Do you want in the construction of your footwear? In these modern times sheep skin can be tanned to look like nice soft kid stock, but it is still sheep skin and WON'T WEAR. Other stocks are equally de-

No Fraud Stock in Our Shoes. A second quality sole leather will last no time on gravel and rocks. We take special pains in selecting good soles for our shoes. A poor counter soon slops down at the heel becacse it is constantly strained in hillwalking. Leather-board and paste-board counters are very common in job shoes. We positively will not sell a shoe without a good sewed leather counter. To get your money's worth your shoe must have a good leather insole. We see that insoles are right. Then, about linings. Ladies can tell you what poor linings do for a dress. Poor linings spoil a good shoe. Our shoomakers use good linings. Figure your shoe bill by the month or year instead of the cost per pair, and our shoes will cost one-third less than the shoes they call "cheap."

THE PEOPLE'S STORE

MID-SUMMER SALE.

This is the month in which we make a clean-up of all odds and ends. If we didn't stop every now and then and tidy up, our shelves would be loaded with remnants, and then we'd be a "trash" store.

building. O. B. HARTLEY.

G. J. Gessling and family and A. C. Staten and family are home from their trip to the mountains. They report a splendid time, plenty of fish and a real cougar story. While fishing up the West Fork one afternoon, Mr. Gessling happened to glance to the other side of stream and there, stretched on a pile of drift wood, lay a 4 foot cougar. Mr. Gessling had been standing for five or ten minutes less than 30 feet from the animal, and when he caught sight of the cougar says he wasn't at all scared but readily concluded the best fishing was down the stream from that on.

Miss Mabel Walker of Portland is vir-

iting friends in Hood River.

Light and Water Notice.
