Pennell of the Carlisle Lumber company of Atchison, Kans. Accompanying Mr. Carlisle were his wife and two children. The men left next day for Chehalis, where several of them have extensive timber holdings. The whole party expect to remain here three weeks and to visit Trout Lake and Mount Adams before their return.

their return.

Portland decorators are putting the finishing touches on the Batchelder & Erwin Country Club cottage in Idlewilde, and the building is expected to be ready for guests by the latter part of the week. The spreading caves and wide columns supporting the porch add to the attractiveness of the cottage, and makes a very pretty addition to the list of handsome Hood River houses. The cottage, with laundry and bath house, will cost \$4,000. Workmen are now breaking ground for the \$20,000 Country breaking ground for the \$20,000 Country

Club Inn.

C. A. Shurte of Arlington came down last week to look after the shipments of peaches from his White Salmon ranch. He made his first shipment of Early Crawford peaches Monday. Mr. Shurte will have several hundred boxes of Early Crawfords. They are large, fine and luscious. His peaches took the blue ribbon at the Hood River fair last year. The Glacier acknowledges receipt of a box of his Early Crawfords.

The Frankton school house is being

The Frankton school house is being pushed to completion, and by the latter part of next week the building will be ready for the painters. Some changes have beed made in the original plans, Please call and get your cull crates that are piled at the west end of my warehouse.

J. M. Hollowell, who has charge of the gardens on R. R. Erwin's lands in Riverview park, has certainly the finest truck gardens in Hood River. This mensurate with the enterprise of this mensurate with the enterprise of this district, the 9th and 10th high school

land is among the richest in the valley, and Mr. Hollowell with his thorough methods of gardening is turning off some big yields. He has an acre each grades will be taught this winter. R. R. Erwin was up from Collins hot springs, Monday, covered with a healthful coat of tan. He returned the next day. Mr. Erwin says when Captain Belcher's resort is better known and the Country Club Inn at Hood River is completed a great many Portland people can be easily induced to come this way, instead of turning for an hour of recrea-Oleta assembly of the United Artisans met last Wednesday in their new hall tion among the chilling fogs of the

How Much Intelligence

Do you want in the construction of your footwear? In these modern times sheep skin can be tanned to look like nice soft kid stock, but it is still sheep skin and WON'T WEAR. Other stocks are equally deceptively tanned to look what they are not.

No Fraud Stock in Our Shoes. A second quality sole leather will last no time on gravel and rocks. We take special pains in selecting good soles for our shoes. A poor counter soon slops down at the heel becacse it is constantly strained in hillwalking. Leather-board and paste-board counters are very common in job shoes. We positively will not sell a shoe without a good sewed leather counter. To get your money's worth your shoe must have a good leather insole. We see that insoles are right. Then, about linings. Ladies can tell you what poor linings do for a dress. Poor linings spoil a good shoe. Our shoomakers use good linings. Figure your shoe bill by the month or year instead of the cost per pair, and our shoes will cost one-third less than the shoes they call "cheap."
