MADE A CLEAN SWEEP.

Bell Crushes Rebellion in Batangas Province at Expense of Other Districts.

Manila, Feb. 19.—General J. Franklin Bell has practically cleaned up the insurrection in Batangas province, the troops under his command having made a clean sweep of the district. It is not believed that all the insurgents have been captured or surrendered, but that a number of them have been taken by the insurgents to other provinces or safely hidden.

The increase of robber bands in the provinces of Tabayas and Cavite show the effects of the drastic measures adopted in Batangas and Laguna provinces. General Bell says the people of these latter provinces never realized the terrors of war until they personally experienced its hardships, owing to the closing of the ports and the concentration of the natives in the towns.

General Bell believes that the insurgent leader, Malvar, is becoming extremely unpopular with the Filipinos, and that when the natives cease to fear his vengeance, many will be found willing to betray him. What has been said of Batangas province applies almost equally to Laguna.

The United States transport Wright, which sank in 15 feet of water, November 28 last, by striking an uncharted rock at the entrance of San Jacinto harbor, and which was successfully raised this month, has arrived at Cavite in tow of the gunboat Wompatuck. The Wright has six holes in her bottom, which have been temporarily patched. She will be dry-docked immediately.

Admiral Dewey was asked to dine with Prince Henry, but had to decline, owing to the illness of Mrs. Dewey.

The bill to repeal the war taxes was unanimously passed by the house, every member voting in favor of it. It may, however, be amended in the senate.

W. D. JENKINS DIES.

He Was Secretary of State of Washington From 1897 to 1902.

Olympia, Feb. 17.—Word has been received here from San Francisco that ex-Secretary of State Will D. Jenkins died in that city Saturday morning. Mr. Jenkins left Olympia a year ago for California, where he was interested in an oil company.

Will D. Jenkins was one of the prominent men of Washington. He was a native of Indiana, being born in Tippecanoe in 1841. At an early age he came West and settled in Kansas, where at 16 years of age he established a weekly newspaper called the Clarion.

Some few years later he established the Smith County Pioneer, which is now one of the leading county papers of that state. In 1881 Mr. Jenkins came to Washington and located at Seattle. He aided in establishing the Daily Chronicle and helped edit that paper when it was the leading state journal. In 1883 he removed to Whatcom and with others established the Daily Reveille. Later, he served three terms as mayor of that city. In 1890 he was census taker for Western Washington.

Shortly after the formation of the Populist party, in 1892, Mr. Jenkins became one of its leaders. In 1896 he was nominated by that party for secretary of state and was elected. Since retiring from office a year ago, he had interested himself in oil ventures.

About two years ago he was stricken with a malady that puzzled the physicians, but later it was diagnosed as an abscess, and from this he has never recovered. He leaves a wife and five children, three girls and two boys.

MERGING SAVINGS BANKS.

Big Consolidation Scheme That is Under Way at Cleveland.

Cleveland, Feb. 18.—At three meetings held during the past week, the preliminary arrangements were completed in this city for one of the most gigantic bank consolidations in the history of money and banking in Ohio. In general the plan contemplates the consolidation of nearly all the smaller savings banks in Cleveland and will eventually absorb a number of banks in nearby towns. The elimination of the smaller savings banks means their absorption into one great associated bank to be located somewhere in the heart of the city, with a capitalization of more than \$1,000,000. At first no new capital stock will be issued, but the capital stock of all the banks going into the associated bank will be turned into a pool to form the capital stock of the combined bank. It is planned to include in the consolidation from the start all the smaller outlying banks in the city, some 15 or 20 in number. It is not probable that the names of the banks interested will be announced until all have signed the agreement.

CLEARED OF YELLOW JACK.

Havana is in Better Condition Than It Has Been for 100 Years.

Havana, Feb. 18.—Major W. C. Gorges, chief sanitary officer of Havana, says the principal work of the sanitary department for the past year has had for its object the extermination of yellow fever, and that he has many reasons to believe Havana has been actually purged from the disease. During the past 100 years, Major Gorges says, yellow fever has been epidemic in Cuba, and all sanitary measures that have been taken have had no effect. General disinfection, as carried out in other diseases, had been tried to no purpose, but yellow fever disappeared upon the introduction of the system based on the killing of infected mosquitoes, on the theory that by such means only could the disease be transmitted. Since September 28, 1901, not a single case of the fever has been reported, and this condition is so unusual that, in the opinion of Major Gorges, it puts aside all question of chance.

Hundreds Were Killed.

St. Petersburg, Feb. 18.—The latest news received here from Shamaka confirms the appalling character of the earthquake at that place, and adds that 300 corpses have already been taken out of the ruins. The piles of wreckage are so vast that the search is necessarily slow. Most of the victims were Mussulmans. The survivors are encamped outside the ruins of the city.

Report is Confirmed.

Washington, Feb. 18.—The state department has received cable advice confirming the report that the ransom money for Miss Stone has been paid to the brigand captors. It is not known when her release will occur, but it is understood that the brigands have made a condition that they shall have a period of a week or ten days in which to make sure of their safe retreat before the prisoner is given up.

Industrial Commission Empies.

Washington, Feb. 18.—The industrial commission, created several years ago to investigate industrial problems and report on them with recommendations to congress, has expired by limitation of law. The quarters of the commission have been dismantled of most of the furniture, but a number of the commissioners, a clerk and a messenger will be here for several days longer, closing up affairs.

Strike of Machine Works.

South Bend, Ind., Feb. 19.—All the employees of the Singer Sewing Machine works, numbering over 1,600, went on strike today. The strike was started by about 450 shapers quitting work because of the alleged exaction of a foreman brought here from New Jersey.

Bald Safe Robbery.

Northampton, Mass., Feb. 19.—Five men early today overpowered the watchman in the street railway company's office, blew open two safes and secured \$200 in cash and \$300 in checks.

NO MORE WAR TAX

HOUSE PASSES BILL WITHOUT A WORD OF DEBATE.

Outcome of a Challenge—Richardson, of Tennessee, Makes a Request for Unanimous Consent That the Bill be Put on Passage After Adoption of Order for Consideration—Vote was Unanimous.

Washington, Feb. 18.—The unexpected happened in the house yesterday when the bill to repeal the war revenue taxes was passed unanimously without a word of debate. This action was the outcome of a challenge thrown down by Richardson, of Tennessee, the minority leader, after the adoption, by a strict party vote, of a special order for the consideration of the bill which permitted debate until 4 o'clock this afternoon, but cut off all opportunity of offering amendments, except such as had been agreed upon by the ways and means committee. The adoption of the rule had been preceded by a stormy debate, in the course of which the Democrats protested against the application of the " gag," which Hay (Dem. Va.) charged was a violation of a free expression, not only by the Democrats, but by some of the Republicans, attention being especially directed toward Babcock (Rep. Wis.) the father of the bill, to amend the steel schedule of the present law. They also charged that such a method of procedure was minimizing the influence of the house, making it simply a machine to register the decrees of the few men in control. When the rule was adopted by a vote of 158 to 120, Richardson (Dem. Tenn.) to emphasize the fact that debate on the bill could accomplish nothing, and deliberation on it would be fruitless, asked unanimous consent that the bill be placed on its passage. Not an objection was voiced, and the vote was taken forthwith. Every vote, 278 in number, was cast in the affirmative.

DANISH TREATY RATIFIED.

Senate Concludes the Deal for Purchase of the Danish West Indies.

Washington, Feb. 18.—Yesterday, in a little more than an hour's time, the senate disposed of the treaty with Denmark, ceding to the United States for a consideration of \$5,000,000 the islands of St. Thomas, St. John and St. Croix, composing the group of Antilles known as the Danish West Indies, and lying just east of Porto Rico
