NEW FLOUR COMBINE

Organized in Kansas and Farmers Take Part in It.

Kansas City, Mo., May 28.—Walter Vrooman, of the Western Co-operative movement, has closed contracts for the purchase of six of the largest wheat elevators in the Kansas wheat belt, and two of the largest flouring mills. The price paid is said to have been \$750,000, and Mr. Vrooman, who has left for New York, to complete the financial end of the plan, says the present purchase is but the beginning of a movement to center farmers of Kansas in a branch of the Vrooman Co-operative Company. The farmers are to be taken into the scheme upon the payment of \$100 each, for which they are to receive the market value of their wheat sold to the company, and in addition will receive one-half of the profit derived, the other half going to the co-operative stores, through which the wheat and flour will be handled.

"The plan," said Mr. Vrooman, "is to eliminate wheat speculators and the middle men. The farmers are in earnest sympathy with the movement. It

PEACE NEGOTIATIONS.
Some of the Boer Delegates at Conference Desirous of Continuing Struggle.

Pretoria, May 28.—The prevalence throughout South Africa of the optimistic feeling in regard to the peace negotiations is hardly based on solid facts. The protraction of the conference is not necessarily a hopeful sign. The delegates to the conference, though they may have abandoned their hope of securing independence, still have many points of difference with the government, which an obstinate minority continues to regard as the best outcome of the present situation, and at any moment these points of difference may be accentuated into a refusal to continue the negotiations. It is most unlikely that those who are in favor of peace will throw up the sponge as long as a decent minority is desirous of continuing the struggle, and all these dissident elements must be taken into account before it is possible to give any sort of resolution as to the issue of the present negotiations.

Forty-six Boers, with their wagons and cattle, surrendered at Balmoral, Transvaal yesterday.

To Push Canal Bill.
Washington, May 28.—Representative Hay, of Virginia, chairman of the Democratic caucus, has issued a call for a caucus to consider plans "for the passage of a Nicaragua canal bill at this session of congress," such being the language of the petition on which Mr. Hay issued the call.

French Aid for Sufferers.
Paris, May 28.—The statement is published here this morning that as soon as parliament meets the government will present a bill opening a credit of 5,000,000 francs (\$1,000,000) for the victims of the Martinique disaster, and that the minister of the colonies will propose a pension of 6,000 francs (\$1,200) a year for the orphaned during their minority, of the late governor of Martinique, who was killed at St. Pierre.

Precaution Against Smallpox.
Washington, May 28.—As an additional precaution against the development of smallpox on troops, and to assist the medical authorities at San Francisco in determining the necessity of detention and observation of troops at that point, Lieutenant General Miles has ordered that troops ordered to the Philippines shall be provided with certified areas showing that they were inspected before leaving their respective stations, and were protected from smallpox.
