There is going to be a celebration here on July 4 that will pay the people for hundreds of miles around to come and see. For several years past The Dalles has been quite modest in the matter of Fourth of July celebrations, giving that duty over to neighboring towns, but this year it is going to invite everybody to join with her.

He is having his first experience with irrigation, and says he has the slickest, most unmanageable water here he has ever had to deal with. It is almost impossible to make it run up hill. Mr. McClintock evidently is not on to the combination as yet. A year or two hence he will be able to chase the water up any old hill.

The aged Joe Eick and his Indian wife are fairly heartbroken over this last escapade of their son. George Eick has served one year in the penitentiary, and will probably never be a "good Indian" until dead.
