# ONLY EYE TESTER.

I wish to let the people of Hood River know that I have the only Eye Tester on the Columbia river between The Dalles and Portland. Come to me if you need spectacles, and have your eyes tested so that you can be suited in glasses. If your eyes are not both the same, it is sometimes necessary to have lenses ground, cylindrical and spherical. I have all my lenses ground by the very best optical company in America. They never fail to give satisfaction. And I can sell them for less than half what you would pay in Portland, as my expenses are small. I have a way of fixing rimless lenses that is my secret, by which they are not easily broken. For compound stigmatism no one can be suited with lenses unless their eyes are treated by a regular eye-testing instrument, same as I have in my store.
