River Glacier

FRIDAY, SEPTEMBER 12, 1902.

\$9000 Hood River Farm Sold.

W. A. Slingerland made sale of 90 acres of his home place Wednesday. The sale was made through the enterprising real estate firm of Friday & Barnes. The fortunate one who bought this valuable piece of real es-tate is Louis Plog of Mapleton, Lowa. The 90 acres include all of the im-proved land upon the place, and all the land east of the road. The price paid was \$9000. Mr. Slingerland re-G. W. Brock of Moro was in Hood the land cast of the road. The price paid was \$9000. Mr. Slingerland re-served the fruit crop, and the apples, alone will net him \$1500. Possession of the farm will be given in De-crmber. (19) the state of the s cember.

known for years as one of the most productive in Hood River valley. Mr and Mrs. Slingerland came to Hood River 19 years ago and located upon their place then a wilderness. Since then they have improved and beau tified it till it is an ideal country home. This farm is 5½ miles from town on the Mount Hood road-just an easy hour's drive with a farm team on a comparatively good road. It is situated in the best part of the valley for apple orchards. Hon, E. L. Smith's celebrated Beulah Land farm adjoins the Slingerland place. The Smith's celebrated Benlah Land farm adjoins the Slingerland place. The great success of Mr. Slingerland in growing apples decided Mr. Smith to purchase Benlah Land farm

purchase Beulah Land for the plant-bug of orchards. The Slingerland farm headway on the work of building the has 25 acres in orchard, mostly standaddition to Barrett school house. ard winter apples. Here is the nat-ural home of the Yellow Newtown. This variety predominates in the Slingerland orchards, and the trees at this time of year are a sight well worth seeing. All varieties are bear-ing full, the limbs of the trees bend-ing with their loads of fruit. It will nay some of our own people what pay some of our own people who have never visited the Slingerland oryears with a malignant sore on his neck, chards to see them now with their wealth of fruit. The frees are young in a large part of the orchard, many of them just coming into bearing, but recently took the X ray treatment, and years. It was caused by an attack o conservative estimate places the measles when he was 18 years old. vield this year at 2000 boxes. All Nicholas Pautenburg of Hartwell, Nebraska, and Charles Kidd of Kenekinds of fruit grown in Hood River thrives as well on the Slingerland place as do the apples. The Bartlett pear crop, which has just been gath-cred and sold, was quite full and of good quality. The Winter Nellis pears and the full and of the same state, were in Hood River hast week. Mr. Kidd is an old ac-quaintance of Mayor Brosius, who was conce a resident of Kenesaw. He may decide to locate here and go into the

and the Italian prunes are bearing full. Blackberries and other small fruits do well. For garden truck the soil is of the best. The clover fields, after taking off two crops, are pus-tured, and it is a grand sight to the son of a former to see the fat certic eye of a farmer to see the fat cattle of the horses, said to be the best 4-year grazing in the green fields upon the old draft horse ever seen on the streets third crop of clover. A free water of Salem.

right goes with the place. right goes with the place. It was Mr. Slingerland's intention to build a handsome and up-to-date dwelling house, and he had a good location selected, from which there is a grand view of the snow-capped a grand place and a good been spending the summer on their grandparents' farm, returned with him and have taken up their school work. mountains of Hood and Adams, and from which the house could be seen from the stage road a mile or two distant towards town. But the good former always builds a good barn be-fore he builds a good house, and Mr Silingerland probably has the best barn in Hood River valley. It is up to date and complete in every respect, and full of hay. Its dimensions are bix60 feet, with a basement for stock. In the kitchen of his dwelling house and full of hay. is an elegant range, with a heater and hot water tank. Water is forced and hot water tank. Water is forced up from the spring by a water wheel in the creek that is geared to a pump, parents, Mr. and Mrs. E. C. Rogers.

. E. C. Rogers was presented with a John Lawless of the Fast Side has diamond out ring on his birthday, the two acres in clover that will this year
