While pondering what to do, a tie inspector came along from town. Train No. 6 from the East was late that morning and was expected at any time.

The tie inspector left the boy to flag the train if one came along, while he came back to town and got four or five men to go back with him to roll off the rocks.

The tie inspector placed two torpedoes on the track to give warning, and when No. 6 came along and the torpedoes went off it is said there was consternation among the passengers and their hands instinctively went to their pocket books.

There will be a joint discussion between the Pine Grove and Odell literary societies at the Odell school house on Thursday evening, Feb. 14, at 7:30.

F. P. Friday advertises in the Glacier for five pairs of silver gray squirrels. He desires to shelter them and feed them and see them increase and disport upon our oak trees in the town.

These beautiful animals can do no harm and would be an everlasting source of pleasure to all lovers of nature. Mr. Friday is a true friend of the silver gray squirrel and says he will prosecute any person who will shoot these animals out of season.

If they can once more be allowed to enjoy life in our parks and private grounds there should be an ordinance providing for their protection. Lincoln day was appropriately observed in Hood River. A full house greeted the speakers at A. O. U. hall.

The meeting, presided over by the commander of Canby post, J. W. Rigby, was opened by the audience singing "America." Then followed a play at the U. B. church, by W. Jenkins, J. L. Hershner, H. C. White Salmon Side. White Salmon people are fairly surprised at the appearance of one foot of snow, but we are glad we don't live at Trout Lake, where it is ten feet deep.

We are glad, also, that the snow is accompanied by rain. It will be a great help to our coming crop of strawberries. Rev. J. W. Jones is conducting a program meeting at the U. B. church.

He says he will keep it up as long as the people come. They turn out well—the sleighing is good. Robert Cox is bringing in and locating a great number of homesteads in timber near Trout Lake, seven going out in one conveyance this week.

A good time was had at the dance at White Salmon Falls school house. The proceeds go to the district. T. W. Myers has obtained both the Trout Lake and Glenwood mill contracts.

C. M. Wolfard purchased the house and lot formerly occupied by A. J. Ward, on Front street. The two families just changed residences. Mr. Wolfard says he will like his new home very well when Mr. Jewett gets the city water works completed.

At present he has to depend on hauling water in a cart but the cart is busted and the Ward house is "dry." Hurrah for the new steam ferry! Thomas & Son and Wolfard are preparing to lay in large stocks of goods to accommodate their Hood River customers who will cross on the new ferry to go where they can get goods cheap.

Crupper Croppings. Still it snows. If it keeps up this kind of weather two weeks longer there will be some busting around for hay. Snow has fallen to the depth of nearly two feet altogether.

The literary and debating society met last Friday night and was opened by President Fred Taylor and Secretary Fred Gates. The Dalles Chronicle of Monday says: "Much sympathy is expressed for Mr. and Mrs. Truman Butler in the loss of their infant son, Leslie Leamer, and hearts are broken at the news. Instead of two months they could not have been more over his loss. The little one seemed to feel slightly ill on Friday and Saturday morning, but in a few hours grew suddenly worse and died about 2 o'clock, the trouble being congestion of the stomach. Accompanied by Leslie Butler and Miss Lucia they arrived on the noon train yesterday from Hood River, and were met by a number of their friends who accompanied them to the cemetery, where the little one was laid to rest in the Butler lot. Rev. D. V. Poling offered prayer and Messrs. Crandall, Davenport, Puling and Northrup sang "My Faith Looks up to Thee." The tiny grave was a bank of flowers offsetting the gloomy surroundings."
