Privileges to construct a salt lake of
400 acres near Cape May for a seaside

\$250,000.

Judge P. B. Wolfe, of the Seventh

YAKIMA INDIAN LANDS.

**Effort Being Made by Commissioner to
Settle Long Standing Dispute.**

Washington, April 1.—Representative
Cushman has been advised by the
commissioner of Indian affairs that
steps are soon to be taken looking to
negotiating a final agreement with the
Indians of the Yakima reservation
whereby they will surrender all claim
to lands lying between the west bound-
ary of their reservation and the crest
of the Cascade mountains.

Ever since the treaty of 1855, defin-
ing the boundaries of the Yakima res-
ervation, there has been a dispute as to
the lands actually belonging to the
Indians. In that treaty their reser-
vation was to extend westward to the
crest of the Cascade mountains, but
in the subsequent survey marking the
boundaries of the reservation the west
boundary line was laid off a considera-
ble distance to the east of the moun-
tains. The Indians have all along
maintained that they were erroneously
deprived of the intervening tracts, but
no satisfactory agreement has ever been
made with them. Only last year they
refused an offer of \$175,000 for the
lands, saying that was not a sufficient
recompense for their loss.

Renewed efforts are to be made
through a special agent of the depart-
ment to procure a mutually satisfactory
agreement this summer, and in that
event congress at the next session will
be asked to appropriate the amount
called for in such agreement to quiet
the Indians' claim. The department
is thoroughly convinced that the equi-
ties of the case are with the Indians.

TO SELL WRECK OF THE MAINE.

**Cuban Harbor and Coast Will Be Cleared
of Wrecked Battleships.**

Washington, April 1.—The Cuban
cabinet at a recent meeting decided to
call for bids by advertisement, both in
Havana and abroad, for the removal
from Havana harbor of the wreck of the
battleship Maine and the removal of
the wrecks of the several Spanish war
vessels lying on the southern coast of
the island. Bids will also be invited
for removing the wreck of the Merrimac
from the entrance to Santiago harbor
and the Spanish cruiser Alfonso XIII,
which is grounded on the north coast,
near Havana.

It is the expectation of the Cubans
that a net sum will be realized by the
transaction, as bidders will not be paid
for the work, but will be required to
pay for the privilege, on condition that
the recovered ships and material shall
pass to them. There are a number of
bidders awaiting the opportunity to
submit proposals, among them C. F.
W. Neely, notoriously associated with
the Havana postoffice.

It is reported that the Spanish gov-
ernment seeks to recover some of the
ships now lying on the southern coast,
but all bids must be made by individ-
uals or firms. Offers from the Spanish
government will not be entertained.

"THE GREATEST COUNTRY."

**Czar's Tribute to United States in Dis-
cussing St. Louis Fair.**

St. Petersburg, April 1.—The czar
today received Thomas W. Cridler,
representative of the St. Louis expo-
sition, at the imperial residence at the
Tsarskoye Selo and expressed his per-
sonal interest in and sympathy with
the objects of the St. Louis expo-
sition, the scope of which he discussed
with Mr. Cridler for a considerable
length of time. The czar referred to
the friendship existing between Russia
and the United States, and said he
hoped to see that friendship more firm-
ly cemented. He seemed much im-
pressed by the magnitude of the ex-
hibition plans and said he wished to
congratulate America on its marvellous
development, saying to Mr. Cridler:
"You have the greatest country."
The czar promised to carefully examine
a memorandum submitted to him by
Mr. Cridler, showing the economic
reasons for the participation of Russia
in the exhibition.

SIGN AMENDED TREATY.

**President Palma Sends Orders to Cuban
Minister at Washington.**

Washington, April 1.—Ratification
of the Cuban reciprocity treaty will
be exchanged at the state department
today. Senator Quesada, the Cuban
minister, called upon Secretary Hay
and officially notified him of the ratifi-
cation of the treaty by the Cuban sen-
ate, as reported in the news dispatches.
As there is only one copy of the treaty
in Washington, the other being en-
route from Havana, the exchange of
ratifications will be constructive, rather
than actual, Secretary Hay accepting
as sufficient the assurance that the
Cuban treaty has been dispatched to
Washington. No date has been set for
the assembling of congress to take
action on the treaty.

Line Through Colorado Coal Fields.
Guthrie, O. T., April 1.—The Colo-
rado, Oklahoma & Texas railroad com-
pany has been chartered as a feeder to
the Kansas City, Mexico & Orient,
building from Dennison, Tex., to Pue-
blo, Colo., and through Hobart, Chey-
enne and Elk City, Okla., tapping the
main line of the Orient at Lone Wolf.

Propositions are now being made to
cities along the proposed route for
bonuses for the construction. The line
passes through the Colorado coal fields.

Silver Bought for Philippines.
Washington, April 1.—The secretary
of the treasury today purchased for ac-
count of the Philippine coinage 350,000
ounces of silver at an average of 49.8c
an ounce. The silver is to be deliv-
ered in equal parts to the mints at
Philadelphia and San Francisco.

HAPPENINGS HERE IN OREGON

WILL WASH OUT GOLD.

**G. W. Dart, of John Day, Starting Up an
Extensive Work.**

Placer mining promises to be an im-
portant industry in Grant county dur-
ing the coming season. Several miners
have already commenced getting things
in readiness for the summer's run.
What promises to be an excellent
paying proposition is the placer mine
of G. W. Dart, which will be worked
for the first time this season.

Mr. Dart has leased the pipe, giants
and all the mining material belonging
to the Humboldt mining company, and
at present has a force of men laying
this pipe and getting everything in
readiness for the summer's run, which
will commence immediately.

The mine is situated on the west side
of Canyon creek, between John Day
and Canyon City, and nearly opposite
to Long gulch. Water will be used from
the Humboldt ditch. The ditch will
be in charge of Bert Stone.
It is the intention to operate the

New Warden at Penitentiary.
C. W. James, who became superin-
tendent of the Oregon penitentiary on
April 1, has announced the promotion
of Ed McPherson from the position of
second warden to that of first warden.
McPherson will succeed J. T. James,
who has held the position during the
past four years. The vacancy caused
by the promotion of McPherson will
be filled by the appointment of G. F.
Johnson, of Baker City.

Woodman Street Carnival.
The Woodmen's street carnival and
fair, to be held in Dallas June 5, 6,
7 and 8, promises to be a very successful
affair. The committees are all hard
at work and are meeting with good
success.

To Invoke Referendum.
A number of mining men around
Grants Pass are giving assistance in the
work of invoking the referendum
against the mining corporation tax law
recently passed by the Oregon legis-
lature.

THE LATE HENRY WINSLOW CORBETT.

Hopes to Find Water.
B. F. Coplen, an expert on forma-
tion for artesian wells at Fullman, Wash.,
and who for many years has been looking
for artesian water in the Columbia
river basin, has been looking over
the situation in the vicinity of Echo for
some time with a view to getting four
or five sections of land and putting in
the necessary machinery for thoroughly
testing the subject. He says that
there is every indication that artesian
water can be had along the base of the
Echo buttes.

Mills Running Full Time.
All of the sawmills in Baker City
are running full time and the demand
for lumber both for local use and for
export is in excess of the supply.
Most of the lumber manufactured there
is sent to Utah, where a great deal is
used in railroad construction.

Will Build Dam.
The Sumpter land company will erect
a dam at the junction of Cracker creek
and McCullough's fork.

ALASKA HAD GOOD CARE.

**Northern Territory Got New Laws Which
Will Bring Settlers.**

Washington, March 31.—"Alaska has
been bountifully taken care of in the
past session of congress," said J. W.
Ivey, who has been here all winter ur-
ging legislation of one sort or another
for the big territory. "I find that very
few states have secured as much in the
way of local legislation, and few mem-
bers can go home as contented as I will
return to my people. We did not get
everything we wanted, but we did get
the most essential things, and I have
no complaint to make. When I first
came down here at the opening of the
session, senators and representatives
told me I might as well go home, that
in the short session there would be no
time for considering legislation. They
advised me to come back next session,
when there was more time. But I re-
plied that we had been put off that
way year after year, and did not in-
tend to stand it any longer. So I
camped down, and here I have been
ever since.

"In my opinion, the most important
legislation of the session was the Alas-
ka homestead bill, permitting the entry
of 320 acres of land, 160 of which may
be commuted upon, and a like amount
taken by scrip. The bill is not perfect,
but it will do a great deal towards
bringing in the class of permanent set-
tlers that we so much need. Now that
people can acquire title to the land,
and can feel safe against encroachment,
there will be a heavy immigration, and
the fertile valleys will soon begin to
fill with industrious, energetic people.
When we get a larger population, as
we are now sure to do, we will come
back to congress and make known our
other wants."

STRONGHOLD IS TAKEN.

**Crushing Defeat Inflicted on San Miguel
and His Fort Captured.**

Manila, March 31.—Two companies
of Macababe scouts signally defeated
the main body of San Miguel's forces
today. It is believed San Miguel was
killed. Lieutenant Reese was seriously
wounded. The scouts lost three men
killed, and had 11 men wounded.

The enemy occupied an entrenched
position between Marquina and Fran-
cisco del Norte, and had erected a stone
fort, which was garrisoned by 200 men.
Lieutenants Reese and Nickerson de-
cided after an hour's fighting to surround
the position and charge, after having
divided their commands. The two offi-
cers then led a gallant and successful
charge, during which Lieutenant Reese
fell, seriously wounded. The enemy
then broke and ran, leaving 45 men
dead on the field, including a general
officer, who is believed to be San Mig-
uel, though his identification is incom-
plete. It is hoped this defeat will dis-
courage disorder in Rizal province.

The military authorities will direct
the operations of the detachments which
are pursuing the bandit bands. Addi-
tional troops are to be sent to Surigao
later on.

NORTHWEST AT THE CAPITAL.

**Title of Tacoma Building Site Defective—
Seattle-Tacoma Malls.**

Washington, March 31.—The attor-
ney general today reported that he had
examined the title to the public build-
ing site at Spokane, designated for pur-
chase early in the winter, and had
found it clear. A check has been made
out and sent the owners.

There is faulty title to two lots in-
cluded in the Tacoma site, the lots
owned by Mrs. Walsh, and before that
site can be acquired these two lots will
have to be condemned, thereby insur-
ing clear title. The title to the balance
of the site is satisfactory.

Senator Foster today urged the post-
office department to increase the mail
service between Seattle and Tacoma.
He was told that, if the electric road
would carry such mails as were offered
it at a reasonable rate, the additional
service would be established. All in-
terurban mails are now carried by the
Northern Pacific.

Police Ordered to Fernie.

Victoria, B. C., March 31.—In view
of the fact that trouble is expected at
Fernie in the event of non-union men
being imported by the Crow's Nest coal
company, the British Columbia govern-
ment has requested the Dominion gov-
ernment to send a detachment of North-
west mounted police to Fernie, the
center of the strike, and a squad of 50
men has been ordered to proceed from
Calgary. The coal company has given
the men until today to decide whether
they will return to work; failing a de-
cision, outsiders will be brought in.

Take Years to Recover.

San Francisco, March 31.—Louis
Hirsch, of this city, whose coffee plan-
tation in Guatemala was destroyed by
the recent eruption of Santa Maria vol-
cano, has just returned from an inspec-
tion of the devastated district. He
says that the accounts of the cost to
Guatemala of Santa Maria's outbreak
were not exaggerated, and it will take
a couple of years and perhaps longer,
for the coffee industry to recover from
the blow.

Rescued from the Flood.

Natchez, Miss., March 31.—The
steamer St. John came up from below
this morning with a full load of pas-
sengers and stock from the flooded dis-
trict. The officers report a daring res-
cue of three men who were found adrift
in Black River. One of the men was
on a log and the other two in trees.
They had been washed out by the crevas-
se at Bogues, and had been without
food for three days.

DEATH OF PIONEER

**HENRY WINSLOW CORBETT PASSES
TO THE GREAT BEYOND.**

**Was One of Portland's Foremost Citizens
—Father of the Lewis and Clark Ex-
position—His Life Was Crowded with
Affairs of Business, State and Philan-
thropy—End Was Peaceful.**

Portland, April 1.—Henry Winslow
Corbett, for over half a century a fore-
most citizen of Portland, is dead.
The end came yesterday morning as the
dawn crept over the eastern hills.
While the light of the new day was
drawing on the life of one of Oregon's
greatest pioneers was ebbing away.

So slowly did the waning taper of
life go out that they who grieved at the
bedside could scarcely perceive when it
flickered last. The angel of death
touched Mr. Corbett gently,
