

# Hood River Glacier

FRIDAY, JANUARY 23, 1903.

## Council Proceedings.

Council met in regular session Monday evening, January 19, 1903. Present: Mayor Coon, Aldermen Blowers, P. S. Davidson, Prather, Geseling and Hayes, Recorder Nicholson and Marshal Dulles. On motion of Geseling, the mayor appointed standing committees for the ensuing year. Following are the committees as appointed by the mayor, the first named being chairman of the committee: Finance—Geseling, H. F. Davidson, Blowers. Fire and Water—H. F. Davidson, Prather, Hayes. Streets and Public Property—Blowers, Geseling, Hayes. Judiciary—P. S. Davidson, Prather, Geseling. Health—Prather, H. F. Davidson, P. S. Davidson. Printing and Police—Mayes, P. S. Davidson, Blowers. Mayor's message was received and read:

## MAYOR'S MESSAGE.

To the Honorable Common Council of the city of Hood River—Gentlemen: Permit me, at this time, to offer for your consideration some suggestions and recommendations which I think will be found in line with the views and expectations of the citizens of Hood River. We have a charter which of itself leaves little to be desired. Simple powers are granted by which the city is enabled to supply to its citizens all the public utilities—the bonding limit however being too low. As yet little progress has been made in establishing these utilities nor indeed have there been adopted any definite policy by which the people can know what utilities are to be provided by the city, or by what means they are to be maintained. Thus far, no provision has been made by which a permanent revenue may be secured, unless it be admitted that as a city we have already become liable to that fearful indictment: "Wee to him that buildeth a town with blood, and establisheth a city by iniquity."

Probably no city in our fair state has better natural advantages than the city of Hood River for the supplying by the city itself of light and of water for domestic uses, for fire protection and for sewage purposes. The charter guards the city against the granting of exclusive franchises. But, until such time as it may be considered best for the city to undertake its duty in these matters, I would respectfully suggest that it is incumbent upon the city council to protect the city against improper systems of water supply as well as against the planting of the same at an extravagant cost, lest such system and cost be at some future time unloaded upon the city.

Furthermore, the council should be careful not to bind the city to any agreement which shall practically have the effect to prevent the city from doing business for itself just as good business men may be expected to do, namely, in its own best interests.

It will doubtless occur to the council that it is not good business management to enter into contracts with companies which are not responsible, and which will not give sufficient bonds. The future growth and prosperity of this city will depend in no small measure upon the business sagacity with which its affairs shall be managed by you. It is my belief that the people of Hood River expect, as they have a right to do, that you who have been intrusted with the conduct of its affairs, will not only protect their interests against excessive rates charged by public corporations, when such corporations are employed in the public service, but also that such a policy will be adopted as will not be inconsistent with the prospective ownership of public utilities as a means of providing a permanent revenue. If possible, cities, as well as individuals, ought to be self-supporting. It is a cause for humiliation that heretofore the chief revenue of this city has been derived from the licensing of public use.

As the executive officer of the city, permit me to say that if there are any ordinances which in your opinion ought not to be enforced, I would recommend that such ordinance be repealed. I would recommend that an ordinance be enacted providing for the referendum in all cases wherein it is found necessary or desirable to ascertain the will of the people.

I think you will agree with me in this, that after all we are only the agents and servants of the people. Yours for the common good. T. R. COOS, Mayor.

Report of the marshal was read, approved and ordered placed on file. The report showed that the sum of \$10 was due the city for impounding cattle, and the amount was turned over to the city. P. S. Davidson, for the committee on finance, reported that the committee had found a discrepancy of \$23.76 between the reports of the treasurer and recorder, but that such discrepancy had existed at the beginning of the past year. It was explained that the difference had arisen in the sale of the city cow after the small pox cases had subsided and was caused by a check having been lost. On motion of Geseling, the report was accepted.

Resignation of J. H. Dukas as marshal and street commissioner, was presented. On motion of Blowers, the resignation as street commissioner was accepted, the charter requiring that the marshal hold over until his successor is appointed and qualified.

Ordinance No. 68 was presented granting to the Mount Defiance Water, Power and Light Co. the privilege of laying mains and putting in hydrants for fire protection and to erect poles and wires for light and power purposes. On motion of Geseling, the ordinance passed first reading.

Ordinance No. 69 was read, contracting with the Mount Defiance Water, Power and Light Co. to furnish water for fire protection purposes for a period of 90 years. On motion the ordinance passed the first reading and was referred to committee on fire and water.

Ordinance No. 70, granting a franchise to the Electric Light, Power and Water Co., to lay mains and furnish water for fire protection purposes for a period of 10 years, was read and on motion of P. S. Davidson, passed first reading and was referred to committee on streets and public property.

The following bills were presented: Truman Butler, treasurer, and assistant J. H. Dukas, marshal's salary, \$50.25. J. E. Rand, nails for cross walks, \$2.30. On motion of Geseling, the bill of Truman Butler was allowed and ordered paid, and the other bills referred to the finance committee for report at next meeting.

Bond of Truman Butler as treasurer in the sum of \$2,000, with Leslie Butler as surety, was presented and approved. Bond of J. R. Nickelsen as recorder in the sum of \$2,000, with F. E. Jackson and S. E. Hartness as sureties, was presented and approved.

On motion of P. S. Davidson it was resolved that the offices of marshal and street commissioner be consolidated for the coming year at a salary of \$50.00 per month. The mayor appointed H. A. Canning

as marshal and street commissioner, and on motion of Geseling the nomination was approved. Adjourned.

Nice Spring weather; chinook winds. Fresh Columbia River smelt at McGuire Bros.

Don't forget the Hoosier social February 22. A literary programme will be given.

Elder J. W. Jenkins will preach at the Union church on Sunday, January 25, at 3 p. m.

H. F. Jochimsen during the week made sale of 10 acres of the Ferguson place to I. M. Wilson.

Special at McGuire Bros. Saturday, 5-pound pails of lard 75c, 10-pound pails of lard \$1.50. Rex hams 10c per pound.

Miss Laura Cramer, one of Hood River's popular "hello" girls, went to The Dalles Tuesday to attend the funeral of a friend.

You will never regret it if you go to C. H. Temple, the experienced and competent jeweler and optician, for anything in his line. His work, guaranteed.

The Mount Defiance Water, Power & Light Co. of Hood River, have filed articles of incorporation. Frank Davenport, C. T. Early and Geo. W. Stapleton are the incorporators. Shares \$100 each.

Qualifications necessary to entitle one to attendance at the Hoosier basket social are: Any person, male or female, who has at some time made Indiana his or her home, and the family of any such person.

The new council had a full house to listen to its proceedings Monday night. Every chair was filled and some of the spectators occupied the platform. It is well that our citizens turn out and see that our city fathers earn their fat salaries.

Tuesday there was grief in the office of Dr. Dumble. One of the pair of little canary birds that the doctor and Miss Congdon had learned to love and be charmed by its sweet song, fell from its perch dead. Billy Dick was the bird's name.

The Useful Knowledge society met at Mr. Friday's residence Monday evening. Horace Mann and his school work was the subject discussed. Ella Wheeler Wilcox has been selected as the subject for the next meeting, which will be held at Dr. Dumble's.

Miss Nell Isenberg came up from her school on Friday to spend Saturday and Sunday at home. On Saturday a few of her friends, who learned she was home, called on her. The evening was passed with games and a general good time. Miss Nell returned to her school Sunday.

Diphtheria is prevalent at Trout Lake. Dr. Dumble being a trip there last week to attend the family of James Cox, who had three children sick with the disease. Two of them, a boy aged 9 and a girl aged 7, were so near death's door that nothing could save them, and they died January 12. One other boy recovered. Sunday last he was again called to Trout Lake to attend the nine-year-old son of Jacob Clatterbox, who was sick with the same disease. The boy is in a fair way to recover.

A pleasant party was given at the home of Mr. and Mrs. Jos. Frazier at Belmont Friday evening January 16. Mr. and Mrs. Jos. Frazier, Sr.; Mr. and Mrs. Jos. Frazier, Jr.; Mrs. Maggie Gulligan, the Misses Audrey Markey, Mary Gerking, Edell Woodworth, Mary Foley, Bess Isenberg, Ethel Gerking, Messrs. Bert Kelly, Walter Gerking, Alfred Ingalls, Arthur Johnston, Walter Foley, Edwin E. Johnston, Joe Pomkins, Roy Woodworth, and Marsh Isenberg. A delicious lunch of coffee, sandwiches and cake was served.

**Odell Notes.**  
The teachers of the school are making preparations for an entertainment, the proceeds of which are to go toward purchasing an organ for the school. Notice of the date will be given next week.

State Superintendent Ackerman, in his report to the legislature, submits a good plan for the rebuilding of schools, as follows: In neighborhoods where there are several schools, to select a central location and build sufficient to accommodate the pupils and teach the higher grades. To insure a full attendance for the children and take them to school and return them to their homes the evening. By this method better and more systematic work could be done; hence better results. The plan would be to pay the additional expense by taxation. This seems a good plan and is endorsed by the teachers here.

C. G. Roberts went to Portland yesterday on business.

Grabbing and wood cutting is being vigorously prosecuted. The ground is in excellent condition for grubbing.

John Kroeger went to Portland this week and dame rumor has it that he will not return alone.

The Davenport mill at Charley Davis' place is being enlarged, and we understand that a box factory will be one of the features this season. This is as it should be, the timber and apples grow and why not make the boxes here. This will increase the pay roll and benefit the people in more ways than one.

Sherman Young, the rural carrier, is circulating a petition for an increase in salary, which is being numerous signed, but it is questionable whether congress will do anything along this line. With such efficient service, I think the patrons should be willing to aid if the government should refuse, as it is a well known fact that he is giving too much for the amount he receives.

The mellow rays of the sun this morning give promise of spring's early return.

**Miss Brown, Deaconess.**  
Miss Brown from Spokane, deaconess in the M. E. church, has been conducting a series of meetings at the M. E. church the past week with gratifying results. The services have been well attended and much religious interest has been awakened especially among the young people.

On last Sunday afternoon, the good lady gave a heart to heart talk to the ladies of Hood River and on Sunday evening she earnestly pleaded for the young men, taking for her text the 23rd verse of the 18th chapter of 2d Samuel: "And the king said, 'Is the young man Absalom safe?'" Drawing inspiration from the text, she dwelt upon the love of David for his son, and asked "are the young men of Hood River safe?" She then quoted statistics from prisons, asylums and eleemosynary institutions to show that a very large percent of those confined in these places is the result of false teaching, or rather, lack of teaching by the parents of the unfortunate. Card parties and club dances, the deaconess avers, and but the kindergarten to the gambling table and brothels. Services will continue throughout the week.

**The Dog Tax.**  
I hereby notify all owners of dogs within the city limits that the tax on dogs must be paid and the dogs will suffer the consequences, as the ordinance will be enforced. H. A. CRYSWELL, City Marshal.

## New Today.

Salt mackerel at Hartley's.

Valentines at Coe & Son's.  
Go to McGuire's for prepared mince meat. None better.

## Danger of Deforestation.

Philadelphia North American.  
It is too late now to avert entirely the calamity which will follow forest destruction as surely as night follows day, but there is yet time to modify them. Not one in a thousand of the people of this country probably realizes what the consequences of deforestation are. When fertile valleys become wind swept, tormented deserts, and vast areas now productive become incapable of supporting human life, the next generation will understand and it will wonder what sort of a food it had for a father.

## Stockholders' Meeting.

The next meeting of the stockholders of the Snow Line Water Company of Mount Hood, Wasco county, Oregon, will be held in the office of the company, at Cedar Hill ranch, Mount Hood, county and state aforesaid, on Friday, February 27, 1903, at 1:30 p. m. for the purpose of electing three directors, and such other business as may come before the meeting. Signed, L. E. RICE, G. W. WEYGANDT, Incorporators.

HOOD RIVER, OREGON.

## Summons.

In the Circuit Court of the State of Oregon, for the County of Wasco. Clara Christensen, plaintiff, vs. Nels Christensen, defendant. Suit for Divorce.

NOTICE. The above-named defendant, in the name of the State of Oregon, you are hereby required to appear and answer the complaint filed against you in the above entitled suit, on or before six weeks from the 15th day of December, 1902, and if you fail to answer, the plaintiff herein named, will take judgment against you for want thereof, and apply to the court for the relief prayed for in the complaint on file herein, to-wit: That the bonds of matrimony now existing between you and the plaintiff herein be dissolved and forever annulled, and for the care, custody and control of the infant child born from your union with the said plaintiff, and for general relief.

This summons is served upon you by publication thereof once a week for six consecutive weeks, in the Hood River Glacier, a newspaper of general circulation, designated as most likely to give you notice, published weekly in the County of Wasco, State of Oregon, and is so served by virtue of an order made and entered herein on the 8th day of December, A. D. 1902, by the Hon. W. L.
