

THE DAVIDSON FRUIT COMPANY.

Packers and Shippers Of Hood River's Famous Fruits.

In this line of business we have been eminently successful, shipping each year more from Hood River than all others combined.

We spend a large amount of money annually in advertising our brand of Hood River Fruit, which is well known in most of the states of the Union, Alaska, Siberia, Japan, China and Great Britain.

As to the results, Ask our customers. They know how the returns compare with other ways of disposing of their crops.

We are in business all the year round, and are in a position to give our patrons many advantages.

We desire to see less of cull apples shipped away in boxes, so we have arranged to operate a modern Cider and Vinegar Factory.
