## BOERS ALL YIELD.

Surrenders Are Proceeding With the Greatest Good Will—Scouts Rewarded.

London, June 18.—Dispatches received here from South Africa show that the surrenders of Boers are proceeding with the greatest good will.

The total of those who have already surrendered numbers 16,500, and the British are extending every possible kindness to the men who come in. The appearance of General De Wet at the camp at Wynburg was the signal for a great display of enthusiasm. When he arrived at camp General De Wet was at once surrounded by thousands of Boer men, women and children, who clamored and struggled to shake the hand of their hero. He warmly applauded the staunch support that the women had given the burghers during the war, which he said had greatly encouraged the men in the field. Continuing he recommended his hearers to be loyal to the new government and said:

"Perhaps it is hard for you to hear this from my mouth, but God has decided this. I fought until there was no more hope of upholding our cause, and however it may be, the time has now come to lay down our arms. As Christians, God now demands that we be faithful to our new government. Let us submit to his decision."

Neither General De Wet nor General Steyn, ex-president of the Orange Free State, was wounded during the war. General De Wet has not seen his wife for two years.

The concentration camp will be converted into supply depots to provide the returning burghers with the means to rebuild and restock their farms. The wives and families of the Boers will, if desired, be maintained at the expense of the government while the burghers are preparing their farms for their reception. Two thousand of the native scouts who fought upon the British side during the war will immediately be disbanded, and each scout will be provided with a pony and enabled to return to his farm.

**SALARIES READJUSTED.**

More Pay Will Be Given to 2,030 Postmasters, and 219 Will Be Reduced.

Washington, June 18.—In the readjustment of salaries of postmasters at presidential offices, just completed, 2,030 postmasters July 1 next will receive increased salaries aggregating \$252,200. The number of increases this year is 253 in excess of last year, and is the largest in the history of the postal service. There will be 219 reductions aggregating \$25,800. This number is larger than for either 1899 or 1900, but is below the average. Twenty-four offices of the second class will be advanced to first class, and 110 from the third to the second class. Two offices, Nevada, Mo., and Floral Park, N. Y., will be relegated from the first to the second class; three from the second to the third class, and 12 from the third to the fourth class. Three hundred and twenty-one offices have been advanced from the fourth to the third class during the year, the largest number in the history of the service. Fifteen third class and one second class offices have been discontinued during the year and made stations of other offices. The number of offices in each class at present is: First class, 230; second class, 1,025. The average salary of postmasters will be increased this year from \$1,742 to \$1,746.

**MILITIA AT PAWTUCKET.**

Will Not Be Withdrawn Until Tranquility Is Entirely Restored.

Pawtucket, R. I., June 18.—When in the opinion of 10 prominent citizens, including Mayor Fitzgerald and Chief of Police Rice, tranquility has been restored in place of mob rule, the militia ordered here last week by Governor Kimball in connection with the street car strike will be withdrawn. This conclusion was reached at a meeting between Governor Kimball, Brigadier General Tamm and 50 business men at the state armory today.

With the exception of three cases of stone throwing, the day was quiet. Cars were operated on all local lines in this city during the day and in Central Falls as usual, but were withdrawn tonight.

**Paris Swindlers Arrested.**

Paris, June 18.—The police here have been notified of the arrest at Spa, Belgium, of two of the men who are alleged to have recently swindled in New York a New York named Buchanan out of \$100,000. The swindle was perpetrated by three Americans, who bought for Buchanan a number of shares in a copper mine. After the purchase of the shares in question, Buchanan returned to New York and tried to sell them in Wall street, where he found them to be worthless.

**Paris Contribution to McKinley Fund.**

Cleveland, June 18.—Myron T. Shearick, treasurer of the McKinley National Memorial Association, has received through the banking house of Morgan, Hargis & Co., Paris, their draft for \$7,140, forwarded in behalf of the Paris committee of the memorial association, principally the receipts of the benefit concert given in Paris in aid of the McKinley national memorial fund.

**May Flood the Mines.**

Scranton, Pa., June 18.—A veritable cloudburst occurred here tonight, flooding cellars and causing the river to rise in a threatening manner. Rain is still falling heavily, and should it keep up, it will reach the point where the river will overflow its banks and reach many of the mine openings. Charles Robinson, the Delaware and Hudson watchman who was shot at Oliphant, will recover. The coal company continues to arrest strikers who molest workers.

**Telegraphers to Organize.**

Chicago, June 18.—The commercial telegraphers of Chicago, who for several years have been without a union, have been organized by the American Federation of Labor. The new organization will be known as the International Union of Commercial Telegraphers. Between 200 and 400 hundred enrolled their names on the books of the new organization. The officials of the Order of Railway Telegraphers attended the meeting, and promised both their moral and financial support to the new union.

## NOW IN WASHINGTON.

Convicts Tracy and Merrill Cross Columbia Near Vancouver.

Vancouver, Wash., June 16.—Adding the theft of another team to their already long list of crimes, Tracy and Merrill, the desperate outlaws, between Friday evening and last night, made their way through Clackamas county, across Mt. Tomah from the Clackamas river to a point near the City of the Landing, crossed the Columbia, and now, a week from the time of their escape from the penitentiary at Salem, are in the neighborhood of Fourth Plain, Clark county, Washington, with another posse on their track, another sheriff in charge of it and three detectives from Portland as reinforcements.

As it was in the beginning, it is now; they will either be captured or killed, or make their escape. Merrill is now on ground with which he is thoroughly familiar, having been born in Clark county and brought up in Coville, and is thus better situated than while in Oregon. The country is much the same, formed of low-lying hills, cut by ravines, and overgrown by underbrush and scrub fir which afford the best kind of cover. As the men are armed with 30 rifles and have an abundance of ammunition, it does not seem likely that the desire to capture them will burn any more fiercely in the breasts of their new set of pursuers than it did in those of the posse that laid down its arms and gave up the fight at Barlow Friday afternoon.

**UNDERWOOD CAPTURED.**

Murderer Taken Near South Bend—Says His Wife Knew About the Affair.

South Bend, Wash., June 16.—Paul Underwood, accused of the murder of his three-week-old baby, was captured about 6:30 o'clock Saturday morning near here. From the start the officers have been trailing him. Deputy Sheriff Markham, W. S. Kildred and G. L. Hook, all experienced woodsmen, keeping the trail, while the others sought to head the fugitives off by beating the woods ahead. As usual, they started out at daybreak this morning, and at the hour started Sheriff Underwood came down a hill, and the latter, evidently spying the officer, dropped into the tall grass on the side of the hill, and hid himself. He was apparently making his way to Cedar river, and had about half of his supply of provisions left when captured. He was placed in the custody of Sheriff Roney, of this county, in whose charge he was brought to this city. He was taken to a barber shop for a shave and then to the jail. His first wish was for a glass of beer, which was not granted. He was not fully satisfied with his quarters, and sent word to Sheriff Underwood that he would like cleaner quarters.

Underwood seemed greatly surprised when told that his wife protested all common with the crime. He says she helped him to do away with the baby, but that it was dead before it was thrown into the water.

**DEWEY TO GO TO SEA.**

To Have Big Fleet and Conduct Naval Maneuvers in the South.

Washington, June 17.—Admiral Dewey is to go to sea again, flying his flag, with the four stars, in command of the greatest fleet in numbers the United States has ever gotten together since the days of the Civil war, and far more powerful in offense and defense even than any of those war fleets. Secretary Moody has conceived the idea, and after consulting the pleasure of Admiral Dewey, it has been arranged that he shall be placed in supreme command of the fleet (comprising the North Atlantic, the European and the South Atlantic squadrons), which is to assemble near Culebra island, in the West Indies, next December for the winter maneuvers.

Secretary Moody himself will witness the maneuvers, and it is even possible that the president may find time to make a voyage to the South to see the big ironclads in war movements. Admiral Dewey goes gladly to his work.

It is settled that Secretary Moody will witness the maneuvers in the North Atlantic squadron, involving combined naval and army attack on and defense of the Eastern approaches to New York City. It is expected he will board the Dolphin for the purpose, and be invited as his guests. Senators Hale, Tamm and the senate naval committee, and Representative Foss, chairman of the house naval committee, will be other guests than these, but Secretary Moody has not yet announced their names.

**Street-Car Boycott.**

Franklin, Pa., June 17.—As a result of the street-car boycott, growing out of the trouble between the Vanango Power company and its employees, the street-car employees, both in this city and in Olney, have been sworn in as deputy sheriffs by Sheriff McCullum. Few people are riding. Up to a late hour last night several hundred men lined the tracks on the principal streets, hooting at the motormen and conductors and endeavoring to dissuade people from patronizing the line.

**New Belgian Treaty Ratified.**

Washington, June 17.—Secretary Hay and Baron Moncheur, the Belgian minister, have exchanged the final ratifications of the new Belgian extradition treaty. This is one of the latest conventions which the department is drawing on modern lines with nearly all the countries with which we already have extradition treaties of rather ancient date. The crimes of larceny, kidnapping and obtaining money under false pretenses are added to the crimes.

**Money Spreads Erysipelas.**

Chicago, June 17.—Erysipelas contracted by handling money in which the disease germ was lurking has nearly caused the death of the treasurer of the Illinois theater. Dr. Theodore C. Koessel says that the young man's infection was caused by a bacillus erysipelas, which made its way from a piece of money to his finger and later found lodgment in the victim's nostril, where a slight abrasion gave it a field of operations. The young man lay at the point of death for several hours, but has passed the crisis.

## PENSIONS FOR MANY

Indian War Veteran Bill Is Passed by House.

It Now Goes to the President for His Approval and Signature—His Influence a Great Factor in Securing Passage of the Measure—Oregon Delegation Is More Than Pleased.

Washington, June 18.—The house has passed the Indian war veteran bill, for which the Oregon delegation has been struggling so many years. The bill is identical with that which passed the senate on February 18 last, except for an unimportant verbal amendment. As passed, the bill makes immediately applicable the provisions of the Black-hack pension act. Those who will be rewarded are the surviving officers and enlisted men, including marines, militia and volunteers of the military and naval service of the United States, who served for 30 days or more, and were honorably discharged under the United States military, state territorial or provisional authorities in the Cayuse war of 1837, 1848-49, on the Pacific coast, the Oregon and Washington Indian wars from 1851 to 1856, and numerous other Indian wars. The bill also makes provision for the widows of such officers and enlisted men, provided that such widows have not remarried, and provided further that where there is no record of enlistment or muster into the service of the United States, in any of the wars mentioned in the act, the record of pay by the United States shall be accepted as full and satisfactory proof of such enlistment and service; and provided, further, that all contracts heretofore made between the beneficiaries under this act and pension attorneys and claim agents are declared null and void.

The bill will now go back to the senate, where the amendment of the measure will then go to the president for his signature. The fact that he has heretofore endorsed the bill insures his early approval.

**FIVE SOLDIERS BOLOED.**

Act of Filipino Insurgents in the Island of Luzon.

Manila, June 18.—Friendly natives in Manila say a report is current among their countrymen that five soldiers of the Sixth cavalry who were captured by insurgents May 30 have been boloed to death near Terres, in a strong province, Luzon. This report has not been confirmed by the American authorities of that district.
