

HOOD RIVER GLACIER SUPPLEMENT.

HOOD RIVER, OREGON, JUNE 27, 1902.

Crapper Croppings.

Haying is now in full blast, the clover and wheat hay being extra heavy this year.

Mrs. Wm. Nichols of The Dalles is visiting her father-in-law, L. H. Nichols and putting up her winter supply of berries.

Mrs. Grace Mosier is down from Crook county visiting her sister Mrs. A. T. Dodge.

A. T. Dodge and W. H. McClellan, his father-in-law, started for Crook county last Sunday. They expect to be gone about a week.

Most of our young folks attended the dance at Warren Miller's last Saturday night. Ice cream, cake and coffee were served at midnight. Every one seemed to have a fine time and Warren knows how to treat guests. There will be another dance there next Saturday night, the 28th. Every one is cordially invited.

I don't know what has got the matter with Mrs. Ikey, she won't hardly speak to me any more. I am afraid her mind is becoming unbalanced on account of that book. I wish she would quit trying to write books. I don't believe it is a healthy occupation. I believe she would feel better if she would get out and pick strawberries or irrigate or do something like that and get her mind off of that old book. Mr. Ikey.

WM. M. YATES, P. M.

E. C. Sutton, for 12 years resident of Salem and 8 years of that time employed at the state asylum, recently purchased a strawberry farm at Hood River, where he will reside in the future. In moving to his new possessions he took along a trio of fine White Langshans bought of Sellwood Bros., Salem. These birds are standard bred and from what Sellwood Bros. say the hens these birds are from were prize winners at the Oregon state fair and state fair at Portland, and were sisters to the 1st and 2d winners at Philadelphia. That the cock bird, the sire of these birds was also a 1st prize winner in Oregon shows, and came from same brood as 1st prize winner at big shows East. Mr. Sutton also took with him a pen of eight hens and cockerel, Black Minorcas, Blundell stock, purchased from the same parties.—Pacific Farmer.

In 1898 Gear's majority over King in Eastern Oregon was 1,939. In 1902 Chamberlain's majority over Furnish is 950. Gear's majority in Multnomah county in 1898 was 5,714. In 1902 Chamberlain's was 732. Moody's majority two years ago was 9,379, while Williamson's majority this year will be 8,500. Tongue's majority in 1900 was 3,119, and this year it will reach about 6,924. On the congressional vote in 1900, the republican majority was 12,498. This year it will be about 15,424, or a republican increase of about 3,000.

As an example of the toadying of title-hunting Americans to the English nobility, it may be stated that several ladies of American birth and parentage, including members of the Vanderbilt, Bradley, Martin, Leiter and Grant families, will be accorded the inestimable privilege of holding up the train of Queen Alexandra's dress at the coronation ceremonies this month. Now, if a few of our gentlemen could only be permitted to black King Edward's shoes on the day of his coronation, it would be a very fair and happy arrangement.—Washington Recorder.

F. E. Jones, of Jones cash store in Portland, has bought John Buskirk's place on the West Fork of Hood river and taken a homestead at the mouth of Green point. He has four acres of fine strawberries on the Buskirk place, and will clear his homestead and set out a big apple orchard.

The prodigal son returned home and the father fell on his neck with joy. "My boy," he said, "we would gladly have killed the fatted calf for you, but the beef trust has put it out of the question. We will do the best we can."

The Southern Pacific company will assist the federal and state authorities in preventing forest fires in Oregon this summer, by establishing a special patrol service, for the protection of their 1,100,000 acres of timber.

Filthy Temples in India.

Sacred cows often defile Indian temples, but worse yet is a body that's polluted by constipation. Don't permit it. Cleanse your system with Dr. King's New Life pills and avoid untold misery. They give lively livers, active bowels, good digestion, fine appetite. Only 25c at Chas. N. Clarke's drug store.

TALK OF THE LODGE.

It Made Such an Impression That the Member Repeated It Partly in His Sleep.

Out in Kansas there are a good many Swedes, and very exemplary citizens they make. One of these representatives of this state's foreign population stayed out late one night and at breakfast the next morning his good wife Huldah demanded an explanation.

"Where were you last night?" she asked in a before-breakfast tone of voice.

"Ve haf a special meetin' of te lodge, Huldah, an' eferything for te gute of te order."

"Last night you were talking in your sleep and you said something about two-cent limit. What did you mean?"

"O, das var nodder faller's fault. Hae var talkin' 'bout raisin' te assessment an' das mek me hot."

"WHERE WERE YOU LAST NIGHT?"

"And you said you 'was in.' What did that mean?"

"Vell, et meant dot Aye var member an' haf youst so motch to say as anybody."

"When you said: 'I'll open it,' what did you mean?"

"Some fellor could not get onto the door, Aye tank. You see, dear vife, et is lock all tem."

"Once or twice I heard you say: 'It's a showdown.' What does that mean?"

"Huldah, Aye haf no right to tal you tengs outside of te lodge, but Aye vill tal ye dis: Das means in lodge language: 'God bless mae home.'"

First of Canal Locks.

The first canal lock built in America is preserved as a relic near the present site of the Soo canal. It was built by the Northwestern Fur company in 1736. It is 38 feet long and eight feet nine inches wide. It had a lift of nine feet and a depth of 2 1/2 feet. During the war of 1812 it was badly wrecked. The early day fur companies used this little water way to lock down their small cargoes of valuable furs.

Viral of Cancer Cured.

Starting proof of a wonderful advance in medicine is given by druggist G. W. Roberts of Elizabeth, W. Va. An old man there had suffered long with what good doctors pronounced incurable cancer. They believed his case hopeless till he used Electric Bitters and applied Bucklen's Arnica salve, which treatment completely cured him. When Electric Bitters are used to expel poisons, kidney and microbe poisons at the same time this salve exerts its matchless healing power, blood diseases, skin eruptions, ulcers and sores vanish. Bitters 50c, salve 25c at Chas. N. Clarke's.

BURGLAR IN BEDQUILT.

Chicago Man Repels Intruder by Presence of Mind and Saves Lots of Cash by the Act.

John O'Neil, 426 Johnson street, Chicago, saved \$200 the other afternoon by the novel experiment of throwing a heavy bed quilt over the head of a burglar who was searching the bureau of the room in which he was sleeping.

The burglar fired two shots through the quilt, neither of which injured O'Neil, and escaped by way of the rear door of the house, while O'Neil, in scanty garments, ran down the front steps in search of a policeman.

When the policeman and O'Neil returned to the house the burglar had escaped. In the drawer of the bureau,

THREW QUILT OVER HIS HEAD.

which had been open, was \$200 left by the man. O'Neil is night manager of the Monarch bathhouse at 200 West Madison street. He was sleeping in his room early in the afternoon. His sister-in-law, Mrs. David O'Neil, had gone out shopping.

O'Neil was awakened by the noise made by the burglar, who had entered the house by a rear window. He saved the man standing by the bureau, and, jumping quickly from the bed, threw the covering over the intruder's head.

While O'Neil and the policeman were examining the traces left by the burglar Mrs. David O'Neil returned. She soon discovered that the man had taken \$20 which was in a bureau in her room. Besides the money she missed three diamond rings.
