## HOPEKANS GIVEN A SCARE.

Rain Descended in Such Volume That Houses are Flooded.

Topeka, Kan., Aug. 5.—High water caused much work and excitement in North Topeka today. Rain began falling here shortly after midnight, and by daylight the storm had reached the proportions of a cloudburst. The North Topeka sewers have not been reopened since the June flood, and all of the water ran through the low streets to the river, covering the first floors in a number of houses along Gordon street, and in the street was three feet deep. Many of the residents of North Topeka thought that another flood was upon them.

In South Topeka the water was nearly as high as it was north of the city. The state insane asylum, west of Topeka, was out from the city for a short time. The little creek that runs through Auburndale, a suburb, was flooded to a depth of four or five feet. The residents of that part of the city procured boats and brought their neighbors to the high land.

The creek returned to its banks two hours after the rain ceased falling. The rain was general in the northern and eastern part of the state.

## CHINESE ARE SULLEN.

Good Feeling Toward Foreigners Broken by Recent Execution.

Pekin, Aug. 5.—China is witnessing a return to the conditions which followed the completion of 1898. Political discussions among the Chinese which increased during the imperial court's recent policy of friendliness toward foreigners has suddenly stopped.

The plan of the dowager empress to terrify the reformers by the execution of Shen Chien, which occurred last Friday, has been unsuccessful. All the liberal Chinese, particularly those who have been associated with the reformers, are in the greatest fear of arrest and it is difficult to find a Chinaman who is willing to mention politics or Friday's tragedy, although the latter is about the only topic of conversation among the trusted friends. The officials are particularly dumb.

The affair is a disappointment to the foreigners, who had hoped that the empress dowager's association with the ladies of the legations would have a civilizing influence. Prince Su, the most liberal of the Manchus princes, is reported to have raked his office by opposing the execution of Shen Chien.

## HAWAII WANT SETTLERS.

Honolulu Plans to Advertise the Advantages of the Islands.

Honolulu, Aug. 5.—The citizens of Honolulu have decided to do all within their power to promote immigration to the islands. With this view the Merchants' association and the chamber of commerce have opened extensive headquarters and will advertise the advantages of Hawaii to the outside world, besides catering to the interests of visitors who arrive here.

The merchants' association has cabled Secretary Root, of the war department, guaranteeing a constant supply of coal for army posts and that troops sent to the Philippines be hereafter brought via Honolulu.

Options on three steamers available for government use as revenue cutters, have been sent to Washington by E. R. Stackpole, collector of the port of Honolulu. This action was taken in accordance with instructions received some time since, the war department being anxious to secure a vessel suitable for its officers in Hawaii.

## FIRE THREATENS YOSEMITE.

Guardians of Valley Fight Flames—Forest Reserve Scorched.

Yosemite Valley, Cal., Aug. 5.—A big forest fire is raging tonight just outside of the Yosemite valley and past the gateway guarded by El Capitan and the Cathedral rocks. Should the efforts of the firefighters prove futile, the flames will enter the valley and destroy a valuable amount of timber.

State Guardian Stevens has a large force of men at work fighting the flames and it is hoped that the fire may be kept between the Controversal road and the Merced river.

## Would Alarm America.

Victoria, B. C., Aug. 5.—W. C. Deering, of Chicago, who arrived from the Orient by the steamer Tacoma, in an interview, says that although the people of the United States may not be aware of the fact, the insurgents in the Philippine islands are organizing and drilling, and the trouble there is far from over. He says filibusters are continually landing arms on the island coasts, and the patrol is looked upon as a farce. Schooners laden with contraband goods have no difficulty in "running their cargoes."

## Used Peasants for Marks.

London, Aug. 5.—The Times this morning prints a Vienna dispatch saying that the emperor of Russia received with evidence from the Croats in the United States a petition describing the position of Croats in the darkest terms. It also says that Prince Ursloff, who on July 27 was reported as having been wounded in the Rasan district by peasants, has become insane. He was in the habit of testing his marksmanship on the bodies of peasants.

## Millita Captures Possor.

Sacramento, Aug. 3.—A special to the Bee from Sheriff Haggerty says that the Placerville militia company successfully captured Sheriff Bosquitt and his posse in the foothills near Greenwood. The company surrounded the posse and gradually worked in upon them until they effected a capture while the posse was preparing their evening meal.

## To Train Kindergartners.

The professional department of the Weston State Normal School has been entrusted by the addition of the Violet Elizabeth Bowler, of Astoria, has been elected to this position.

## HAPPENINGS HERE IN OREGON

SUMPTER MINES.

### Improvement and Development Work Progressing Rapidly.

Another crosscut tunnel is being driven on the Modoc mine in the Cougar mts. This tunnel will open up the three veins on the property. Ore averaging \$100 to the ton is being taken from the old workings.

A complete hoisting plant has been ordered by the Prairie Digging management, which will be installed immediately upon its arrival. The shaft is now down 80 feet.

The vein of the Ditle group has developed with 90 feet. This property is located on Granite. Boulder Creek about four miles from the wonderful Morning mine in the Greenhorn district.

The May Queen management is now erecting a hoisting plant on the property. It will be capable of sinking to a depth of 600 feet. The May Queen is in the Red Bay district. The machinery recently received here for the hoisting plant of the Midway group is now being rapidly installed. A sawmill is also being erected.

An order for 500 more rods of wood has been given by the E. & E. management. This wood is being delivered to the hoist buildings, which no doubt means the extensive operating of the plant.

Ore for shipment is now being sacked by the Valley Queen management. A winze is being sunk, and has encountered a high grade of quartz.

The new sampling mill recently erected by Arthur McEwen is completed and a test run has just been made on ore from the Flora M. property near town. The mill worked to the complete satisfaction of the owners.

The management of the Copperopolis property located in the Oregon burg district, announces that work will be resumed in a few days. The main crosscut tunnel is now in over 600 feet. A drift has also been run on a copper ledge. This drift will be extended over 100 feet.

## NEW NATURALIZATION LAWS.

Governor Announces Provisions Against Illegal Immigrants.

For the information of all concerned in Oregon Governor Chamberlain has made public a letter received by him from the department of state at Washington, D. C., calling attention to the new provisions of the United States naturalization laws. These new provisions took effect July 3, 1903, and provide that, in order to valid, a court record of naturalization must show that the person naturalized is not opposed to all organized government nor affiliated with any organization so opposed; that he does not advocate the unlawful assaulting or killing of officers of the government; that he has not violated any of the provisions of the said act to regulate the immigration of aliens and that he has complied with the terms of previous acts on the subject of naturalization.

The new act also requires that every certificate of naturalization shall specifically recite that the provisions of this and previous acts have been complied with, and if it fails in any particular it is null and void. The act making the additional regulations was approved on March 3.

## ENLARGE THE RESERVE.

More Land Withdrawn From Settlement in Oregon City District.

Nine townships of land in Clackamas, Marion and Lincoln counties have been withdrawn from settlement upon telegraphic orders from Acting Commissioner of the Land Office. The townships are from 12 to 13 inclusive in range 4 east, immediately adjoining the Cascade forest reserve on the east. Each township contains 23,040 acres, and the whole number of acres in the nine townships withdrawn is 207,360. All of township 11 and two-thirds of township 12 are unsurveyed land. Of the whole area withdrawn from settlement, 81,320 acres are vacant land, of which 38,100 acres are unsurveyed.

The action of the general land office is construed to mean that the interior department is desirous of extending the reserve.

## SECURE RIGHT OF WAY.

People Who are Behind the Oregon & Pacific Hard at Work.

While they are saying but little the people who are behind the Oregon & Pacific Railroad are working diligently, and a railroad line from Grants Pass to Crescent City will undoubtedly be a reality within the next year. Colonel T. Wain-Morgan Draper, chief engineer of the proposed road, is a very busy man, looking after the surveying of the line, and the management of the Waldo Smelting & Mining Company's copper properties at Waldo, who are the principal backers of the new road. Colonel Draper estimates that the road will cost \$15,000,000 for more than three-fourths of the road from Grants Pass to Gasquet, Cal., and have selected all of the stations on the line. At each of the places where stations have been selected ample rights of way has been given not only for a depot but also for sidings.

## Coming Events.

Ninth annual regatta, Astoria, August 19-21.  
State fair, Salem, September 14-19.  
Second Southern Oregon District fair, Eugene, September 29-October 3.  
Summer association of the North-west Indian agencies, Newport, August 17-27.  
Klamath county fair, Klamath Falls, October 8-9.  
Good roads convention, Jacksonville, August 19-21.  
Fruitgrowers' convention, Jacksonville, August 15.  
Teachers' institute, Tillamook, July 28-31.  
Knights of Pythias convention, Astoria, August 10-21.  
Teachers' institute, La Grande, August 17-21.

## Trappings for National Guard.

The adjutant-general's office of the Oregon National Guard has notified that a shipment of 959 United States rifles and 50 carbines, together with bayonets, belts, scabbards, slings, etc., is on the way to Portland, and will arrive here in ample time for the annual encampment in September. There will be nothing lacking in the new equipment of the home soldiery. The selection of an encampment site hangs fire on account of the railroad rates. It is expected that a decision will be reached this week as to where the mobilization will take place.

## Large Oat Crop.

The yield of oats in Clackamas county this year will be the largest of any year it has ever witnessed, said County Treasurer Cahill, who has lived in that county for 30 years, in discussing crop conditions. "Wheat is also generally good throughout the county," continued the speaker, "and I forecast a good yield of that cereal." The hay crop in Clackamas county was exceptionally large and it has been years since a large crop of fruit of better quality has been harvested there. Harvest season is late.

## Warsaps at Regatta.

A telegram has been received by the Astoria regatta committee from the secretary of the navy, stating that the gunboat Alert had been ordered to Astoria for the regatta. Assurances have also been received from Secretary Moody that the United States gunboat Bannington will be ordered here if they return from the Alaska cruise in time.

## To Train Kindergartners.

The professional department of the Weston State Normal School has been entrusted by the addition of the Violet Elizabeth Bowler, of Astoria, has been elected to this position.

## FIRE FROM COVER.

Escaped Folsom Convicts Ambush and Shoot Three of Posse.

Placerville, Cal., Aug. 3.—A desperate fight between a band of five of the escaped Folsom convicts and a party of six militiamen, who were following a fresh trail of the convicts, took place this evening just at dusk on a hillside near the Grand Victory mine, and, as a result of the conflict, two of the militiamen, names Rutherford and Jones, were killed and a third member of the posse, a man named Dill, will probably die of his wounds, as he was shot through the lungs.

The convicts were hidden in the thick brush which covers the hill, and the hunters happened upon them most unexpectedly. The convicts, who were well armed with rifles, fired a volley into the posse, with the result above stated.

The other members of the posse opened fire on the convicts, and the survivors of the little band are firm in their belief that at least two members of the convict gang were wounded. The news of the conflict soon spread, and messengers were dispatched to this place for reinforcements.

A posse under the leadership of Sheriff Bosquitt is now on the scene of the conflict, but, as it is dark, it is impossible to locate the convicts, who have the advantage of position, and could pick of the members of the posse if a concentrated attack was made upon them. Sheriff Bosquitt and his advisers are considering the feasibility of setting the brush on fire and forcing the convicts to surrender or at least disclose their exact position.

Sheriff Bosquitt's posse now numbers 150 men, but the situation is so critical that no one will approach close enough to the supposed hiding place of the convicts to ascertain the exact location of affairs. So far the bodies of Rutherford and Jones, who are members of Company H, Second Infantry, N. G. C., have not been recovered, though it is positive that the men are dead.

## COMPLAIN OF INDIGNITIES.

Steamer Passengers Tell of Treatment by Honolulu Customs Men.

San Francisco, Aug. 4.—A communication addressed to the Associated Press and signed by 35 passengers who arrived here from the Orient on the steamer Siberia protests strongly against the action of the customs-house officials who examined their baggage at Honolulu. They claim to have been treated without common civility and to have been subjected to much inconvenience and bodily discomfort.

Coming from a warm climate, most of them were lightly attired, but, despite their vigorous protests, their heavy clothing was placed under official seals, not to be broken until San Francisco was reached. The baggage in the state rooms was closely inspected, and all deemed unnecessary by the officers was bundled up, sealed and placed in the hold with the trunks and other personal effects. "An atrocious outrage," and wish the matter called to the attention of the secretary of the treasury.

## TO FORTIFY DALNY.

Russia Appropriates \$6,800,000 for Additional Improvements.

Pekin, Aug. 4.—Advices from Port Arthur say that the Russian government, as a result of recommendations made by the recent conference there, has appropriated \$6,800,000 for additional fortifications, particularly for the protection of Dalny, and that when completed they will have a continuous line of fortifications from Port Arthur to Dalny, 35 miles along the coast.

A Peking journalist named Spenglin, who was present at the trial, was held up and his baggage was searched. He was allowed to go to his quarters, but his baggage was searched and his effects were seized. He was allowed to go to his quarters, but his baggage was searched and his effects were seized.

## Money for Victims' Folk.

Salt Lake City, Aug. 4.—A special to the Tribune from Hanna, Wyo., says: "The Union Pacific coal company has offered to settle with the relatives of the men killed in the recent mine explosion on the basis of \$250 for the unmarried men and \$500 to be paid each widow, with \$50 additional for each child in the family. The company's inquest over the remains of the victims of the explosion commenced yesterday."

## More Money for Fair.

London, Aug. 4.—The supplementary statement issued this morning grants an additional \$2,000 for the aid of the royal commission for the St. Louis exposition for the period ending March 31, 1904. An explanatory note says a further contribution will be provided in the budgets of subsequent years.

## POPE IS ELECTED

CARDINAL SARTEO THE UNANIMOUS CHOICE OF CONCLAVE.

Has Taken the Title of Pious X—New Pontiff is a Man Plain in His Habits and Well Liked by All Who Know Him—Will Follow Lines of Pope Leo—Public Well Pleased.

Rome, Aug. 4.—Cardinal Sarto, patriarch of Venice, who was elected pope to succeed Leo XIII, now reigns at the Vatican and over the Catholic world as Pius X. Tonight all Rome is illuminated in his honor.

His election and the assumption of his holy office were marked by a striking demonstration and impressive ceremonies at the Vatican, which ended only this evening. Tomorrow the new pope, clad in his new pontifical robes, and with all the ritualistic ceremony, will receive the members of the diplomatic corps, the cardinals and the high-popes, who will then offer their official homage, this notwithstanding the fact that twice today the cardinal and many high officials of the Vatican went through a similar ceremony.

The date on which the coronation of Pius X will take place has not yet been decided, but the impression prevails that it will take place on August 9.

Although the election was over at 11 o'clock this morning, and was announced to the world 45 minutes later by the appearance of the new pope at the window of St. Peter's, the conclave was not formally dissolved until 5:30 o'clock this afternoon.

The election of the patriarch of Venice this morning was unanimous. After Monday's ballots, it was a foregone conclusion that he was the only candidate sufficiently acceptable to all to secure the necessary two-thirds that the laws of the church require. One of the cardinals said to a representative of the Associated Press tonight that he believed Pius X would follow the broad lines of Leo's policy, although

## Rock Island Trainmen Are Sold for Increase of Wages.

Chicago, Aug. 6.—Trainmen and conductors employed by the Chicago, Rock Island & Pacific railroad have voted to strike unless the road pays the increase in wages they have demanded.

Their determination will be made known to the officers of the railroad company tomorrow, when committees representing the Order of Railway Conductors and the Brotherhood of Railway trainmen will wait on them. These committees will tell the officers of the company the result of the referendum vote that has been taken on the question of a strike, and will ask the officers to meet their demands. In case of a flat refusal, the committees will then adjourn to prepare for calling a strike of the 2,000 trainmen and conductors employed by the road.

## Tribute to McKinley.

Honolulu, Aug. 6.—The proposal to establish a public park in or near this city as a memorial to the late President McKinley will be abandoned. Instead of this tribute to the chief executive, during whose administration the people of Hawaii became citizens of the United States, it is now planned to erect a McKinley Memorial light-house at the entrance to Honolulu harbor. This would be a prominent object, from both land and sea, besides being of great practical utility. This project meets with much favor.

## Gas Company Makes Big Stock Issue.

New York, Aug. 6.—Citizens have been mailed to the stockholders of the Consolidated Gas company of this city, announcing an issue of \$6,000,000 of treasury stock, which is offered at subscription of \$150. The object of the stock issue is to meet the cost of a plant now being erected on Long Island, which will supply all of Manhattan, and do away with the present scattered plants in this city. The capital of the company is \$80,000,000.

## Third Trial of Boadie Case Opens.

St. Louis, Aug. 6.—The selection of a jury for the third trial of perjury case against former Delegate Harry Faulkner was completed today, and Circuit Attorney Folk made his opening address, outlining the charges against Faulkner.

POPE PIUS X

He probably would not accentuate it. This voices the general feeling here, which is one of satisfaction.

## BIG STRIKE IS VOTED.
