Persons who have been fishing in Neal creek had better look a little out for the officers of the law. Neal creek was stocked with Eastern brook trout two years ago, and the law protects the fish for four years from that time.

He left the store in charge of the children, Bert, Gladys and Ellsworth and went with the other members of the party to their woodland camp where he will rest and enjoy himself making cordwood for two or three days.

Mrs. O. B. Hartley was agreeably surprised last Sunday morning to receive a visit from her mother and sister who came all the way from Evanston, Ind. The balance of the family, all but Mrs. Hartley, knew they were on the way from a telegram received, and all went to the train at 4:30 Sunday morning to receive them. Mrs. Cyrus Logsdon and Miss Minnie Logsdon are the visitors and they expect to make a good long stay.

Dr. Riggs of Mt. Hood on Monday brought down a load of 24 boxes of Ben Davis and Oregon Beauty apples that were grown by him and Fred Knutson. Ten boxes were shipped to Portland and the balance bought by Hanna & Hartley at \$1.50 per box. The Ben Davis are sold as a dollar and would keep another year. The Ben Davis are fine cooking apples, and lovers of good apple pie will know where to find this favorite pie.

A. L. Mason of the Pine Grove district has cast his gauntlet as a champion of the initiative and referendum amendment and means business. This is a matter of the greatest importance to the people and should be studied from all sides, and if there be any who are opposed to the amendment let him communicate with Mr. Mason, arrange a date and discuss the issue. We can assure any such person that his honorable resistance will be met by Mr. Mason but from the entire Pine Grove community.

Col. W. F. Butcher, democratic candidate for congress, was killed to speak in Hood River last Saturday. He addressed a small audience, mostly republicans, in A. O. U. W. hall. Col. Butcher is an orator of the first rank and a very agreeable gentleman. He claimed there was very little difference between the democratic and republican platforms except in the plans relating to the Philippines. He argued that republicans of the second Oregon district should protest against the measures that have passed a republican congress to which they are opposed, and for the failure of congress to enact legislation they favored and that their protest in any manner would not be heeded more promptly than by electing him, a democrat, to congress.

Bellen & Arnold, contractors for building the K. of P. hall, are now putting the finishing touches on the building and soon Hood River will have a hall for general purposes to be proud of. W. H. Nason did the plastering. The building is one of the best and most substantial in the city. The main hall or auditorium is 60 x 60 feet, with a stage 20 x 40. The fraternal hall on the second floor is 40 x 50; ladies auxiliary room, 25 x 30. These halls are well supplied with property, rooms and kitchen. The building, when completed and furnished, will cost \$4,500.

J. W. Heaver received a paralytic stroke Tuesday evening, about 6 o'clock, and now lies in a critical condition at the home of F. W. Angus. He had called upon Mr. Angus and was talking of buying some chickens when he complained of a sharp pain in his head. Mr. Angus noticed he was about to fall, but before he could reach him he fell to the ground. Mr. Heaver is 52 years of age. He had suffered two strokes previously. He is being cared for at the home of Mr. Angus.

Van Johnson saw in the St. Louis Republic an inquiry about how moss gets started on trees and rocks. His reply is that moss gets its start from the dew and dampness remaining on the north side of the trees till the wind blows small particles of soil against the north side of the trees. The moss grows on the wind fall lodgment of the soil on the trees and rocks and the moss flourishes. Mr. Johnson is a philosopher, but he doesn't pretend to say how the moss gets its start.

The time of year for the street sprinkler to begin operations has again arrived. Wm. Thompson, the proprietor of the street sprinkler, will call upon the business men to subscribe weekly payments to keep the sprinkler at work. He is ready to begin sprinkling whenever the subscribers decide it is necessary, and the sprinkling will be discontinued at their option. Sprinkling the streets to keep down the dust is very necessary during our summer months.

Earl Bartness is now freight clerk at the depot in place of H. E. Estrin, recently transferred to the Portland office. M. C. Fuller of Grand Island, Nebraska, enroute to Portland, stopped off one train to visit with the family of his old time friend John McVay. Twenty-five years ago he was in the same train enroute to Iowa to Nebraska, where they have since resided. Mr. Fuller thinks this a great country, but a little too perpendicular for him.

Mr. L. W. Marcellus of Wasco, who spent a week visiting Mr. and Mrs. L. E. Clark, returned to her home Monday. Mrs. Marcellus will leave Wasco, June 17th for a trip to Europe. She will go with an excursion of Good Templars, who will attend the supreme lodge that meets this date at Stockholm, Sweden.

C. E. Markham sold 20 acres of his land on the north side of his home to H. D. Steward for \$400. Mr. Steward's farm has been in the possession of the family for the past two months, while he is engaged at painting in Portland. Mr. Steward will build on the 20 acres and make his home there.

Arnold & Bellen recommended work on the K. of P. hall building and proposed that the building be finished by Monday. The failure to get timber is the only reason the building has not been finished before now.

S. L. Young on Tuesday sold his place of 10 acres on the East Side to Charles Clough, from Elliott, Kansas. Consideration \$2,000. Mr. Young bought this land four years ago of D. A. Turner for \$125.00 an acre.

Mrs. Davidson, sr., and Arthur and Barton Davidson, who accompanied the remains of the late Lewis Davidson to La Crosse, Wisconsin, returned from their mission on Monday.

One of the largest audiences Hood River has furnished for some time greeted Hon. James Tate at the U. B. church last Thursday evening, to listen to an intelligent discussion of the liquor question. Mr. Tate pleaded for fair play and frequently brought in his doctrine in these words: "Treat all men alike, that's my doctrine." He said further, "You prohibit murder, theft, robbery, gambling, obscenity, prize fighting, because they are a menace to society. The saloon is a menace to society, why should it be licensed and protected?"

J. L. Mitchell, supreme secretary and manager of the Order of Washington, with headquarters in Portland and in town last Friday. He was announced to speak that evening, but was detained in Portland till the evening train. Mr. Mitchell will be remembered by many of our citizens as organizer for the order of Macabees, when seven years ago he spent some time in our town. He is an eloquent and forcible speaker and promises to visit Hood River again in the near future and deliver his address on fraternal insurance.

Remember the order of Washington pays while you live and it is a home company in the state of Oregon. Incorporated in 1883. Insures from 18 to 60 years of age. The organizer says he will organize at Hood River with a large membership. With this order the members have their money to use and enjoy when they are in need of carrying the burden of insurance then.

Charles F. Savage, wife and child, arrived Tuesday on the Regulator, coming from San Francisco. They came to make their homes in Hood River. Chas. F. Savage is a son of Mr. E. E.
