FLOOD IN KANSAS.

Many People are Driven From Their Homes—Wheat Crops Ruined.

Salina, Kan., May 26.—This city is tonight the scene of the worst flood in its history, fully 100 families having been driven from their homes, and the extent of the damage is estimated to be hundreds of thousands of dollars. Another heavy rain fell tonight, making four inches of rain that has fallen here during the last 24 hours. The northwestern portion of the city is entirely submerged, and women and children were rescued from their houses in boats.

The Missouri Pacific grade on the west is holding back a large and threatening body of water. If the water succeeds in crossing the tracks, the entire western portion of the town will be under water.

A passenger train on the Lincoln branch of the Union Pacific is held between two washouts two miles north of here. The passengers were brought to this city on handcars. The Union Pacific tracks for three miles west of here are washed out, and all through trains are running over the Rock Island from Lincoln Junction, Colo., to Manhattan, Kan. The Union Pacific station here is surrounded by water and the railroad yards are flooded.

The entire district for miles northwest and southwest from the station is flooded. As far as the eye can reach, the wheat fields have been transformed into great lakes of running water. Crops are ruined and homes deserted.

EXHIBIT FOR FAIRS.

Montana Legislature in Special Session Makes Appropriation.

Helena, Mont., May 26.—(Special) —The Eighth Legislative Assembly met here today in extraordinary session, at the call of Governor Toole, for the purpose of making an appropriation for Montana's representation at the Louisiana Purchase and the Lewis and Clark Expositions, at St. Louis and Portland, respectively, in 1904 and 1905.

Both houses met in joint session shortly after 11 o'clock and listened to the reading of Governor Toole's message, which stated that there seemed to be a general demand for a display of the state's products and resources at these Expositions, hence its call for extra session.

A killing frost blighted the prospects for an abundant fruit crop around Baker City last week. The extent of the damage is not fully developed, but it is known that all the early fruit is badly damaged, and in some localities all the fruit is killed. So far as known, there has been no frost in Pine and Eagle valleys, or down on the Snake river, below Huntington. These portions of the county comprise the principal fruit-growing sections of the country. Until last night the prospects were favorable for the greatest fruit crop ever known in this, the Powder river valley.

MANY HOMELESS BY FIRE.

New Hampshire Blaze Causes a Loss of \$400,000.

Lincoln, N. H., May 26.—Nearly 100 buildings have been burned, 350 persons are homeless and a loss between \$350,000 and \$400,000 has been caused by a fire in the Lakeport section, the area burned over being about 15 acres. The fire started in a boiler room of the H. H. Wood hardware mill. The flames spread briskly, and in a very short time, under the influence of a brisk southeast wind, the entire structure was burning. Next it spread to the finished lumber plant of the State Capitol and grounds. Before midnight the session had been adjourned sine die.

Rainier is confident.

The county-seat fight in Columbia county is on. The election notice calling special election for July 6 will be posted in a few days. At present there are only three candidates for the honors of county seat. St. Helena, which is the county seat now, Rainier and Clatskanie. A hard fight will be put up from three points. It is generally conceded that Rainier will be first in the race. Should no point receive a majority of all votes a second election will be held in August, and the vote will be taken between the two highest.

PINE LANDS CUT OUT.

The General Land Office at Washington has received the amended map filed by the Oregon Development Company, showing lands on the Upper Deschutes river in Eastern Oregon, which it proposes to reclaim under Carey act. On this map, nearly 15,000 acres that were included in the original selection, this action is taken because of the report of Special Agent Green, that much of the original selection was land covered with merchantable timber.

SLAVERY IN NEW FORM.

Washington, May 26.—At the request of the Department of Justice, the United States Secret Service has undertaken an investigation of the charge of peonage, or holding another in servitude to work out a debt, which has been made against persons living in the vicinity of Montgomery, Ala. One man, named Robert N. Franklin, has already been indicted for keeping a Negro in servitude, and information in the hands of Chief Winkle tends to show that a regular system has been practiced between certain magistrates and persons who want Negro laborers.

The plan is to bring a poor Negro before a magistrate on a flimsy charge. He is convicted, and the white man offers to advance him the money provided the Negro will make a labor contract with him for the sum of time sufficient to reimburse him for the money and trouble he has taken to keep the Negro out of jail. The Negro is then taken away, and begins what is frequently a long term of cruel servitude.

NEW YORK CELEBRATES.

New York, May 28.—New York today officially commemorated the 250th anniversary of the establishment of municipal government in New Amsterdam and treaty between Holland and England. The city hall, where the main exercises were held, and city hall park were the center of attraction. In the public schools, 500,000 children took part in the exercises. Mayor Low, General James Grant Wilson, Secretary of War Root, Governor Odell and Bishop Potter made addresses.

GERMAN REPORT ON THE MASSACRE.

Berlin, May 28.—The German Jewish Relief Society has sent an agent here to inquire about the recent massacre. The agent reports that 700 sacks and that about 10,000 persons are homeless as a result of the recent massacre. Forty-five persons were killed outright during the massacre, 84 were seriously wounded and 500 were slightly injured. The number of persons affected through loss of possessions or otherwise is estimated at 20,000, mostly belonging to the poorer classes.

IRRIGATIONISTS SURPRISED.

The abandonment of the semi-annual meeting of the State Irrigation Association comes as a surprise to most of the friends of irrigation in the eastern part of the state.

HAPPENINGS HERE IN OREGON

CONFIDE OF SUCCESS.

Prospectors for Oil Do Not Lose Faith Because of Reverses.

The Umpqua Valley Oil Company of Roseburg, which has been boring for oil at Myrtle Creek, has abandoned the well, after having reached a distance of 1600 feet. Some time ago, while the boring apparatus was at work, the cable parted and let the drill fall into the well. After the drill was removed it was found that the casing had also been broken and part of it had fallen into the well. It was later found that the well had been "plugged," and in such a manner that it was now impossible to work it at all.
