A team belonging to O. A. Noble, while standing hitched in front of the Commercial Co's market, Saturday afternoon, took fright, pulled down the hitching post and started to run. At Crowell's corner the horses attempted to go one on each side of the electric light pole, but this pole of the wagon struck the electric light pole a center shot and the horses were thrown down. The tongue of the wagon was broken and the wagon slightly damaged, but Mr. Noble gathered up the broken pieces, patched them up and was able to haul his wagon loaded with his family and fruit trees to his home on the East Side.

George I Slocum's book store was burglarized Sunday night. The thief entered by breaking a window in the printing office of E. L. Bradley in the rear of the store. About six dollars were taken from the till. Nothing else in the store was molested. The burglar was familiar with the premises. He knew the combination on the money drawer and left it closed. It is hoped that the guilty one will be discovered and punished according to his merits. A reward of \$10 will be given for the arrest and conviction of the thief.

Geo. L. Slocum, while representing Oregon at the Charleston exposition, procured a pair of dueling pistols said to be 150 years old. They are flint-lock pattern, in an old case mottled with age, with bullet molds, flint bullets and everything complete. It is said that two men were killed in duels by the desperate looking weapons. Mr. Slocum will keep the pistols as a souvenir of his sojourn in the Sunny South, where dueling was considered the proper way to uphold a man's honor in the days before the war.
