## ISTHMIAN CANAL RIGHTS.

Nicaragua and Costa Rica Negotiating with United States.

Washington, April 9.—It is understood that Mr. Corea, the Nicaraguan minister here, has forwarded to his government a proposition as to the price the United States would be likely to pay for Nicaragua canal rights, the proposition having been submitted to the minister by Secretary Hay. Secretary Hay's proposition is said to be in the nature of counter proposal to that set out in the canal protocol drafted by United States Minister Merry last year.

Mr. Corea, for Nicaragua, and Minister Calvo, for Costa Rica, have decided to do away with the protocol stage in their negotiations regarding a canal, and are preparing drafts of treaties which will embody the terms under which their respective governments will cede the necessary canal rights. These treaty drafts are expected to be complete by the end of the current week. By that time Mr. Corea expects to receive his final instructions from his government, including the decision respecting Secretary Hay's proposal.

**BIG IRRIGATION QUESTION.**  
May Colorado Take Water That Would Flow Through Kansas?

Washington, April 9.—The United States supreme court, in an opinion delivered by Chief Justice Fuller today, overruled the demurrer of the state of Colorado in the case of the state of Kansas vs. the state of Colorado.

The case involves the right of Colorado to appropriate for purposes of irrigation the waters of the Arkansas river, which Kansas sought by an original action to restrain on the ground that the stream flows through Kansas and the people of the latter state are injured by such an appropriation of the water. The chief justice said that the case is one in which the court can properly assume jurisdiction. He said also that the action of the court in overruling the demurrer was intended to be without prejudice, but was taken because the importance of the case was such that it should not be decided without full proof on the questions set up in the allegations of damage made by the state of Kansas.

## STANDS GAVE WAY.

Five Spectators Killed and Many Injured at a Football Game at Glasgow.

Glasgow, April 8.—The struggle of the crowds which gathered at Ibrox park today to witness the last international association football contest between teams from England and Scotland caused the collapse of a portion of the spectators' terraces, resulting in the death of five persons and the injury of 125.

When the game began 70,000 spectators were on the ground and an immense crowd had gathered outside. Being unable to gain admittance, the crowd broke down some of the barriers and swarmed upon the field, whereupon the police charged and drove the intruders upon the terraces and seats, with the result that the railing dividing the terraces was broken and the people were thrown over each other.

In the frantic struggle toward the exits the pressure toward the upper portion of the westerly terrace was so great that 100 feet of the highest of the structure collapsed under the weight of the crowd driven upon it, precipitating the mass of people to the ground, 60 feet below. The injured were piled in heaps, wedged in with broken wood.

The onlookers hesitated to approach the dangling structure at first, but finally began to utilize portions of the broken terraces as ladders. A hundred of the most seriously injured were carried to the pavilion and to spaces in the rear of the stands. A majority of the victims are suffering from broken ribs and fractured limbs, while some sustained internal injuries. Those most severely injured were removed in ambulances to infirmaries, and the lesser sufferers were sent in cabs to surgeries. Six of the injured are not likely to recover. A few persons were trampled upon in trying to escape from the crush when the police charged, but most of the victims sustained their injuries in the fall of the terrace.

**THE DANISH TREATY.**  
Lanshing Continues the Debate Without Reaching Conclusions.

Copenhagen, April 8.—The landing, or upper house, in secret session today continued the discussion of the Danish West Indies treaty for three hours with no result. The debate was heated, and much excitement prevailed among the members. It is hoped that the meeting of the land-thing tomorrow will enable the house to report its conclusions.

A meeting of the members of the opposition in the land-thing was held tonight and an exciting debate occurred. A majority of those present declared themselves in favor of the sale of the islands, but demanded that a plebiscite be taken.

The opposition press is engaged in a violent agitation against the government. The National Tidende today announced that the right party of the land-thing is now in favor of the cessation of the islands to the United States, if the consent of the inhabitants of the islands is obtained.
