Hood River Glacier

FRIDAY, MAY 16, 1902.

FRIDAY, MAY 16, 1902. Advice to Apple Growers. Horace W. Day, of the well-known commission firm of Sgobel & Day of New York city, was in town Monday. Mr.Day comes to Hood River every year while on his annual trip to the Pacific while on his annual trip to the Pacific coast. He is one of the best posted menio the United States on the state of the mar-R. & N. Co., whose car had arrived and

Spitzenburgs and Jonathans and take for their motto the three words, "Quality, quality, quality." Cultivate, spray and prune, he says, and grow none but the best. Mr. Day says the apple crop will be a full crop in every part of the United States this year, and the yield will be 60,000,000 barrels. Sixty mil-

will be 60,000,000 barrels. Sixty mil-lion barrels means 180,000,000 bushels. He estimates that one-half the crop will be wormy, scabby or unsats-ble in the markets. The full crop in the apple growing districts of the Eastern states this year, and the high fraction transformed and the full crop in the apple growing districts of the Eastern states this year, and the high fraction transformed and the full crop in the apple growing districts of the Eastern states this year, and the high fraction transformed and the full crop the fraction the full crop in the apple growing districts of the Eastern states this year, and the high fraction the full crop the the full

the Eastern states this year, and the high freight rates (one cent per pound) will shut out Pacific coast apples from the Eastern markets, and we will have to depend upon nearby markets. Alaska and the Orient to sell this season's crop. He says the time has passed when it will pay the apple grower to keep his good prices in the spring. The great cold storage companies of the country have made this change. Mr. Day is a
