ELEVEN MEET DEATH.

Fatal Fire in a St. Louis Hotel—Several Dangerously Injured.

St. Louis, Feb. 12.—An early morning fire which destroyed a large three-story dwelling house occupied by men exclusively, caused the death of 11 persons—10 men and one woman—and dangerously injured seven others. A dozen or more had narrow escapes from death received less serious injuries or were frostbitten. It is estimated that between 25 and 40 persons were in the building at the time the fire broke out, and it is believed that all have been accounted for. The financial loss will cover the damage to building and contents, which were totally destroyed. The fire started about 3:30 A. M., when few people were abroad, and

will be to care for her own without appealing to the charity of other communities and states. The great manufacturing plants of the place are safe and the community, temporarily dazed by the calamity, has already commenced the work of reorganization and restoration.

The fire began its work of destruction at the power house of the Jersey City Hoboken & Paterson Traction Company, which fronted on Broadway and extended a block to the rear of Van Houten street. It commenced in the car shed and was burning fiercely when one of the employees detected it. It was leaping through the roof and the gale was lifting it in forks and whirls when the fire apparatus came into the roadway at Van Houten and Main streets. The firemen tried to hem the blaze in, but it skipped across Van Houten street in one direction and Main street in another, and gaining vigor as it went, burned unchecked down into the business district. Every piece of fire mechanism in the city was called out, but the fire and gale were masters.

The fire came at midnight and was only checked after a desperate fight that lasted until late this afternoon. Every city and town within reach of Paterson sent firemen and apparatus to the aid of the city, and it took the united efforts of them all to win the battle. A northerly gale gave the conflagration its impetus and carried its burning brands to kindle the blaze afresh at other points. The firemen made stand after stand before the wall of fire, but were repeatedly driven back, and when victory finally came to them they were grimed and exhausted.

EXTENDED MONROE DOCTRINE.
Hobson Would Have It Reach to the Walls of Peking.

New Haven, Conn., Feb. 8.—Captain R. P. Hobson, who was a guest of the New Haven Business Men's association at their annual banquet, urged that the Monroe doctrine be extended to the Philippines and to the walls of Peking, declaring that Europeans should not partition China, but open it to the trade of the world, as the United States opened Japan. Among the dangers that face Europe, he mentioned a possible Slavic invasion, in the event of which, he said, it would fall to the lot of the United States to assist in saving Europe from general war. Without a relatively powerful navy, such action would be manifestly impossible.

Smallpox at Reno.
Reno, Nev., Feb. 11.—Several new cases of smallpox are reported in Reno, among the whites, and the state board of health has declared a smallpox epidemic in Reno, and will probably order the public schools closed.

Thirteen Persons Killed.
Panama, Feb. 11.—An accident in the Church of Horrochites, in Chiriqui, resulted in the death of 13 persons and the severe wounding of 30 others.

Buried Money Stolen.
Odell, Neb., Feb. 11.—The sum of \$2,700 has been stolen from Mrs. Scramble, a Bohemian widow, who lives north of this town. Several days ago she received the money in payment for a farm she had sold. Being distrustful of banks, she placed the money in a tin can, which she placed beneath the floor of her chicken house. When Mrs. Scramble went to get it, it was gone. Search is being made for the treasure, but no clue has been found.

Raided by Outlaws.
Alamogordo, N. M., Feb. 11.—News has been received here of a raid on the store of the New Mercantile Company, at Fort Sumner, by a gang of outlaws, supposed to be the same that recently robbed a bank and pay car at Santa Rosa. One of the employees of the store was killed and \$400 in cash taken. The gang is headed for the Capitan mountains and is being pursued by a sheriff's posse.

Favorable Report on Pension Bill.
Washington, Feb. 12.—The senate committee on pensions has authorized a favorable report of the bill introduced by Senator Jones of Arkansas, increasing the pensions of Mexican war veterans.

Georgia Town Destroyed.
Elberton, Ga., Feb. 12.—Fire here early today destroyed nearly all of the business section of this city, doing damage estimated at \$100,000.

TEN MILLION DOLLAR FIRE.

Business Portion of Paterson, N. J., Destroyed—1,000 Families Homeless.

Paterson, N. J., Feb. 11.—A great fire swept through Paterson today and in its desolate wake are the embers and ashes of property valued at \$10,000,000. It burned its way through the business section of the city and claimed as its own a majority of the finer structures devoted to commercial, civic, educational and religious use, as well as scores of homes. There was but small tribute of life and injury to the conflagration, but thousands were left homeless and many thousands without employment.

A relief movement for the care of those unprotected and unprovided for has already been organized and Mayor John Hincliffe says that Paterson

VALUE OF DANISH ISLES.

Latest Acquisition of Great Strategic Importance—Provision of Treaty Explained.

Washington, Feb. 10.—The recent favorable report by the senate committee on foreign relations on the treaty for the cession of the Danish West Indies was accompanied by a written statement by the committee to the senate. This report holds that during 1900 the islands exported to the United States sugar, molasses and distilled spirits amounting to \$568,945, and that during the same period the importations from the United States amounted to \$223,524. The annexation of the islands was sought by the United States years ago, and as far back as 1867 Denmark declined to sell the islands for \$5,000,000, but made a proposition to part with them for \$15,000,000. Secretary Seward offered \$7,500,000, which was declined. He afterwards agreed to pay that amount for the islands of St. Thomas and St. John, but the trade fell through because of complications which arose. Continuing the report says:

These islands, together with Porto Rico, are of great importance in a strategic way, whether the strategy be military or commercial. St. Thomas is a natural point of call for all European trade bound to the West Indies, Central America or Northern South America. These islands, together with Porto Rico, form the northwestern corner of the Caribbean sea and are of great importance in connection with the American isthmus, where a canal will be constructed between the Atlantic and the Pacific. They are of first importance in connection with our relations to the region of the Orinoco and the Amazon and with our control of the Windward Passage. In view of the isthmian canal and European settlements in South America, every additional acquisition by the United States is of value.

BIG BOOST FOR LINE.
\$100,000 Raised for the Goldendale-Portland Railroad.

Goldendale, Wash., Feb. 10.—The citizens of Goldendale and Klickitat county have raised \$100,000 for the right of way for the railroad from this city to Portland. The committee in charge of this matter considers this amount sufficient to secure the right of way from Goldendale to Lyle, 41 miles. All rights of way have been secured, excepting three or four between Goldendale and the head of Swale canyon, a distance of about 18 miles, through the farming part of Klickitat county. The rest of the route will be secured principally through government lands, there being but few settlers and a few Indian claims along the Big Klickitat, therefore little trouble will be encountered on this route.

Contracts have not yet been signed, but it is expected that work will commence on the grading within 30 days. The company organized for the purpose of building this line will reserve two years in which to complete the line from Lyle to Goldendale, but expects to carry the entire project to completion this year. Property valuations have already advanced perceptibly in the vicinity of Goldendale and along the route of the proposed road.

ROOSEVELT WILL NOT BE REWARDED FOR HIS WAR SERVICE.
Washington, Feb. 11.—The president has approved, with one notable exception, all the recommendations made by the War Department. General MacArthur was president for the bestowal of a brevet rank on all the officers of the army who rendered especially meritorious services during the war with Spain and in the subsequent campaigns in the Philippines and China. The exception noted in the case of Theodore Roosevelt, who was awarded the brevets of colonel and brigadier general for distinguished services at San Juan and Santiago. Under the law these brevets require the confirmation of the senate and the nominations have been approved for transmission to that body during the week, but, as already stated, the list will not contain the name of the president. It is expected that the medals of honor and certificates of merit recommended by the board for individual officers, which also have been approved by the president, will be announced at the war department this week. These awards do not require the sanction of the senate.

BOERS TAKEN BY SURPRISE.
Albert's Commando Falls into British Hands After Short Fight.

Johannesburg, Feb. 11.—At 11 o'clock last Thursday night Colonel Kekewich, having ascertained the whereabouts of Commandant Albert's laager at Grulfontein, sent men to capture it. The British force arrived at daybreak and immediately stamped the horses of the Boers with pompons and a well directed rifle fire. The Boers were completely surprised, and after a short reply to the British attack practically the total commando fell into the hands of the attacking force, who captured 131 prisoners, including Commandant Albert and Potgieter and Cornet Duffless.

Another Subway Explosion.
New York, Feb. 8.—An explosion of dynamite in the rapid transit subway in Park avenue, between Forty-first and Forty-second streets, hurled a piece of rock weighing 30 pounds through the plate glass door of the Grand Union hotel, and broke several windows in that establishment
