The Wasco county school teachers in their annual session at Hood River last month declared by a resolution that the institutes hereafter should be held during the school months, and not in the vacation period, as is the custom all over the state. the school can not be lifted out of a bottomless slough of old-tashioned, cheap and inefficient education.

Now, however, many of us feel the time is
ripe for a complete and wholesome revolution

this we are greatly disappointed.

Instead of marching with the state in effort

the munifleent salary of \$50 a month (now
well known to be one of the most important
departments, and in city schools drawing the

primary to \$55 for an eight months' schoolone earning \$1, the other 75 cents per day for
the year, and board themselves.

After years of hard study and expense on
the lart of these two young laddes you secared, no fair-minded and intelligent taxpayer in our district but foels ashamed and,
so far as I have talked with them, considerabity disgusted at such narrow policy. It does
not seem to be for the want of funds.
