Portland, and it would be much more convenient for the people of the sections mentioned to do their trading here if we had a reliable steam ferry rather than to go further. We want the steam ferry.

On Monday, Lyman Smith's house was invaded by broad day light, and he was forced to sit down to a nicely spread dinner with five lively young women. Two of the invaders had taken possession of the front parlor, and had, in preparation, a dinner for three. With about ready to partake of the tempting viands, the door suddenly opened and in walked the other three, each with baskets of delicacies to help out, and make sure their welcome. All hands had an enjoyable time, and Mr. Smith said, "I wouldn't mind if this happened every day."

The Red Cross installed their newly elected officers Saturday evening. Past President I. C. Nealeigh acted as installing officer and H. A. Tawney, captain of degree team, as conductor, who placed the following officers at their respective stations: President, C. L. Foppie; Vice President, M. E. Noble; Secretary, J. E. Hanna; Treasurer, Ed. Hayes; Prelate, D. N. Byerlie; Guide, R. J. Ellis; Inside Guard, Mrs. Burns Jones; Outside Guard, Mrs. D. Rogers. The president being re-elected, Mrs. W. S. Boorman was elected to the station of past president.

The glacier is indebted to H. D. Langille of the United States geological survey for a lithograph copy of a map of Mt. Hood and its surroundings. The map shows every hill and mountain and stream, and the most important ones are named. The highest of the peaks is given at 11,225 feet, Clond Cap Inn 5,987, Mt. Defiance 4,670, Lost Lake 4,465. Every section outside of the Cascade range is outlined from Hood River as far as Warrendale. Mr. Langille is to be congratulated upon his handiwork.

From the papers the claims allowed by the county court we note that bills of Hood River citizens were allowed as follows: Mt. Hood Hotel, meals for prisoners, \$2.50; R. Hasbun, superintendent of road districts No. 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 46, 47, 48, 49, 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 68, 69, 70, 71, 72, 73, 74, 75, 76, 77, 78, 79, 80, 81, 82, 83, 84, 85, 86, 87, 88, 89, 90, 91, 92, 93, 94, 95, 96, 97, 98, 99, 100, 101, 102, 103, 104, 105, 106, 107, 108, 109, 110, 111, 112, 113, 114, 115, 116, 117, 118, 119, 120, 121, 122, 123, 124, 125, 126, 127, 128, 129, 130, 131, 132, 133, 134, 135, 136, 137, 138, 139, 140, 141, 142, 143, 144, 145, 146, 147, 148, 149, 150, 151, 152, 153, 154, 155, 156, 157, 158, 159, 160, 161, 162, 163, 164, 165, 166, 167, 168, 169, 170, 171, 172, 173, 174, 175, 176, 177, 178, 179, 180, 181, 182, 183, 184, 185, 186, 187, 188, 189, 190, 191, 192, 193, 194, 195, 196, 197, 198, 199, 200, 201, 202, 203, 204, 205, 206, 207, 208, 209, 210, 211, 212, 213, 214, 215, 216, 217, 218, 219, 220, 221, 222, 223, 224, 225, 226, 227, 228, 229, 230, 231, 232, 233, 234, 235, 236, 237, 238, 239, 240, 241, 242, 243, 244, 245, 246, 247, 248, 249, 250, 251, 252, 253, 254, 255, 256, 257, 258, 259, 260, 261, 262, 263, 264, 265, 266, 267, 268, 269, 270, 271, 272, 273, 274, 275, 276, 277, 278, 279, 280, 281, 282, 283, 284, 285, 286, 287, 288, 289, 290, 291, 292, 293, 294, 295, 296, 297, 298, 299, 300, 301, 302, 303, 304, 305, 306, 307, 308, 309, 310, 311, 312, 313, 314, 315, 316, 317, 318, 319, 320, 321, 322, 323, 324, 325, 326, 327, 328, 329, 330, 331, 332, 333, 334, 335, 336, 337, 338, 339, 340, 341, 342, 343, 344, 345, 346, 347, 348, 349, 350, 351, 352, 353, 354, 355, 356, 357, 358, 359, 360, 361, 362, 363, 364, 365, 366, 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, 384, 385, 386, 387, 388, 389, 390, 391, 392, 393, 394, 395, 396, 397, 398, 399, 400, 401, 402, 403, 404, 405, 406, 407, 408, 409, 410, 411, 412, 413, 414, 415, 416, 417, 418, 419, 420, 421, 422, 423, 424, 425, 426, 427, 428, 429, 430, 431, 432, 433, 434, 435, 436, 437, 438, 439, 440, 441, 442, 443, 444, 445, 446, 447, 448, 449, 450, 451, 452, 453, 454, 455, 456, 457, 458, 459, 460, 461, 462, 463, 464, 465, 466, 467, 468, 469, 470, 471, 472, 473, 474, 475, 476, 477, 478, 479, 480, 481, 482, 483, 484, 485, 486, 487, 488, 489, 490, 491, 492, 493, 494, 495, 496, 497, 498, 499, 500, 501, 502, 503, 504, 505, 506, 507, 508, 509, 510, 511, 512, 513, 514, 515, 516, 517, 518, 519, 520, 521, 522, 523, 524, 525, 526, 527, 528, 529, 530, 531, 532, 533, 534, 535, 536, 537, 538, 539, 540, 541, 542, 543, 544, 545, 546, 547, 548, 549, 550, 551, 552, 553, 554, 555, 556, 557, 558, 559, 560, 561, 562, 563, 564, 565, 566, 567, 568, 569, 570, 571, 572, 573, 574, 575, 576, 577, 578, 579, 580, 581, 582, 583, 584, 585, 586, 587, 588, 589, 590, 591, 592, 593, 594, 595, 596, 597, 598, 599, 600, 601, 602, 603, 604, 605, 606, 607, 608, 609, 610, 611, 612, 613, 614, 615, 616, 617, 618, 619, 620, 621, 622, 623, 624, 625, 626, 627, 628, 629, 630, 631, 632, 633, 634, 635, 636, 637, 638, 639, 640, 641, 642, 643, 644, 645, 646, 647, 648, 649, 650, 651, 652, 653, 654, 655, 656, 657, 658, 659, 660, 661, 662, 663, 664, 665, 666, 667, 668, 669, 670, 671, 672, 673, 674, 675, 676, 677, 678, 679, 680, 681, 682, 683, 684, 685, 686, 687, 688, 689, 690, 691, 692, 693, 694, 695, 696, 697, 698, 699, 700, 701, 702, 703, 704, 705, 706, 707, 708, 709, 710, 711, 712, 713, 714, 715, 716, 717, 718, 719, 720, 721, 722, 723, 724, 725, 726, 727, 728, 729, 730, 731, 732, 733, 734, 735, 736, 737, 738, 739, 740, 741, 742, 743, 744, 745, 746, 747, 748, 749, 750, 751, 752, 753, 754, 755, 756, 757, 758, 759, 760, 761, 762, 763, 764, 765, 766, 767, 768, 769, 770, 771, 772, 773, 774, 775, 776, 777, 778, 779, 780, 781, 782, 783, 784, 785, 786, 787, 788, 789, 790, 791, 792, 793, 794, 795, 796, 797, 798, 799, 800, 801, 802, 803, 804, 805, 806, 807, 808, 809, 810, 811, 812, 813, 814, 815, 816, 817, 818, 819, 820, 821, 822, 823, 824, 825, 826, 827, 828, 829, 830, 831, 832, 833, 834, 835, 836, 837, 838, 839, 840, 841, 842, 843, 844, 845, 846, 847, 848, 849, 850, 851, 852, 853, 854, 855, 856, 857, 858, 859, 860, 861, 862, 863, 864, 865, 866, 867, 868, 869, 870, 871, 872, 873, 874, 875, 876, 877, 878, 879, 880, 881, 882, 883, 884, 885, 886, 887, 888, 889, 890, 891, 892, 893, 894, 895, 896, 897, 898, 899, 900, 901, 902, 903, 904, 905, 906, 907, 908, 909, 910, 911, 912, 913, 914, 915, 916, 917, 918, 919, 920, 921, 922, 923, 924, 925, 926, 927, 928, 929, 930, 931, 932, 933, 934, 935, 936, 937, 938, 939, 940, 941, 942, 943, 944, 945, 946, 947, 948, 949, 950, 951, 952, 953, 954, 955, 956, 957, 958, 959, 960, 961, 962, 963, 964, 965, 966, 967, 968, 969, 970, 971, 972, 973, 974, 975, 976, 977, 978, 979, 980, 981, 982, 983, 984, 985, 986, 987, 988, 989, 990, 991, 992, 993, 994, 995, 996, 997, 998, 999, 1000.

There were 24 pieces in the recorder's court during the year 1901.

An ordinance providing for the building of a sidewalk on south side of State street, from Second street to Park avenue, passed first reading.

The following bills were allowed: Geo. T. Prather, rent, \$6 00

Recorder—costs of court, poll books, tally sheets, etc., 6 per cent of licenses collected, 69 80

J. Wilhelm, prisoners' lunches, 3 00

Glacier, publishing ordinances, 1 75

Geo. T. Prather, 3 per cent of \$1, 41 90 collected, 62 35

Bone Bros., rent, 25 00

The bills presented to the council for services rendered by the city during the year 1901, were as follows: A. Knox created considerable discussion. The council finally decided that the services rendered were not authorized or ordered by the city, and that S. O. Olinger, acting as deputy sheriff, had charge of the case; that Knox was not a resident of the city; that he had come to town to consult a doctor, not knowing he had the smallpox. The smallpox bills were not allowed. They had been rejected by the county court.

They amount in the aggregate to \$89.10, as follows: Mr. Hood, \$10.00; for hauling patient to the post house, fumigating, etc., and returning patient to his home in the country, \$20; A. S. Bonapart, nurse at post house, \$48; Williams & Brosius, disinfectants, \$1.10. Adjourned till Tuesday evening, January 14th.

The new council met Tuesday evening. Present—Mayor Brosius, Aldermen Blowers, Clarke, H. F. Davidson, P. S. Davidson and Rand.

The recorder read the credentials of A. S. Blowers, H. F. Davidson, P. S. Davidson, J. E. Rand and Charles N. Clarke, new members of the council.

The mayor's message was read, as follows: To the Common Council of the City of Hood River, Oregon: Gentlemen:

The charter of the city makes it obligatory upon the mayor, "at least once in each year, to report to the council the condition, financial and other affairs of the city, and to recommend such measures for the peace, health, improvement and prosperity of the city as he may deem expedient."

Were it not for this provision I would prefer to omit such statement at this time, as the uniform interest shown by the members of the council in the peace, health and prosperity of the city during the past two years of my incumbency of the mayoralty so lessens my opportunity to advance the interests of the city by new suggestions, and the work which I would still reduce the value of new advice on old subjects that I will only attempt a short resume of our condition, accomplishments and needs.

A balance in the hands of the treasurer Jan. 1st, 1901, was \$25.45; receipts from licenses were \$1,367, and from fines \$44.90—a total of receipts of \$1,437.35. The general expenses for the year were \$795.92 and the special four year hospital warrants of 1901 being offered on the market at their face without discount and amounting to \$618, the finance committee deemed them a good investment for their surplus and advised the treasurer to take them up, which was accordingly done and they were ordered cancelled by the council. This total of \$1,437.35 leaves a balance forward of \$622.43, which at the last meeting of the old council, was further reduced to \$149.43. Thus, while the resources in sight are small, the city is without any indebtedness, and the only incorporated city in the state of like age (seven years) that has never levied a tax and kept out of debt.

As to accomplishments, which they may appear small when they are enumerated, they mean the very foundations of future improvements, and had they not been studied carefully while there was no incentive to rush them, they might easily have been inadequately considered when in the future they need to be shown for permanent street improvements, sewers, etc. They may be enumerated as the ordinances establishing surveyor's monuments and locating the block lines, subdividing the grades of streets within that portion of the incorporate limits at present principally occupied by business houses and residences, protecting our natural oak trees, the beauty and glory of our city, and providing in the near future for a complete plan of sewerage for the district now needing it, which plan may be indefinitely extended to such areas as may become sufficiently populated to need it lastly, though not a city expense, the electric plant with power from Hood river now so successfully supplying our citizens with light, is destined to become one of the chief elements of prosperity to us through its utilization as a power plant, and the building up of manufacturing industries among us.

There are a few recommendations which will doubtless be repetitions of suggestions heard in the council chamber from time to time, but which I deem of sufficient importance to impress on you in this prominent manner.

An ordinance should provide for the more definite succession of newly elected members of the council to the seats of those retiring and thus avoid the possibility of future strife on this subject.

An ordinance should provide for enforcing the provisions of sec. 116 of the charter relative to the platting of additions.

An ordinance should provide a penalty against parents or guardians who permit children to handle or use any fire arms in public fire arms of any and all descriptions.

An ordinance should provide the width to which streets and roads in the city should be improved from year to year, so as to make and keep same uniform under changing commissioners and supervisors, and prevent unnecessary damage to abutting property.

The council should endeavor to continue the past harmonious relations with the county court to the end that the county roads leading to and through the city may be improved commensurate with our needs, and that the road district comprising our incorporate limits be under our control through the appointment as supervisor of each district of an officer of the street commissioner.

I hesitate to recommend the special two-mile road law, but suggest it as the best judgment, only noting that under present division of road and street work there is absolutely no fund for the general fund available for street work.

The council should take steps at an early day to provide against the possible alienation of any portion of the public property through possession in an indefinite time, by those using them, and last, though not least, in view of the rapid

Council Proceedings.

An adjourned meeting of the common council was held last Thursday evening in the new council chambers.

Present—Mayor Brosius, Aldermen Bell, Blowers, Luckey and McDonald, and Recorder Nicholson.

Minutes of late meetings were read and approved.

McDonald, from special committee on sewerage, reported that Surveyor Clark was waiting for the order for the extension of First street. The sewers will empty from First street.

After some discussion upon the question of leasing Columbia street, McDonald moved that the mayor and recorder be empowered to draw up a lease, for length of time not exceeding ten years, giving the DuPonts First Class the whole of the Columbia street mentioned in the ordinance vacating the same at a nominal rental. Carried.

Report of the council and treasurer were read and accepted. Following is a synopsis of the recorder's report:

In hands of treasurer per his report January 1, 1901, \$ 225.45

Licenses collected for 1901, 1,367.00

Fines collected for 1901, 44.90

Total, \$1,737.35

Warrants drawn, 795.92

Balance, 941.43

Post-house warrants paid, 618.00

Balance in treasury, 323.43

There were 24 pieces in the recorder's court during the year 1901.
