Hood River Glacier

FRIDAY, NOVEMBER 7, 1902.

far as can be ascertained it was by far the best contribution on the subject department that if the local land offices the best contribution on the subject outside of the metropolitan papers. As you say, it seems strange that those who are most affected by the bad roads are among the slowest to come to the sup-port of a good roads movement.

port of a good roads movement. tion of the public. In speaking of the present road laws, it is suggested that a radical change in them is necessary before any amount of good can be accom-plished. The change suggested is that the property tax should be collected in enred

plished. The change suggested is that the property tax should be collected in cash instead of being worked out. A little history will apply here, During the session of the state legislature in 1893. Hon. H. E. Cross, a senator from Clackamas county, led an effort to have 1893, Hon. H. E. Cross, a senator from Clackamas county, led an effort to have a cash road law passed providing for a change throughout the state. Though failing in this because of lack of popular a cash road law passed providing for a change throughout the state. Though failing in this because of lack of popular support, he did succeed in passing a law which gave authority to the county court of each county to order the change from the old to the cash system and col-lect both the property road tax and the poll tax in cash, but to levy not more than a five-mill tax for this purpose. (See Session Laws 1893, page 60.) The several courts were miled by the multis (See Session Laws 1893, page 60.) The spring seat, as the horses rounded a several courts were ruled by the public curve. Mr. Dyer sustained a fractured by the public curve. section to the relief of this opportunity wrist when they landed, but Walter had nothing to complain of except that a to take advantage of this opportunity was the fault not of the law but of the road-tra eling public. Clackamas and Multnomah counties took advantage of the law at once and heartily supported in the tautached to him. The team ran until it reached the timber this side of J. L Miller's where they distributed the wag-the fact for iteration of the team is a considerable portion of Chas. All are welcome. the effort for improvement. At no time since the system was thoroughly tested would the people have consented to change back to the old way. After the demonstration of the accident to town where they construct the wag-no over a considerable portion of Chas. Rathburn's place and were found un-hurt shortly afterward by Voyl Lindszy. J. E. Binns brought the victims of the accident to town where they construct the start of the services at 11 demonstration of the success of the idea, some other counties adopted the change. accident to town where they received proper medical attention, but they will

be unable to work for some time. Public opinion throughout the state that in 1901 a law was passed requiring fashion. Sunday evening, so we are in-the adoption of the cash system by all the counties in the state, and extended started with a limb and Henry Fuller the counties in the state, and extended the limit of the special levy to 10 mills, but leaving it optional with the county hill they managed in some way to break court to collect the poll tax in each or a tug, and turned around to drive back labor. (See Session Laws 1901, pages for repairs. Coming down the hill the 105,108.) No doubt some changes could lads lost control of the team which at yet be made for the better, but the great need now is not legislation but the culti-tainment worth the price of admission. They came down the hull like a toboggan, vation of public opinion to give all possi-ble encouragement to this endeavor to benefit both the state and the individ-ual. In some backwoods communities the adoption of this system meets with opposition, as do all advance steps in the path of progress, but there, as else-where, it will all disappear as soon as the benefits are realized. Of course, even with popular support for the moveeven with popular support for the move-ment, incompetent and "machine" there being irresistable attractions in the pleasant neighborhood of Belmont, courts may so conduct the road work as to result in actual injury to the roads to the roads to the pleasant neighborhood of cau-tor sent in actual injury to the roads to the roads to the road work as to result in actual injury to the roads, to say nothing of the squandering of the money. Great care should be exercised in the selection of the members of the county court, for they are the pilots to guide us to the desired haven, or strand us on the rocks of failure. Clasking wanted some carpet rags sewed. Clasking wanted some carpet rags severation of the severation o

us on the rocks of failure. Clackamas county has built about 100 miles of modern roads, besides keeping the remainder of the roads in the county in as good condition as under the old law, as a result of the change permitted by the Cross isw of 1893. The idea fol-lowed, is to start at the central points and build as much as possible each year on these next in rank, until, the whole of lowed, is to start at the central points and build as much as possible each year on the main thorough furce first, then on thus securing a good piece of property which will eventually make in a fine home. We understand he to put in an appearance, who were intends to move over soon and identify thisself with the Klickitats. Auf wie as been solution to move over soon and identify thisself with the Klickitats. Auf wie as been done by clearing and properly grading the roadway and macadamizing or graveling the control to substantial plank roads have been built. Let the people of each community study and intelligently support the good roads movement, elect judicious experienced and honest courts and road supervisers, and we shall not always have to wallow through the mud, even here in Wasco county. Respectfully yours, <u>A CLAUKXMANSTRE.</u>

immediate steps are to be taken to pros-ecute every one of the frandulent entry-men. As a first step in this direction Secretary Hitchcock today ordered that all entries in Oregon under the timber and stone act be suspended pending spe-cific investigation, and directed that each timber entryman be served with a no-tice to show cause why his entry should not be canceled. If, during this suspen-sion, any entryman attempts to cut or

not be canceled. If, during this suspen-sion, any entryman attempts to cut or remove timber from the tract sought by him, he will be prosecuted to the full extent of the law. The ordered investigation will include the land offices at Roseburg. The Dalles and Lakeview to determine whether or not they have been in collusion with the perpetrators of the extensive fraud. The department some time ago pre-pared blanks upon which was to be taken testimony of witnesses in all entries blanks were sent in large numbers to every land offices in the United States It was noticed that in returns from Ore gon offices testimony was not submitted
