being reseeded. In Oregon the greater part of the damage is confined to Umatilla county, but some of the exposed patches in Morrow county were also touched sufficiently to demand reseeding of the whole or progress we have made in the last year, a part of the affected farms. Between Umatilla county and Eureka Flat the damage runs in places as high as 75 per cent. Over toward Dayton the damage is lighter, and as there is very little winter wheat in that vicinity, the effect will not be felt. The cold wave swent seroes Snake river and killed a lot of wheat on the new acreage around Washtucna, then hit the high spots again in the vicinity of Ritzville. In the heart of the Palouse around Colfax, Garfield and St. John entire fields were wiped out, and the per centage of damage throughout that section was very high. It struck the Idaho line south of Moscow, but the effect was milder
