TO MAKE ONE STATE.

Congress May Admit New Mexico and Ari-

zona as One, to Be Divided Later. Washington Feb. 5 .- Strong efforts are being made to bring about a compromise on the statehood bill. Many senators who are decidedly displeased with the legislative situation would welcome a compromise in order to clear the way for other legislation. Some hope was built today on a statement of Senator Quay that he "might" have a modification to make to his statehood amendment to the agricultural appropriation bill, and consideration of that measure has been postponed at his re-

quest until Friday. The compromise most favored is the admission of Arizona and New Mexico was one to authorize the employment as one state, Quay contending that such a provision should be modified to authorize the admission of Arizona alone ployes subject to garnishment. A joint when it shall develop sufficient popularesolution to abrogate section 35, article 1, of the state constitution, relative to tion. It is learned on good authority that the president would be willing to see such a compromise made, if it was Arizona, but New Mexico as well, should have an adequate population. Efforts are being made to reach some compromise which will not arouse antagonism when the bill goes back to the jesty. All questions must receive a house.

MONEY FOR NAVY.

for New Vessels.

Washington, Feb. 5. - Sentiment in the navy, with a view of giving to the United States a navy as efficient and may extend the time if it so desires. The vote-Fulton 32, Geer 16, Wood powerful as that of any power in the world.
