

RIVERVIEW PARK AND IDLEWILDE ADDITIONS TO HOOD RIVER.

Important Notice!

June 15, Prices Advance 10 per cent

If you are looking for a place to build your home you do not want to make your selection until you have seen these properties.

The property has its own water system. Extensive street improvements will be made as soon as teams can be secured. A sewer system will be put in to connect with the system in the business part of town, for which the council is now making arrangements.

This property lies well, affords a magnificent view, is convenient to business, schools churches, depot, and lies in a direct line of the growth of the town.

A \$20,000 Inn, with cottages, will be built this season in Riverview Park, adjoining the western portion of Idlewilde, to accommodate the large volume of tourist and pleasure travel that wishes to visit Hood River, not only in the summer, but during the whole year.

Special Inducements to People who wish to Build.

Don't delay until it is too late. Buy now before the prices advance. For full particulars, prices, terms and plats call upon the

Hood River Glacier

THURSDAY, MAY 21, 1903.

Will Build \$20,000 Hotel.

It is announced that the real estate syndicate, of which Messrs. Batchelder & Erwin are trustees, will build a \$20,000 hotel this summer in Riverview park, Hood River. H. R. Erwin stated to the Glacier that his company is busy now arranging plans and specifications, and that it is the intention to begin the work of construction as soon as possible, and to have the hotel open some time this summer. A number of wealthy Portlanders are backing the enterprise, and it is their intention to make the hotel headquarters for their summer outings. The hotel will be known as the Country Club Inn.

The site of the proposed Inn is on the sloping bank of the Columbia to the west of town near the old ice house site. The location is a perfect wooded park, with large oak groves, and evergreens of pine and fir. A splendid view of Mount Adams is obtained to the north, while the broad Columbia is spread out in front. It would be hard to find a more slightly or picturesque location for the Country Club Inn.

In addition to the hotel proper, cottages will be built and walks and drives will be constructed throughout the woods. Hood River is almost as famous for its strawberries and apples, and the hotel will be built to accommodate the large amount of tourist and pleasure travel which wishes to visit Hood River, not only in summer but during the whole year.

"Mark my prediction," said Mr. Erwin, who is very enthusiastic over the prospect, "in five years there will be a dozen such hotels scattered throughout Hood River valley. When the road is opened to Lost Lake we expect to arrange accommodations for excursions to the lake and in the mountains. During the 1903 fair there will be a great many people attracted to Mount Hood and other scenic points in our valley. This will make lots of business."

Reduces Tardiness at School.
Professor C. D. Thompson, principal of the Hood River public school, has completed his annual report to the board of directors. A comparison of the statistics given below for the past two years shows a remarkable decrease in the absence and tardiness, considering the large increase in enrollment.

YEAR.	Enrollment	Absences	Tardiness	Arrested	Truants
1901-2	300	3165	2892	560	199
1902-3	330	2025	2264	177	228

"There were two methods used to encourage attendance," said Professor Thompson in response to the question how it was done. "The first method was that of giving a half holiday once a month to the room which had the smallest percentage of tardiness at the end of each month; the second method was the presentation of certificates of punctuality to each pupil of the school who was neither tardy nor absent during the year. These certificates were furnished through County Superintendent Gilbert, and the Hood River school granted 20 at the close of the school last month.

"I found the first method very effective with the children of the lower grades, and it was really amusing to watch the attempts at coercion made by a room of first-graders upon a little unfortunate who happened to be the least bit tardy."

Following are the names of those pupils who were neither absent nor tardy during the school term of eight months, which ended April 17, 1902. Each of whom received a certificate of punctuality:

Clara Rand, Malcolm Button, Etta Enry, Etta Godsey, Arthur Kerr, Bert Franz, Eva Yates, Leonard Miller, Lizzie Grant.

Georgia Prather, Earl Donnellson, Henry Brown, Neal Evans, Garnet Green, Julia Godsey, Blanche Howe, Florence Hanna, Stella Parsons, Cora Feugh, Amanda Siewerkrop, Claude Thompson, Eleanor Cox, Florence Smith, Harold Hershey, Elwood Luckey, Elmer Godsey.

The Hood River public school has a very creditable library. The total number of volumes amounts to 450. Of this number 96 books were added to the list during the past year.

Dukes Valley School Report.

The following is the report of the Dukes Valley school, district 74, for the month ending May 15:

Number of days taught, 20; days present, 273; days absent, 7; times tardy, 1; average number belonging, 14; average daily attendance, 13%.
Those on the roll of honor for the month are:

Edith Murphy, Bessie Cameron, John Murphy, Della Cameron, Milton Biggam, Maude Dodge, Arlet Dodson, Vera Dodge, Floyd Dodson, David Carnahan. Those who visited the school during the month were: C. L. Gilbert, Messdames A. T. Dodge, W. C. Dodge, Nellie Stanton and Miss Ellen Dodge. OLAN NORMAN, Teacher.

New Hotel on River Street.

A new hotel will be built on the site of the Artisan hall, formerly the old box factory on River street. The building is estimated to cost nearly \$3,500 and is being put up by the Artisan Building Society, consisting of L. F. C. Brodus, C. A. Bell, J. H. Koberg, A. P. Batesham, H. C. Batesham, T. C. Dallas and W. H. Pugh. The first three named are the directors of the company, and A. P. Batesham is secretary. Bates & Hess have contracted for the carpenter work, and work is to be completed by July 1.

The hotel will occupy the middle lot facing River street. Workmen are now engaged in moving the old box factory to the rear of the lot where it will be fixed up as part of the hotel. The new building will be a two-story structure, 96 feet by 30 feet in extent.

Weekly Crop Bulletin.

Portland, May 19, 1903.—The week has been cooler than usual, and much needed rains have occurred in Southern Oregon and a few light showers fell in the eastern sections of the state. No damaging frosts have been reported. The wheat crop is slowly recovering from the wheat crop in Umatilla county and retarded the growth in Union county. Wire and ent worms are also reported to be doing slight damage in some sections, but in general they are promising, although these crops are backward. Grass and pasture are now making splendid growth in the western part of the state, and the flow of milk in the dairy districts is excellent, both as to quantity and quality. Sheep shearing is advancing slowly, and the clip continues to be reported light.

Plowing land for summer fallow is nearly completed, and corn and peas are mostly planted. Corn is coming up slowly, owing to the cool weather. Reports from the hop growing districts are that the crop is quite uneven, and the number of missing hills is much greater than usual. The new yards are doing better than the old ones. Gardens and potatoes are promising. Sugar beet planting is well advanced and the plants are coming up to good stands.

Reports on fruit are somewhat conflicting, with the prospects favorable for good crops of berries, cherries, pears and plums. Peaches will be light, and it is too early to estimate closely regarding apples.

Excursion to Portland May 31.
The brotherhood of railroad trainmen will give their third annual excursion to Portland, Sunday, May 31. The round trip fare from Hood River will be \$1.25. A special train will leave The Dalles on a schedule to be arranged later. Special trains will also be run on the Southern Pacific. The excursionists will be entertained at Hawthorne park with sensational acrobatic feats, fireworks, colored juggle singers, impertinent troupe of Japanese acrobats, and many other features. The excursion is given for the purpose of obtaining funds to assist sick and disabled railroad men and their families.

Farmers Improve State Road.

The state road has been neglected by the supervisors during the past year, and most of the citizens living on the road volunteered, Monday, to put it in condition for hauling berries by removing the stones and filling up the depressions.

committee on printing and police, reported that Jack Allen had been hired as night watch at a salary of \$30 a month. He also reported complaint against the dangerous chimney on the old armory building. The fire and water committee was instructed to investigate.

Councilman Frather of the special street committee submitted the field notes and report of the surveyor on his work on the proposed street along the east line of Paradise farm. The report was read in full by the recorder. On motion the report of the committee was accepted and a continuation of their services was ordered, to ascertain what arrangements must be made with property owners to open the street.

H. F. Davidson reported for the sewer committee that Mr. Paget had written he would be here last week to make survey of the sewer line. The sewer committee was instructed to make arrangements to receive him.

While the finance committee reviewed some claims against the town the other councilmen robbed their eyes, which smarted from an abundance of fresh paint on the wire fence around the new lot in another room.

The following bills were allowed and ordered paid:

J. L. Henderson, survey work.....\$33.00
Wm. Stewart, furniture.....20.25
Mt Hood Lumber Co.....3.12
The \$250 bond of Jack Allen, as night watch, with D. A. Turner and H. F. Jochimsen, bondsmen, was accepted and the council adjourned.

A Farce in Nine Innings.

The baseball editor took in the exhibition of the national game, Sunday afternoon on the hill, and has furnished the following account of what he saw:

The striking feature of the game was "Pine Root" Graham's playing in left garden, where, in his attempts to corral some of the "high ones" he constructed a wire fence around an 8x10 space, but in his efforts to get the "high ones" into the corral he would, in his mad dashings after them, grab out a few stumps and break down a few young pines. Another feature of the game was "Barber" Haynes' base running. On any hit he would make second base by his familiar method of "short cuts." The playing of "Count" Markham was also another feature, in the way that his big basket, which he had to catch the ball, would always be on the wrong hand, hence he would always receive it on the fingers. "Si" Williams was without doubt the best second baseman, though a little stiff. We advise him to keep on, as he will improve. "Deeze" Davidson is so familiar with the game and not the bat that no particular mention in regard to his ability is needed. "Lefty" Fleming is a very shifty player, but makes a better fisherman.

Of "the not so many" all did work that was a treat to the 1350 fans who were present, but a very exciting time happened and had it not been for our police department, a serious riot would have taken place. The "unhappy" of "Indicator Hold" Foster, who made some of the rankest decisions ever heard here. The two teams have an ill feeling toward each other, so some to see the next game, an exciting time is assured.

The tenna had positions as follows:

The Not so Many—"Bambes" Davidson, catcher; "Logger" Morse, pitcher; "Moose" Sheets, short stop; "Blue Jeans" Fabrick 1st base; "Depot" Haynes, 2d base; "Razor" Olinger, 3d base; "Nine Spot" Henman, right field; "Flagstaff" De Witt, center field; "Nager" Dukes left field.

The Has Been Once—"Barber" Haynes, catcher; "Lang" Sawyer, pitcher; "Slow Poke" Ulrich, short stop; "Count" Markham, 1st base; "Si" Williams, 2d base; "Lefty" Fleming, 3d base; "Deeze" Davidson, right field; "Duke" Rand, center field; "Pine Root" Graham, left field.

Charles Foster, Hampire.

Governor Steunenberg in Hood River.

Hon Frank Steunenberg, ex-governor of Idaho, and Senator John Kincaid were in Hood River this week, leaving Wednesday afternoon for Portland, where the gentlemen expect to meet President Roosevelt and then to continue on to California. Governor Steunenberg and Senator Kincaid are among the financial backers of the Hood River Irrigating company. Accompanied by Colonel J. C. Bryant they drove to the headgate of the canal above Winans and returned by way of the East Side.

Although having but a limited time in which to see the valley, the governor expressed himself as highly pleased with everything he saw. The fruit industry particularly appealed to him as he is a horticulturist of ability. In Idaho he is interested in large apple orchards and also has a great deal of capital invested in irrigating systems.

"The possibilities of your valley are surprising," said the former Idaho executive, "I had no idea of the resources of Hood River, and shall be delighted to return at my earliest opportunity and spend more time among your orchards."

Governor Steunenberg became famous for his effective methods in suppressing the riots in the Wardeer coal fields several years ago. He was also a newspaper man at one time.

Top's Tour in Oregon.

Astoria News.
President Roosevelt's itinerary in Oregon will be like a streak of lightning, toward: Ashland, May 21, at 6:45.

Yoram Dramatic Company.

A company of talented players, presenting the following successful plays:

"In Nevada," "Diamonds and Hearts."

Monday, May 25.

Admission—15c, 25c, and 50c. Tickets on sale at Clarke's Drug store.

BERRY CRATES.

The Kind Wilson Makes.

I have rented the second story of the old armory where a force of men, boys and girls are busy sewing hallocks and nailing up crates. Come examine our work, and be convinced that the crates are the best ever sold in Hood River. The material is all spruce. You can't find neater or stronger berry crates anywhere. The hallocks are cut with a V-score, making the finest hallocks manufactured.

The crates are now ready to haul out. During the shipping season there will be plenty of crates at my warehouse on the railroad track.
