Hood River Glacier

THURSDAY, JULY 30, 1903.

Gathered Statistics on Hood River. Hon, A. LeRoy, who is visiting East-ern Oregon cities in the interest of the Oregon Information Bureau, spent Saturday in Hood River, gathering data regarding the valley's fruit and lumber ndustries. Mr. LeRoy is the father of Mrs. Will Rand, and remained in the city over Sunday visiting with his

The Oregon Information Bureau, in whose interest Mr. LeRoy is working, is maintained by the citizens of Portis maintained by the citizens of Portland, at their own expense, and with it an exhibit of Oregon's resources, on display in rooms at the Union depot, Portland. Charles E. Ladd is president of the board of trustees and W. M. Killingsworth secretary. The work of the board of trustees and W. M. Killingsworth secretary. The work of the board is further explained by the following extract from a circular addressed to the people of Oregon:

"What the state most needs today is development and this can only be accused in an other valuable instruments of weither the corporate seal of the association and shall be custodian of all deeds, articles of agreement and this can only be accusted in an other valuable instruments of weither the corporate seal of the association and shall be custodian of all deeds, articles of agreement and other valuable instruments of weither the constitution of the directors may refuse to receive for shipment, under the brand of the union, any package of fruit not considered prime trom any cause. 1905. The people are coming. Our object therefore will be to provide such in-1905. The people are coming. Our object therefore will be to provide such information as will be best suited to their needs, and be most effective in securing results that will be of lasting benefit to the state. To do this effectivally will the state. To do this effectually will diate use, such information as can be gained only through the co-operation of every one interested in the welfare of the state. We should like to have as accurate a list as possible of all available lands in another construction. should like to have as accurate a list as possible of all available lands in each county, either open to settlement, or that can be purchased, together with a description of such levels. The annual meeting for the election of officers and the transaction of other business of the corporation shall be held on the third Saturday in January of each year, in the town of Hood River, Oregon, at 10 o'clock a, m. description of such lands, the purpose for which it is best fitted, the price at which it can be had, and the name of ne one at the nearest railroad station

to whom we can refer strangers and feel assured that they will be assisted in securing a location adapted to their securing a location adapted to their wants, with the least possible delay and expense. We wish our information to be accurate, as any misrepresentations will retard our object and reflect on the sincerity of our motives."

A majority of the stock subscribed, upon which all legal calls or assessments have been paid in full, shall constitute a quorum at any stockholders' meeting, and no vote shall be counted which is not represented by one share of the stock upon which all calls or assessments have been paid. Anything intended for the depot ex-

hibit will be transported free of charge by boat or rail. Address all matter, Oregon Information Bureau, Portland,

TO PRESERVE FRUIT FOR EXHIBIT. Mr. LeRoy addressed the apple growers after their meeting Saturday afternoon and urged them to send samples of fruit for exhibit. For preserving-fruit of any kind for exhibit, Mr. Le-Roy, on the authority of George Coote, professor of floriculture and gardening

The membership of this corporation shall be confined to actual growers of fruit of Hood River valley and vicinity.

ARTICLE III. ARTICLE III.

The directors of this corporation shall be five to number, who shall be elected annually and shall serve until their successors are elected and qualified. They shall qualify as directors within ten days after their election, and within ten days thereafter they shall elect from their number a president, vice president and secretary. They shall also choose a treasurer, who shall be required to give bonds, with surety, in such sum as they may deem ample.

The directors shall have power to levy and collect assessments on the capital stock not to exceed 50 per centum of the stock subscribed at any one time and not oftener than every sixty days; the same to become delinquent in thirty days from date of notice of such assessment in the local newspaper. The directors shall sell shares of stock to actual fruit growers only.

ARTICLE V.

31,000,000, and the rest of the country 13,000,000. Out of the total number of trees in the United States, the north and south central districts have 123,-205,000, or nearly three-fifths of the whole. These are divided among the principal apple-bearing states as follows: ARTICLE V.

The directors shall employ such agents or other employes as are necessary to do the business of the corporation, and shall fix their remuneration; provided that the board of directors shall receive no salary for acting as directors. They shall have daily account sales rendered to the members of the union each day, as received by them or their agent, giving a statement by whom sold, gross sales, commission, freight or express, and amount due members of the union; also, giving condition of fruit, if there be any complaint.

ARTICLE VI.

The directors may refuse to receive for ship-

"What the state most needs today is development, and this can only be accomplished by securing and fostering immigration, and for this purpose the bureau was organized. The state is being thoroughly advertised through the efforts of the Harriman system and the Lewis and Clark centennial fair in ARTICLE VIII.

ARTICLE IX. require a complete inventory of the resources of the state, whether in its crude or in its developed condition. It will require a long time and much work to compile such facts, and it cannot be completed in time for the work now ARTICLE X.

ARTICLE XII.

The president shall instruct the secretary to call a meeting of the stockholders wheneve in his judgment the necessities of the unic require it, by giving one week's notice through the local newspaper and by posting notices in three conspicuous places. ARTICLE XIII.

ARTICLE XIV.

These by-laws may be amended by vote of the majority of the stock upon which all calls or assessments have been paid, at any regular or called meeting, provided that notice to amend the by-laws shall have been given in the call for a special meeting.

ARTICLE XV. Any member desiring to dissolve his con-nection with this corporation may do so by surrendering his stock to the secretary there-

surrendering his stock to the secretary therefor by transferring it to any member in good standing on the secretary's books

Fruit Wrapped by Machinery.

A fruit wrapping machine has been perfected and will be used in the large California orchards and packing houses this season. It is said that a saving of two to four cents a box will be effected to a surrendering his stock to the secretary there of today. He now has a flock of 90 goats, having started three years ago with 12. He has a registered buck among his flock and intends to raiseonly thoroughbred Angoras.

The goats require no feeding at all, except a little hay or oats straw when the snow covers the ground. The anithmetic that a saving of two to four cents a box will be effected to a surrendering in the anithmetic three years ago with 12. He has a registered buck among his flock and intends to raiseonly thoroughbred Angoras.

The goats require no feeding at all, except a little hay or oats straw when the snow covers the ground. The anithmetic three years ago with 12. He has a registered buck among his flock and intends to raiseonly thoroughbred Angoras.

The goats require no feeding at all, except a little hay or oats straw when the snow covers the ground. The anithmetic three years ago with 12. He has a registered buck among his flock and intends to raiseonly the Oregon conference, which, while not large, is regular.

flourish, hence there is great irregularity in localities of production and enorall the walks of life. Dr. Louis Albert mous yields in spots. Thirty-five counties in the United States have more than 400,000 each. The most productive counties are as follows:

Benton county, Arkansas Washington county, Ark Benton county, Arkansas,
Washington county, Arkansas,
Nisgara county, New York,
Wayne county, New York,
Marion county, Illinois,
Monroe county, New York,
Clay county, Nimois,
Eric county, New York,
Orleans county, New York,
Wayne county, Illinois,

It will be noticed from the above tables that there is a great difference in the bearing capacity of the apple trees of the country. Missouri has nearly twice as many trees as Michigan, and yet Michigan raises nearly 50 per cent more apples than Missouri. This is explained, like many other things, by the character of the trees and the amount of cultivation given them. New York undoubtedly has the best apple trees in the country, and the returns of her

apple harvest show it. Angora Hoats a Success.

George Rordan, who has an excel-lent ranch in the foot hills just above this account. what was formerly the Connell place, finds that Angora goats are a great success. Besides getting 35 cents a pound f. o. b., for the mohir, the goats are most useful in clearing land. Mr. Rordan says if he had placed conte and Mr. Rordan has the advantage of a decomposition. says if he had placed goats on his place 12 years ago, he would be \$8,000 or \$10,000

Mr. and Mrs. Simpson Copple left last week on an extended visit to their old

action to have water for next season action to have water for next season, and for that purpose a mass meeting has been called for Saturday, August 1, at 2:30 p. m., at which time it is earnestly hoped every one interested in the welfare of the valley will be on hand to express his opinion so that the best interest of all may be cared for. Come yourself and bring your neighbor. Remember the place and the time, at the K. of P. hall, Saturday, August 1, 2:30 p. m. By order of the committee, Frank Chandler, chairman.

Bryant Still With Ditch Company. Hood River, Or., July 27, 1903.-Edi cle appeared in your paper over the sig-nature of the board of directors of the Hood River Irrigating company, which stated in effect that I had resigned the position of manager of the above-named company, owing to press of personal business. The article in question was entirely without my authority or of th board of directors. It was not my in tention to pay any attention to the matter, and I would not do so at this matter, and I would not do so at this late day, only that a great many people throughout the valley have been misled, and have repeatedly asked me to deny the statement through the press, as they say the opinion has gone out that I had deserted the canal proposition. I came to the valley to build a caual and will not leave until I have the best irrigation assessment. canal and will not leave until I have the best irrigation system in operation on the coast in this valley. I shall be on hand next Saturday at your citizens' mass meeting to explain to the people what we are trying to do, and how we are getting along. I shall also take this opportunity of assuring the people of the valley that we will have water here according to the terms of our contract. according to the terms of our contract. Very respectfully, F. C. BRYANT, Vice and Acting President of the Hood River Irrigating Company.

More Time on College Proposition. The question of moving Philomath college cannot be settled until the annual conference next June. This gives those desirous of securing the institu- 5. their work, which makes the committee having the matter in charge all the more sanguine, and there is every indi-cation that the undertaking will prove

Elder J. T. Merrill and Rev. H. C. Shaffer returned Saturday from Philoshaller returned saturday from Philo-math, and report prospects very good for Hood River, though Everett, Wash., they say, is making a strong fight for the college. The Business Men's associa-tion of that city has taken up the mat-ter, and has offered a tract of land in the heart of team where loss are selling the heart of town where lots are selling for \$1,000 and more. But Hood River has a strong advantage in climate. As the college will not be moved this year the payments for the lots, should the college come here, will be 50 per cent July 1, 1904, and 50 per cent October 1, 1904. The effort so far has been to sell 150 lots, but it is now thought that if the business men of Hood River and the people of the valley will buy 115 lots at from \$150 to \$250 each, the college

an be secured. Not long ago the college received a bequest in the shape of a tract of land worth from \$8,000 to \$12,000. There are also fair prospects of an endowment fund of from \$80,000 to \$100,000 from a

wealthy woman in the East.

"Some are asking why the college desires to change location," said Mr. Shaffer. "To tell the truth, a large but those who do, say the only reason is that there are eight colleges within a radius of 50 miles of Philomath, and that in a larger field more students tors could be made to give barely enough nickels and dimes to pay for the new balls.

Trib cures the tobacco by the could be made to give barely enough nickels and dimes to pay for the new balls.
