EVENTS OF THE DAY

FROM THE FOUR QUARTERS OF THE WORLD.

A Comprehensive Review of the Important Happenings of the Past Week, Presented in a Condensed Form, Which is Most Likely to Prove of Interest to Our Many Readers.

Another revolution has broken out in Santo Domingo.

The insurrection in the island of Samar is practically at an end.

The storm in Wyoming of the past week killed from 12,000 to 15,000 sheep.

A magnificent silver service was presented to Admiral Schley on the first day of his visit to Memphis.

Three of the crew were drowned in the wreck of the steamer Gribble, of Cleveland, off Point Pelee, Ohio.

The furnace men at the East Helena smelter, at Helena, Mont., have gone on strike for recognition of their union.

The attorney general of Missouri is now proceeding in the supreme court of that state in an attempt to break up the best trust.

Five men of the constabulary were ambushed near Manila and one of them killed and another injured. The insurgents were armed with Mauser rifles.

Five were killed in a powder explosion at Shenandoah, Pa.

Illegal recruiting in the cause of much disorder in Finland.

Seven bodies have been recovered from the Pittsburg wreck.

Senator Allison says some form of reciprocity will be granted to Cuba.

Hayti has promised to give Germany a naval station at Mole St. Nicholas.

Five men in jail at Salem, Or., secured a saw and nearly gained their freedom.

The town of Herkimer, Kan., was almost destroyed by fire, which entailed a loss of \$100,000.

It is possible to send a message to a vessel 500 miles from land by the new Feudstein system of wireless telegraphy.

Chalmers E. Shuff has been sentenced to death at Wallace, Idaho, for the murder of Eugene Klein, at Maceo, in that state.

The form of the coronation of King Edward will consist of 26 sections and will end with the crowning of Queen Alexandra.

The strikers of the Singer Sewing Machine Company, at South Bend, Ind., have lost their strike and gone back to the company's terms.

The Marquis of Queensbury has been declared a bankrupt.

Congressman Cummings, of New York, is seriously ill.

Saturday was Oregon day at the Charleston exposition.

Henry Schwab was hanged at Newark, N. J., for the murder of his wife and child.

The Boer agents in America are trying to induce President Kruger to visit this country.

With peace perhaps in sight, England is still sending men and munitions of war to South Africa.

A vigilance committee has been organized in Chicago to drive the rougher element from one of the wards.

The majority of the inhabitants of the Danish West Indies are in favor of their sale to the United States.

Two New Yorkers have been held for trial under the new law against the distribution of anarchistic literature.

The petition for an injunction against Miss Stone lecturing under a certain management was denied at Boston.

Colombian insurgents have captured Rio Hacha after an engagement lasting many hours. The losses sustained are unknown.

Heavy rains have relieved the situation in Kansas.

TRADE REVIEW.

American Goods in Great Demand in South American Countries.

Washington, April 29.—American goods find a steady and ever increasing market in Brazil, but our export trade to Brazil, it is said, will never reach its proper development so long as our merchandise has to seek foreign bottoms. It is pointed out that if a line of modern steamers were operated between New York and Brazil, there would be no lack of return freights in coffee, rubber and like products. American hardware, also, it is stated, has earned a reputation for quality and finish which places it beyond competition.

It is a notable fact that many young Brazilians are coming to this country to complete their careers of learning, whereas, until recent years, the better class from that country were sent to Portugal, France or Germany to acquire their literary, professional and scientific training. Now also English is being taught in some of the higher schools of Brazil.

In the Argentine Republic the American goods making the greatest headway are tools, implements, cotton goods, shoes and specialties. A banker of Rosario recently reported that for the half year ended June 30, 1901, the increase of transactions between his house and the United States had been 131 per cent, and he understood that other banks had had similar experiences. But while we are materially increasing the aggregate of our trade with Argentina, here, also, the absence of direct steamship communication is a handicap.

In Chile, where lumbering is the chief industry in its southern provinces, practically all of the wood is cut by mills of American construction. All of the machinery used in the production of flour also comes from the United States.

On account of the political disturbances in Colombia, imports from the United States have increased only slightly. The imports from all other countries have remained stationary.

United States trade with Ecuador shows a gratifying increase, due to purchases for the Guayaquil-Quito railroad, better and quicker transportation, lower freight rates and the coming of American commercial travelers.

FILIPINOS SURRENDER.
Pierce Insurgents of Samar Capitulate by the Hundreds.

Manila, April 30.—General Frederick D. Grant's expedition in the gulleets Basco and Florida, several steam launches and native lighters, has ascended the Gabarra river in the island of Samar, and has brought the insurgent leader Guevara and his entire command down to the post. Guevara's command consisted of Rafael Restain, Akbi and 38 other officers, 189 men and 161 rifles.

Three hundred insurgents with 131 rifles are expected at Cataganan, Samar to surrender formally to the American authorities. Three thousand bolomen, 28 of them armed with rifles, has surrendered at Sulat, also in Samar.

Surrender in Negros.
Captain Kennon, of the Sixth infantry, reports from the island of Negros the surrender of the ladron leader, Rulo, with 158 officers and men of his command, together with 12 guns, 140 bolts, seven spears and a few revolvers and daggers. Captain Kennon says this surrender means the opening up of the whole of the southern coast of the island of Negros.

The cholera situation in the islands does not show any improvement. Cholera cases are reported among the American soldiers in Carinae provinces of South Luzon and elsewhere, but so far American troops have not been attacked and the disease is confined to natives and Chinamen. In Manila there have been 555 cases and 445 deaths from the cholera, while the provinces report 1,399 cases and 1,169 deaths.

JAILED IN ITALY.
Men from United States Cruiser Chicago Get Heavy Sentences.

Venice, Italy, April 30.—All the members of the crew of the United States cruiser Chicago, arrested for disorderly conduct here yesterday, have been sentenced to terms of imprisonment, ranging from three to four months each. Captain Robert P. Wynne, commanding the marine guard of the Chicago; Robert E. Ledbetter, assistant surgeon of the Chicago; Lieutenant John S. Dorringer, of the Chicago, and a marine named Wilfred Langley are the men sentenced.

At their trial in the Venetian court, the prisoners admitted that they were intoxicated when the disorders occurred, and pleaded that they acted in self defense when mobbed by the crowd. The public prosecutor demanded a sentence of seven months' imprisonment for Assistant Surgeon Ledbetter, and sentences of six months' imprisonment for the others.

It is understood that the prisoners will pay the costs of the trial and compensate the persons who sustained injuries as a result of their disorderly conduct. Two of the injured persons claim 160 pounds each.

Richardson Returns from Alaska.
Seattle, April 30.—Captain W. P. Richardson, United States army, who, according to reports from the national capital, was dispatched to Alaska to investigate the alleged destruction of Russian monuments defining the international line between Alaska and Canada, has returned from the north. He would neither affirm nor deny that he has the second meteoric stone that is known to have fallen in Switzerland.

The steel vessel builders on the Great Lakes are assured a year of great activity. The contracts for 1902 aggregate a carrying capacity of 3,000,000 tons. This will be an addition of 10 per cent to the present lake tonnage.

An aerolite fell near Chattanooga the other day. The stone was triangular in shape, of a dark gray color, about eleven ounces in weight. This is only the second meteoric stone that is known to have fallen in Switzerland.

The German naval budget this year calls for about \$50,000,000, while Great Britain asks for about \$115,000,000.

Dutch fishermen are accused of showing their pro-Berber sentiments by attacking upon English fishermen in the North sea.

During the past ten years 249 accidents have occurred in the Swiss mountains, resulting in 313 deaths. Thirty-seven of the victims were guides.

Of the whole number 237 deaths could have been prevented by the observance of common precautionary rules.

NEWS OF THE STATE

ITEMS OF INTEREST FROM ALL PARTS OF OREGON.

Commercial and Financial Happenings of Importance—A Brief Review of the Growth and Improvements of the Many Industries Throughout Our Thriving Commonwealth—Latest Market Report.

Wheeler had Lincoln counties have paid their 1901 state taxes in full.

Mrs. Ann Bowen, a pioneer of Oregon, died in Baker City, aged 73 years.

Cummings & Cole have sold their sawmill at Sandy to two men of Orient. The consideration was \$1,524.85.

Sixty children were vaccinated at Oswego in one day. So far only one case of smallpox has developed there.

The board of trustees of the state reform school at Salem has awarded contracts for supplying that institution with 200 cords of fir wood.

Seven feet of snow is reported in some places on the mountains between Dallas and the Siletz Basin. Hundreds of timber claimants, however, are making their semi-annual trip.

Both sides to the strike at the woolen mills in Oregon City continue firm. The employees will not return to work until the present wages are established with 14 hours from the time of commencement. The employees are to be allowed full liberty when off duty.

MORTON IS DEAD.
The Ex-Secretary of Agriculture and Founder of Arbor Day Passes Away.

Chicago, April 29.—Hon. J. Sterling Morton, ex-secretary of agriculture, died at Lake Forest, at the home of his son, Mark Morton. For several weeks Mr. Morton has been gradually failing. The nature of his sickness had not been determined, and a week ago he was brought from his home at Nebraska City, Neb., to Lake Forest for medical attention. The change brought no improvement, and he declined gradually until death came.

Death was due to cerebral thrombosis. The illness of Secretary Morton dates from last November, when he contracted a severe cold while speaking at the stock show in Chicago. The cold ran into an attack of grippe, and Mr. Morton was in a hospital five or six days. When he was able to do so, he returned to his home in this city, where he suffered a relapse. After a partial recovery he left early in January for the city of Mexico, accompanied by his son, Mark Morton, vice president of the Santa Fe Railway. Mr. Morton continued to grow worse in the Southern country, however, and six weeks ago he returned to his old home in Nebraska. He then came to Chicago, where it was believed he would have better medical treatment. After he arrived here he improved somewhat, and it was believed for a time he would entirely recover from his ailment. Last week he suffered a stroke of apoplexy, from which he never recovered. A second stroke proved fatal.

His illness was attended by Mr. Morton, Joy Morton and Mark Morton, who were at the bedside when he died.

Spotted Fever Kills Eight.
Missoula, Mont., April 29.—The spotted fever scourge in the Bitter Root valley has broken out with greater virulence than at any time known within the history of the peculiar disease. Eight persons have already died of the strange malady within a week, and the deaths of several more are expected. Today a number of cases were reported to the authorities. The disease is now rampant elsewhere, and thus far has baffled the physicians. Nearly every victim that contracts the fever dies. The disease commences with a fever like typhoid, and spots begin to show all over the body. The spots increase in size and at death the victim is spotted like a rattlesnake.

Bloody Riots at Moscow.
Vienna, April 29.—A dispatch to the Allgemeine Zeitung from St. Petersburg, published today, announces that six riots of strikers have taken place at Moscow, and that the military dispersed the rioters with much bloodshed. One report says that 50 persons were killed or wounded. Revolts of peasants in the provinces of Southern Russia, the dispatch adds, are causing a more critical situation, particularly in the Ukraine, where the troops were required to suppress the outbreak.

Peace Prospects Improving.
London, April 29.—Cabling from Johannesburg, the correspondent of the Daily Telegraph says that General Delarey, with his staff, arrived at Klerksdorp yesterday. Special dispatches received here from Pretoria show that General Delarey had been in consultation with his command two days previously, and that the other Boer leaders are still conferring with the burghers. From this it is inferred that the prospects for peace are improving.

Large Railroad Deal.
St. Louis, April 29.—The Post Dispatch says: It was stated on good authority in financial circles today that the Mercantile Trust Company has finally closed a deal by the terms of which it pledges itself to finance the Tennessee Central Railroad to the amount of \$15,000,000. This is the largest transaction of its kind that has been made by a St. Louis financial institution.

Veteran Packer Sells Out.
Seattle, April 29.—George T. Myers, the pointer and veteran salmon packer of Puget sound, today closed out his entire plant here, consisting of machinery, fish traps, seines and other fishing outfits, together with the steam tug "George T." and "Sallie S." to different companies on Puget sound. It was a surprise to most of the people on Puget sound, as he is known to be the father of the salmon canning business on Puget sound, and has always been successful.

Thousands of Peasants Revolt.
St. Petersburg, April 30.—The peasants in the Polesya and Kharkoff provinces, where 18,000 are reported to be participating in riots, have already sacked 80 estates, where they destroyed everything they could not carry off. The whole region is terrorized and landowners and stewards are fleeing for safety. The fear is increasing that Kharkoff and other towns will be attacked. Some of the authorities are showing weakness and pacifism, while others are cruelly vigorous and are causing wholesale killings.

THE STRIKE ENDS.

San Francisco Street Car Men Have Demanded Grants.

San Francisco, April 29.—The strike on the street railway system of the United Railroads, which went into effect a week ago, is officially declared off. Victory rests with the employees, who are conceded all their principal demands. The United Railroads have granted an advance in wages, a 10 hour day and in a measure recognized the carmen's union.

On the question of unionism the agreement provides that the company will maintain such regulations as will enable full attention to all complaints made directly by its employees; will cause prompt investigation to be made of such complaints, and when it discovers the same to be well founded will rectify any wrongs found to exist. It will not, however, deal in matters involving the management of its own affairs with other than its own employees or committees thereof. The company recognizes the right of every person to belong or to refuse to belong to a labor union, and it will discharge no employee because of his connection with such a union.

The company agrees to pay a flat rate of 25 cents an hour, or 23½ cents an hour, together with a bonus for long service as the employ may elect. A rate of 30 cents per hour will be paid for overtime. All runs are to be finished within 14 hours from the time of commencement. The employees are to be allowed full liberty when off duty.

TORNADO IN TEXAS.
Five Persons Killed, Forty Injured, and Much Property Destroyed.

Dallas, Tex., April 30.—A telephone message from Morgan, Tex., says a tornado passed over Glenrose, a small town in Somerville county, between 5 and 6 o'clock this afternoon, killing five persons, injuring 40 more and demolishing much property.

The courthouse was badly damaged, a printing office was blown away, two saloons were badly damaged, Milam's warehouse was demolished, Lily & Sons' grocery store was blown away, a block's shop was destroyed and four buildings of Hendricks & Son were totally demolished.

One third of the business houses of the town were demolished. Assistance has been sent to Glenrose from Morgan, but it will be some time before anything like definite particulars are obtainable.

New Transcontinental Line.
Chicago, April 30.—Senator Kearns, of Utah, Perry S. Heath, also of Utah, and R. C. Kerens, of St. Louis, spent the day in Chicago, conferring regarding the affairs of the Los Angeles-Salt Lake railway. Mr. Kerens, in an interview, confirmed the recent reports that the Goulds have become interested with Senator Clark in this enterprise, and that the outcome of the alliance would be a new transcontinental line. Connections have been secured out to Bellinger, W. Va., from where a connection will be made with Newport News or Baltimore, either by purchase of the Western Maryland, owned by the city of Baltimore, or by the building of a new road.

Harmony Among Cubans.
Havana, April 30.—President-elect Palma left Bayamo early this morning for Manzanillo. At Yara he met General Bartolomeo Maso, the candidate for the Democratic party for the presidency of Cuba, but who withdrew from the campaign and received an affectionate greeting from him. General Maso pledged his support to the president-elect. The reception accorded Senator Palma at Manzanillo outdid any that has ever been there. The entire Spanish colony turned out in his honor.

Professor Strong Goes to Kansas.
Lawrence, Kan., April 29.—The regents of the University of Kansas have elected Dr. Frank Strong, now president of the University of Oregon, to be chancellor. He will take up his new duties at the beginning of the next school year. The salary to be paid Dr. Strong is \$4,500, the same that Dr. Snow, his predecessor, received.

Brownsville Bank Robbed.
Brownsville, April 30.—The vault of the Bank of Brownsville was robbed today at 12:30 o'clock, while Cashier J. H. Glass was at dinner. The exact amount stolen cannot be given at this time because of the fact that the books have not been posted. President W. F. Elmore places the amount at about \$1,500.

Increase National Bank Deposits.
Washington, April 30.—Secretary Shaw said today that on May 1 he would increase the deposits in national bank deposits by \$5,000,000 or thereabouts. He will designate a few additional depositories. It is understood further that increase in deposits will be made after May 1, as the repeal of the war revenue act is expected to result in a sharp decrease in the government receipts from the beginning of the fiscal year, when the law takes effect.

Fifty Injured in Wreck.
London, April 28.—Fifty persons were injured this morning in an accident on the Great Eastern Railway, near the Hackney Downs station. A train from Walthamstow, called the three penny train, was crossing a bridge, an axle of the car nearest the locomotive broke, and the coach jumped the rails, dashed into the side of the bridge and lodged across both tracks. The train was filled with workmen on their way to work.

Treaty's Second Reading.
Copenhagen, April 28.—The Danish majority report on the treaty providing for the sale of the Danish West India islands to the United States by a majority of 32. Twenty-eight members abstained from voting. The treaty will now be discussed by the folketing.

Howard Acquitted.
Frankfort, Ky., April 25.—Berry Howard, the alleged principal in the assassination of Governor Goebel, was acquitted today.

TO THE PRESIDENT

CHINESE EXCLUSION BILL HAS PASSED BOTH HOUSES.

It is the Geary Law Re-enacted with Slight Modifications—The Operation of the Law in the Philippines, Including Registration of Chinese Now There, is Placed in the Hands of the Philippine Commission.

Washington, April 30.—The conference on the Chinese exclusion bill has reached a complete agreement on the bill. Their report was submitted to the senate and house in the afternoon, and in each instance adopted without debate. The bill now goes to the president for his approval, which is assured by the firm stand he has taken for the measure.

The bill strikes out that portion of the senate bill limiting the extension of all existing laws to the life of the present treaty, and re-enacts them so far as is not inconsistent with the treaty obligations until otherwise provided by law, and extends the laws to our island territory so far as applicable. It allows Chinese to enter for exposition purposes and retains the provision regarding certification in the Philippines.

Senator Platt, of Connecticut, a member of the conference committee, by way of explanation in the senate stated that no definite limitation should be placed upon the operation of the Geary law, as re-enacted, but that it should remain in force until otherwise provided by law. He explained that the operation of the law in the Philippines, including a registration of Chinese in the islands, had been placed in the hands of the Philippine commission, but the commission would have no authority to admit Chinese to the islands.

TORNADO IN TEXAS.
Five Persons Killed, Forty Injured, and Much Property Destroyed.

Dallas, Tex., April 30.—A telephone message from Morgan, Tex., says a tornado passed over Glenrose, a small town in Somerville county, between 5 and 6 o'clock this afternoon, killing five persons, injuring 40 more and demolishing much property.

The courthouse was badly damaged, a printing office was blown away, two saloons were badly damaged, Milam's warehouse was demolished, Lily & Sons' grocery store was blown away, a block's shop was destroyed and four buildings of Hendricks & Son were totally demolished.

One third of the business houses of the town were demolished. Assistance has been sent to Glenrose from Morgan, but it will be some time before anything like definite particulars are obtainable.

New Transcontinental Line.
Chicago, April 30.—Senator Kearns, of Utah, Perry S. Heath, also of Utah, and R. C. Kerens, of St. Louis, spent the day in Chicago, conferring regarding the affairs of the Los Angeles-Salt Lake railway. Mr. Kerens, in an interview, confirmed the recent reports that the Goulds have become interested with Senator Clark in this enterprise, and that the outcome of the alliance would be a new transcontinental line.
