## Warm Suggestions

For the cold, wet fall days. You will find our Fall and Winter Goods to be very warm, congenial friends, and our prices are sure to give you that friendly feeling towards us. We have studied carefully the quality of our purchases and bought only worthy goods. We have avoided everything of doubtful quality.

### Quality is First Consideration

With us, and next after QUALITY is price; but we do not sacrifice quality for price. You can always get quality goods at a good stiff price. You can always get cheap, inferior goods at a cheap price.

FROM US you can always get good, reliable goods of unquestioned quality at fair, reasonable prices that are in your favor as compared with some quality goods elsewhere. We do not claim to have the cheapest on earth, and don't want it. Neither do you.

The weather suggests and we recommend our Fall line of Heavy K-toe Hosiery, Wool Hose, Mittens, Heavy fleece-lined Underwear, Felt Slippers, Velvet Slippers, Felt Boots, German Sox, Complete line of Rubbers, Men's Wool Shawls, Ice Wool Shawls, Fascinators, Circular Shawls, Wool Tams in great variety, Heavy fleece-lined Jersey Leggings, Men's Gloves, Longley Hais for men, Overgaiters, Ladies' Gloves and Gauntlets.

### Millinery

SHOES in a large variety of styles, but only one quality, and that good.

Right now is just the time to order your Winter Suit built by the Royal Tailors.

### THE PEOPLE'S STORE.

Will Warren quit work on the pill-driver last week, and came home for the winter.

For the present the ladies' guild will meet with Mrs. E.E. Savage Wednesday afternoons.

Charles Miller and Tillman Young went to the mountains last week and built a cabin on Mrs. Laura Baldwin's claim. They had a rough time of it, as it rained and snowed every day they were out.

On Tuesday Friday & Barnes closed a deal for the sale of George Bickel's 50 acres, with 30 acres in strawberries. The land was bought by A. E. Lake, Sim Bolton and F. S. Wilson, of The Dalles. Consideration, \$8,500.

It stopped raining for a short time Tuesday. The sun shone brightly, scarcely a cloud could be seen in the sky, and the weather-wise began to predict a long dry spell. But happily the glad rains soon came and Webfoot was itself again.

Thanks.—The ladies of the W. R. C. offer thanks to the ladies outside the corps for their assistance in helping to make our social success both financially and socially. The proceeds amounted to \$27.15. By order of committee. Ellen Blount, Treasurer.

Hon. J. M. Shelley and wife of Eugene, visited Hood River the first of the week. Mr. Shelley is representative elect from Lane county to the legislature. He is a brother of Rev. Troy Shelley and Roswell Shelley of Hood River.

D. B. Leaming came up Monday from Portland, to look after his fruit farm in the valley. He was accompanied by his brother-in-law, Warren Turner, who recently arrived from Kansas, and will look over the valley with a view to locating here.

W. A. Stingerland gathered over 3,000 boxes of marketable apples from his orchards. He has sold 600 boxes and has 2,600 boxes in his store houses. He had a splendid crop. It will pay any one interested to take a trip to his place and see the nice fruit he still has on hand.

A door key with a handkerchief attached was found near the Hood River bridge one day last week and left at this office for the owner. There are several other keys and bunches of keys in limbo awaiting claimants here. If you have lost yours you may find it if you call.

Approve to our remarks last week relative to Hallowe'en, is the following from the Medford Success. Comment is unnecessary: "Hallowe'en pranks resulted in three persons getting shot at Monmouth Friday night. Clarence Carter, a lively stable hand, fired a shotgun to frighten some boys, with the result that Frank Haley, L. P. Owen and M. M. Britton, the latter a man passing on the opposite side of the street, were peppered with fire shot. No serious damage was done, except to Owen, who may lose an eye."

The citizens of Duke's Valley have petitioned the county court to grant a county road commencing at the southwest corner of section 33, township 2 north, and running east on the town and ship line to the Mount Hood road near Booth's. The road will pass by the site of the new school house.

Chris Bartsch came down from Dawson last week, and is visiting relatives in Hood River. Mr. Bartsch will not return to Dawson, but will make his home in Tacoma. He says the Klondike country is getting to be too much like civilization, and the chances to make money are not like they used to be.

The home of Nels Nelson was unfortunately entered while the family were away one day recently. The house was locked and entrance could only be had by the front door. Some things were taken from the house and mischievous pranks were played which showed that the visitors were not friends. Mr. Nelson desires to warn the guilty parties not to attempt a repetition of their mischief, or they might make some trouble for themselves.

Captain Dukes, superintendent of streets, is engaged with a force of men putting in crosswalks on all the streets that have sidewalks. The street superintendent says C. K. Bone gave the order for the construction of his part of the sidewalk on Oak street to a carpenter firm two months ago. So when you walk through the mud on that part of Oak street where the sidewalk doesn't connect, don't blame Mr. Bone; the carpenter is to blame for having too much work on hand.

J. A. Knox of Duke's Valley was in town Monday. He reports that a new school district was organized in Duke's Valley last Saturday. A site for the school house was selected on the east side of the valley, nearest the center of population. C. R. Bone, A. J. Kessell and W. G. Dodson were elected directors; J. A. Knox was elected clerk. Two hundred and fifty dollars were subscribed towards building a school house. J. P. Thompson or J. A. Knox will donate the land for the school house, subject to the decision of the board of directors.

J. F. Egan, who injured his finger in the cog-wheels of his cider mill a few weeks ago, is getting along with his pet as well as could be expected. It was a close call for an amputation, but the finger is now on the safe side, and while it will not have to be cut off, it will most likely have a stiff joint. A stiff finger, however, is better than none, and if friend Egan keeps a stiff upper-lip he will pull through all right.

Mr. Miller is state senator elect from Lane county, on the democratic ticket. He is a man of state and national reputation, well informed, and an eloquent speaker. Mr. Miller was very favorably impressed with Hood River and took notes of our apple and strawberry shipments for use when dwelling upon the resources and glory of Oregon in a public address. He is a native son.

Mr. and Mrs. S. F. Elythe returned home Sunday evening from the East, where they went with the G. A. R. excursion to Washington City. ### D. E. Miller has ten acres of his land at Mount Hood cleared for setting strawberries in the spring. The clearing consists of willows and chapparral. In grubbing up the willows he finds as much of them in the ground as on top, the roots going down as far as 10 feet, showing that much soil. Mr. Miller could have sold 40 acres recently for \$1000.
