## RIVAL TO BIG TRUST.

Cattlemen Will Establish a Large Packing Plant at Kansas City.

Kansas City, Mo., Sept. 3.—Twenty-five stockmen from different parts of the Western grass country met in this city today and arranged to perfect the organization of a packing company to cooperate with the alleged packers' trust. The new company was named the Independent packing company. Articles of incorporation will be drawn up tomorrow and signed at a meeting to be held tomorrow afternoon. The company will have a capital stock of \$1,000,000, and will be incorporated under the laws of Arizona. Of the total capitalization, 51 per cent will be so disposed of as to be held in escrow by the board of directors of the company. This will assure stockmen who will interest themselves in the plan that the company will always be controlled by stock interests. The rest of the stock will be sold to stockmen, if possible, although no purchaser will be barred. The division of stock, as decided upon today, was made to prevent any possibility of the alleged packers' trust gaining control of the new independent company. Two million of the stock will be issued at first. The rest will be put out later. Formerly it was the plan to include the United States packing company, of Pueblo, Colo., in the scheme. Now it is predicted on good authority that the Pueblo plant will never be built, but that its capitalization of more than \$1,500,000 will either be transferred to the independent packing company or be allowed to revert back to the stockmen who subscribed it.

Charles F. Martin, secretary of the National livestock association, who was one of the promoters of the United States packing company and a stockholder, is in Kansas City promoting the organization of the independent packing company. The independent packing company will build one plant in the Missouri valley, but the exact location has not yet been decided upon. It is to be in operation in the fall of next year. Another plant will be built later, probably in Texas.

**WAR IS COURTED.**

Macedonians Proclaim an Uprising—Leaders Head Outbreak.

Sofia, Sept. 3.—The Macedonian revolutionists awaited the anniversary of the sultan's accession to proclaim the long anticipated general insurrection in Northern Macedonia, the proclamation of which was issued today, signed by all the members of the insurgent general staff. The new outbreak is headed by the famous Macedonian leaders, General Zoucheff, president of the Macedonian committee and Colonel Jankoff, who was wounded in the rising of 1902.

The new territory covers the districts in the valley of the Struma, at the base of the Rhodope mountain chain and to the north of the Sarradar river. Colonel Jankoff is directing the movements of the bands in the southern part.

It is reported that Hilmi Pasha, the inspector general for Macedonia, refuses to leave his headquarters in the Konakat Monastir. The insurgent leader, Gruoff, in a letter to Hilmi Pasha, demanded that he prevent the barbarous acts of the Turkish soldiers and Bash Bazouks, otherwise the revolutionists would massacre all the Turkish inhabitants.

**TEN THOUSAND FOR SHOW.**

Multnomah Boys Spending This Sum on Portland's Big Fall Carnival.

Ten thousand dollars is the sum being expended by the Multnomah athletic club on Portland's big fall carnival, September 14 to 26 inclusive and it is safe to say that the biggest and best show of the kind ever seen on the Pacific coast will be that in September. The giants from the athletic field will be there and lovers of athletic events will have an opportunity to see the big fellows contest for prizes. Low rates have been granted by the railroads and the attendance no doubt will be very large. The boys have decided to make every day a special day and this will be something of an innovation in the way of a carnival.

**Fair Exhibit Takes Form.**

Berlin, Sept. 3.—Germany's exhibit at the St. Louis exposition is taking form. Some shipments have already been made, and it is possible to forecast the whole with tolerable accuracy. The collective exhibits of porcelain, bronzes, textiles, toys, leather work, interior decorations and 20 more specialties will be complete and will represent the best that Germany can do. The government exhibits, such as transportation, education and art, will be the finest ever sent out of the country.

**Forty Hurt in Wreck.**

Hastings, Ia., Sept. 3.—Passenger train No. 3 on the Burlington was wrecked here tonight in a head-on collision with a freight engine and three cars. According to statements of passengers, the train was running about 10 miles an hour when the collision took place. The passengers were thrown from their seats and about 40 were injured more or less severely, but none, so far as reported, sustained serious injuries.

**Why Canal Treaty Was Rejected.**

New York, Sept. 3.—Dispatches from a Bogota correspondent assert, says a Panama dispatch to the Herald, that the Panama canal treaty was rejected by the senate because of the imperative nature of the notes received from Secretary of the State Hay and United States Ministers in Bogota. These notes, the correspondent declares, were regarded as offensive.

## HAPPENINGS HERE IN OREGON

IRRIGATION CONGRESS PRIZES.

Silver Loving Cups for Agricultural Exhibits.

Governor Chamberlain is in receipt of a letter from Chairman Fred J. Kessel, of the executive committee of the National Irrigation congress, calling attention to the four \$500 prizes to be awarded at the session of the congress in Lane county, some 18 miles from Cottage Grove. The prizes are silver loving cups, one for the best exhibit of hops, one for the best display of barley, one for the best showing of varied fresh fruits, and one for the best showing of sugar beets, with the highest percentage of sugar. The cup to be given for the best display of fruit is described as being 23 inches in height and weighs 270 ounces. It is of silver and represents the Goddess Pomona distributing the kindly fruits of the earth. The letter urges Governor Chamberlain to be present, if possible, and to see that Oregon is fittingly represented, as the subjects discussed will be of great importance to this state. It will probably not be convenient for Governor Chamberlain to go to Oregon to attend the congress, which meets September 15.

**WARNER VALLEY CONTROVERSY.**

Settlers Are Very Anxious Over the Outcome of It.

A number of residents of Warner Valley, Lake County, were in Salem recently to interview members of the state land board regarding the outcome of the controversy over the possession of their homes. The litigation before the federal land department referred in favor of the Warner Valley Stock company. The settlers claimed as homesteaders while the company claimed under provisions from the state under the swamp land laws. The settlers, having been defeated, asked the board to aid them in retaining the homes they had taken. The board listened to arguments and has taken the matter under advisement. In the meantime, Governor Chamberlain telegraphed the federal land department not to issue a patent conveying the land to the state until he requested it. The land company cannot secure title to the land until a patent issues to the state.

**Five Contest Cases.**

Five contest cases, involving 800 acres of valuable timber land, located 25 miles east of Albany, are engaging the attention of the Oregon City land office. The cases are of more than ordinary interest, since the lands upon which were issued in January, 1902, have since been sold to disinterested parties. Contestants now appear before the land office officials and allege that the persons making proof on the lands failed to maintain a residence on the premises and resorted to irregular practices in making final proof.

**Looking for Dam Sites.**

Civil Engineer F. H. Newell, chief of the United States reclamation service, with a party of advisers consisting of Civil Engineers J. B. Lippincott, of Los Angeles, Cal., who is in charge of the reclamation surveys in California; and John P. Whistler, in charge of the Oregon work, are in the neighborhood of Westfall and Willow Creek to investigate the proposed sites for government reservoirs in Malheur country.

**New Building for Ashland Normal.**

The Southern Oregon state normal school will open for the coming year on September 14. President Mulkey, who has been traveling extensively over the state in the interest of the institution, says the prospects for attendance are the brightest in its history. The new academic and administrative building, provided for by the last legislature, is being rushed to completion. It will be a fine structure and will cost about \$80,000.

**School District Bonds Bought.**

The state land board has completed its sixth purchase of school district bonds, the last purchase being \$550,000 of bonds of school district No. 1, Jackson county. The bonds bear 5 per cent interest.

## KILL AND THEN LOOT.

Chicago Hold-Up Men Give Their Victims No Warning.

Chicago, Sept. 3.—Without a word of warning two men were killed and two others wounded by hold-up men at the barns of the Chicago City railway company, sixty-first and State streets, at an early hour today. The shooting was done by three men who escaped after securing \$3,000. Three of the men who were shot were working in the cashier's office and the other was a motorman asleep in the outer office. The men in the office were shot before they were aware of the robber's presence and the motorman was killed as he was rising from a bench where he had been sleeping.

The robbers took no chances, but disposed of all the opposition of the employees before they entered the office. Choosing the time when employees were busily engaged in balancing up the receipts of the night, just after the last conductor had turned in his money and left the barns, the robbers suddenly appeared at the receiving window and began shooting without warning.

Making sure that all opposition had been removed the robbers then broke open the door of the cashier's office with a sledge hammer and took from the desk \$3,000 in bills. They then made their escape.

Four men were arrested three hours later on suspicion of being implicated in the crime. They as yet have not been identified.

**WANT NO CHANGE OF RULE.**

Danish West Indies Board Finds People Are Well Satisfied.

Berlin, Sept. 2.—The National Zeitung says the Danish West Indian commission is said to have reported as follows to Finance Minister Hage: "The population of the islands is satisfied to remain under Danish rule. The whites hope from the newly awakened interest of Denmark in the island an improvement of economic conditions and the fostering of civilizing influences. The negroes, for the greater part, are indifferent, and know but little about Denmark. The administration of the islands was found to be unpractical and expensive and the hygienic conditions entirely unsatisfactory."

It is believed, says the National Zeitung, that the commission will report in favor of reducing the military establishment on the islands and reorganizing the gendarmerie on modern lines. The report will also suggest that more attention be paid to public instruction, the improvement of the hospitals, the tobacco growing industry and the raising of corn. The commission places great weight on the necessity of communication between the islands themselves and with Denmark. The hope is expressed that the exports of the islands can be developed, and in this connection hopes are based on the newly formed West Indian steamship and land company.

**Hard on Foreigners.**

Venezuelan Government Punishes All Who May Present Claims.

Willemstad, island of Curacao, Sept. 2.—Harsh justice is being meted out to foreigners residing in the interior of Venezuela, where the local authorities are hunting down all foreigners who dare to present claims against Venezuela in accordance with the recent protocol.

Near Coroa, a local tribunal refused to accept the testimony of five Italians. On the latter insisting on tendering their depositions, three were arrested and thrown into jail. Two of them attempted to escape and were fired upon, one being killed. The Venezuelan government does not deny this occurrence, but is doing all it can to prevent a repetition.

It is learned on good authority that letters sent to foreigners from the Italian and other legations instructing them to send in their claims were seized in the posts so as to prevent the claims from arriving at Caracas in due time.

**Where Mad Mullah Gets Arms.**

Aden Arabia, Sept. 2.—The principal sources for the supply of rifles and ammunition to the Mad Mullah's forces in Somaliland have been traced through a complete identification of trade marks through agents at Harar and Janatli, Abyssinia, to a London firm. Since the commencement of the operations in Somaliland, an aggregate of 9,000,000 rounds of Lee-Method rifle ammunition and correspondingly large numbers of Lee-Method and Gras rifles have been shipped by this London firm to Jibouti and Harar.

**Chinese Rebels Are Winning.**

Washington, Sept. 2.—Consul McWade, at Canton, under date of August 24, has sent to the state department a detailed account of the insurrection in Kwang Si province, from which it appears that in a number of engagements the rebels defeated the government troops. The rebels are reported well armed and well drilled. The insurgents are led by Lak Kin, who was prominent when Li Hung Chang ruled the empire.

**Gunboat Sinks at Sea.**

Cadix, Spain, Sept. 2.—The Austrian gunboat Sberia has foundered off this port. Eleven of her crew were saved by a French trans-Atlantic steamer. Naval records do not show an Austrian gunboat named Sberia, which name probably was a telegraphic mutilation for the Kerka, an Austrian wooden schooner-rigged gunboat, 147 feet long and 354 tons displacement. The Kerka had a speed of nine knots and carried two 5.9-inch guns and one 2.7-inch gun. She had a crew of 104 men.

## WAR APPEARS SURE

TURKEY AND BULGARIA MAY CLASH AT ANY MOMENT.

Present Conditions Will Force This Step—Neither Nation Is Expected to Declare Hostilities, But the Knowing Ones Hold That Only a Miracle Can Prevent Them.

Sofia, Sept. 2.—In both official and revolutionary circles the opinion is freely held that war between Bulgaria and Turkey is imminent, and can be averted by nothing short of a miracle. It is not expected either government will formally declare hostilities, but that the prevailing conditions will force on a war.

There is no question that large numbers of insurgents have recently crossed the frontier. An extensive outbreak in Northern Macedonia is probable at any time.

The Autonomy prints a telegram from Constantinople declaring that the sultan, influenced by the consuls of Germany now favors war with Bulgaria. The Turks here, however, take an optimistic view, asserting that there is no danger of a war, as Turkey does not desire one, and Prince Ferdinand and the present Bulgarian government are not in a position to force hostilities.

The Bulgarian agent at Uakub reports that detachments of Turkish troops sent to garrison the small towns in that vilayet have spread destruction along their route; the villages have been robbed and beaten, the women assaulted and the Christian population subjected to every conceivable outrage. The local authorities appear to be helpless to stop the atrocities. At the village of Rachev, six miles from Uakub, the soldiers attacked all the peasants without the gendarmes interfering on behalf of the latter.

The Bulgarian agent specifies similar excesses in many villages, and the position of the Bulgarian residents is reported to be terrible, as the cruelties committed by the Turkish authorities exceeded all limits. Up to 6 o'clock this evening Prince Ferdinand had not arrived in Sofia, and the court officials here declare they are without information as to his movements.

**TO FIX THE BORDER.**

Alaskan Commission Arrives in London—Canadians Are There Also.

London, Sept. 2.—Secretary of War Elihu Root, ex-Secretary of State John W. Foster, Hannis Taylor and Judge John M. Dickinson arrived at Liverpool on the steamer Celtic today for the meetings of the Alaskan Boundary Commission, which will open in London September 3.

The commissioners are already familiar with the facts of the case, which were filed several months ago. At the first meeting of the commissioners next Thursday, the Americans and Canadians will submit their briefs which will be a condensation of the facts and arguments regarding the interpretation of the treaty. The Commission will then announce the day on which the oral arguments will be heard.

The documents have not yet been made public, but the Associated Press correspondent learns that the whole controversy centers upon Canada's efforts to acquire an outlet to the sea. It is known authoritatively that the Canadian agent asserts that under the Russo-British treaty of 1825 the line properly crosses numerous inlets, including the headwaters of the Lynn canal. The contention seems to be that the inlets less than six miles wide situated in the disputed region belong to Canada.

United States Consul Foster vigorously opposes this view holding that the treaty clearly places the line 30 miles inland, following the sinuosities of the coast, thus separating Canada from all the arms of the ocean and putting Forcupine creek and the gold district under American jurisdiction. The American representatives are confident that their position is unassailable.

**Hold-Up Man Captured.**

Butte, Mont., Sept. 2.—A Miner special from Harre says: Stock Inspector George W. Hall captured Frank Baker, one of the Curry gang, who had, it is alleged, planned to hold up the west-bound flyer at Malta this morning, and would have captured the other two members of the gang had not the sight of the numerous Pinkerton detectives flushed the game. The company had positive information that the hold-up would occur this morning near Wagner, where the famous hold-up
