Hood River Glacier

THURSDAY, OCTOBER 22, 1903.

Monthly School Reports.
PINE GROVE DISTRICT.
Report of Pine Grove school for the month ending October 9, 1903:
Total number of pupils enrolled..... 66
Total number days present..... 1183
Total number of days absent..... 26
Total number of times tardy..... 6
Per cent of attendance..... 97.8
Per cent of punctuality..... 99.5
The following is a list of those on the roll of honor:
Arlene Winchell, Willie Clark,
Marion Sprout, Edith Sprout,
Lena Miller, Grace Perry,
Charles Lage, Mike Mohr,
Edith Winchell, Hester Harbison,
Nellie Perry, Earl Clark,
Blanche Harbison, Charley Williams,
Ivy Clark, Nellie Johnson,
Bliss Clark, Joy Mason,
Earl Newman, Ruth Harbison,
Gertrude Johnson, Allens Clark,
Eva Brock, Jessie Wells,
Etta Clark, Edward Wells,
Roy Sprout, Carl Newman,
Ralph Perry, Clifford Porter,
Elsie Wells, Paul Mohr,
Pauline Van Allen, Grace Winchell,
Albert Miller.
MABEL RIDDELL, Principal,
MARA SMITH, Assistant.

From Uncle Lake.
Parsons, Kans., Oct. 12, 1903.—Editor
Glacier: All's well and having a good
time as usual. I want to Peabody, Kan-
sas, about the middle of the state, to
see a niece, who used to be Mable Hodg-
son. Crops never better, just enough
rain for the farmers to push the market,
prices and all right along. I am going to
California with a party to eat oranges
and have a good time; will start the
last of this month. I think I will be
more satisfied there, for there will be
more excitement and something new to
see every day.
I would be more homesick here if it
was not for the Glacier, but I read it and
know what the home folks are doing,
and by that way my mind is taken off
from the homesickness that will exist in
spite of everything.
I have visited quite a good many ports
while I have been here. There still sur-
vive some of the old soldiers.
Today it is raining and very dreary,
but when the sun comes out the atmo-

sphere will be altogether changed. The nights are very cold, but during the day it warms up and you would never know that Kansas was subject to such very cold nights. Uncle Lake.

Apportionment of School Funds.
J. T. Neff, acting county school superintendent, has given out the following information in regard to the apportionment of school funds:
In distributing the county fund, each district that has complied with the law in regard to making reports, etc., is given \$50. Each district also receives \$5 for each teacher employed during the twelve months immediately preceding the apportionment who has attended, for sixteen hours at least, a county or state institute held during the twelve

NEW MINISTER VALLEY CHRISTIAN CHURCH.
Rev. A. A. Beery.

Rev. A. A. Beery of Watsburg, Wash., has accepted a call from the Valley Christian church of Hood River. Mr. Beery has already filled the pulpit of the church in Hood River several times since Rev. J. W. Jenkins left for Astoria, and stands in high favor with his congregation. He was located at Watsburg for two years. His family are for the present in The Dalles, but will move to Hood River as soon as they can find a suitable dwelling house.
Rev. Beery will begin a series of meetings next Saturday night, continuing all the following week.

months preceding the apportionment. Districts having more than one room in operation at the same time receive \$5 for each room employing a teacher as above.
It required \$3,908.60 to make this \$50 and \$5 distribution. The remainder of the county fund, \$800.96, was distributed, as was the state fund, according to the number of persons in each district between the ages of 4 and 20 years as shown by the census last June. The rate of the county per capita distribution was 10 cents.
The following table gives the number

Pleased With Hood River.
Mrs. E. H. Meeker of Portland was a guest of Mrs. S. F. Blythe over Sunday. Mrs. Meeker is an old-time neighbor of the Blythes in Portland and has frequently visited Hood River, but this time had not been to Hood River for eight years. Although a constant reader of the Glacier, she was surprised to find the changes that had taken place in Hood River. Sunday she was taken out for a drive through the valley. At Sears & Porter's place she was taken through the orchards and the big apple house and saw what could be accomplished here under intelligent management. Sears & Porter have storage room in their apple house for 7,300 boxes of apples, but their apple house will not hold the crop this year. Of Yellow

Newtowns alone they will have 2,400 boxes, or four carloads. Some of their eight-year-old Newtown trees produced over ten boxes of perfect apples. One four-year-old Wagoner tree which last year yielded 15 apples over a box full, this year has four boxes of perfect apples. Mr. Sears says the Wagoner is a good apple, is a prolific and early bearer, and for this reason is a good tree to use as a filler on trees by missing in an orchard. Sears & Porter are not members of the local apple growers' union. They ship independently and also buy and ship for others. Mrs. Meeker returned to Portland by boat Monday morning, well pleased with her trip and delighted with Hood River.

Council Proceedings.
The city council met in regular session Monday night with a full attendance. Present—Mayor T. R. Coon; Councilmen Blowers, H. F. Davidson, P. S. Davidson, Gesling, Mayes, Prather; Recorder Nickelson, Marshal Cunningham.
Councilman Prather as chairman of the health committee reported that every effort was being made to prevent the spread of small pox, and that the marshal had been authorized to serve notice on households said to have sickness, but where no physician is employed, that a doctor's certificate must be furnished within 12 hours showing whether or not any contagious disease existed there. If no report is made the marshal has authority to enforce quarantine. The ordinance requiring all physicians to report to the health officer (the marshal) all cases of contagious diseases under their care will be enforced. This action of the health committee was approved by a vote of the council.
The sewer committee was unable to report and asked for extension of time until next meeting. Mayor Coon appeared provoked, but there being no objection the request was granted.
Warrants were ordered drawn in payment for the following bills:
Mount Hood Lumber Co. \$16 58
" " " " " " " " 2 49
Mr. Booth, two detective badges. 3 00
J. A. Wilson, hauling gravel. 120 63

A bill of \$200 for expenses incurred in enforcement of the liquor ordinance was held over for itemized statement.
Plat of Mrs. Baldwin's addition to the city of Hood River was referred to the committee on streets and public property.
Adjourned.

Farewell to Mrs. Treat.
The women's alliance of the Unitarian church met with Mrs. E. L. Smith Friday afternoon, and enjoyed a short programme and lunch in honor of one of their most valued members, Mrs. Sarah Treat, who left for Portland Monday. Mrs. Treat was presented with a beautiful napkin ring and bag, and the following poem written by Mrs. Rand was read:

MY FRIENDS,
Tired of the city's bustle and strife,
"she came to our village for a quiet life;
Having said and working with all her might,
Doing the part that to her seemed right.
Very little we knew that this noble soul
Had trials over which she had no control;
Only praying that strength to her be given
To care for the one long since in heaven.
With willing hands and a cheerful heart
She worked early and late to her part;
To aid in our work, that long will stand,
A sacred testimonial to our earnest band.
And who can say that this work, well done,
Can but bless our town in years to come?
And she of whom I write had no small hand
In aiding the cause of our little band.

May the rest of her journey be tranquil and
calm,
Assured we are with her whatever may come;
May abundance of health be her portion and
lot,
And the love of this band may it never be
forgot.

Saves Two From Death.

bronchitis," writes Mrs. W. K. Hasland, of Armonk, N. Y., "but, when all other remedies failed, we saved her life with Dr. King's New Discovery. Our niece, who had consumption in an advanced stage, also used this wonderful medicine and today she is perfectly well." Desperate throat and lung diseases yield to Dr. King's New Discovery as to no other medicine on earth. Infallible for coughs, and colds. 50c and \$1.00 bottles guaranteed by Chas. N. Clarke, druggist.

Big Yield of Big Potatoes.
W. S. Boorman of Frankton has one of the finest, if not the finest, potato patches in the valley. The tubers are of three or four different varieties, and each kind seems to have tried to out-do its neighbor. The White Star potato is one, and a most excellent variety. If you scratch the dirt away from some of the big hills without disturbing the tubers you will find great big white potatoes almost as long as a stick of stove wood and lying so close together, all of them pointing towards the hill, reminding one of a nice bunch of little Chester White pigs taking their feed. It's the same with the other varieties. The ground seems full of them. His satanic majesty from the Glacier office accompanied by his better half went up to help dig the spuds last Friday. They dug six rows and picked up 41 sacks of nice marketable potatoes and about a half a sack, all there was in the six rows that were too small to market. Scott has been modestly estimating the crop at 1,000 sacks. He has 200 rows, which if they average only the same as those harvested Friday, will make the crop 1,400 sacks, and our devil says he will bet a first mortgage on a bee line that the five acres will yield over 1,500 sacks.
These potatoes were not irrigated.

A Happy Man.
There is no happier man in Hood River than the man who has a strong body and steady nerves, or who, if he has not, has gone to Williams' pharmacy and bought Palmo tablets, the great tonic that costs only 50c per box, and are guaranteed with cash coupons in each box, for all forms of weakness.
Apple growers' supplies, 10x10 paper, wrapping paper, lining paper, pink and yellow, poster and white layer, blue card board at Coe & Son's.

DAVENPORT BROTHERS
HAVE
\$60,000 Worth of Land for Sale Cheap, or Trade.
Also, HORSES, CATTLE, WAGONS, MILLS AND WATER.
The Valley Improvement company have contracted for about all the water they can furnish without enlarging the flume. In order to enlarge the flume the Davenport Bros. have decided to sell land to the amount of \$60,000. This will be a bargain in lands, and will hold good for 30 days and then will be taken off the market. So you will "have to hurry" if you want some of it.
This sale will include the Barrett Ranch, the best farm in Hood River valley. Four thousand fruit trees; free water for a part of it; contains 180 acres; worth \$20,000, but will sell in a lump for \$16,000 cash. Or we will sell in 5, 10, 15 and 20 acre lots to suit the purchaser. This is a fine bargain at only.....**\$16,000**
Also, the famous ranch known as the old E. L. Smith place, near the Frankton school house. This place contains 150 acres, with several fine cold springs on the place, and nearly enough water to irrigate the entire land. Only 2 1/2 miles from town, with the Frankton school on the place, one of the best schools in the valley. This place will be sold in small lots and will all be gone inside of ten days, for.....**\$15,000**
Next comes the old Van Johnson place, and this will be included in this bargain sale. Worth \$4,000, but for the cash it will go for 3,000. This place contains 40 acres, 25 in clover and timothy, 500 bearing apple trees, house and barn, nice wood shed, cold spring at the door, good cellar, small hay barn, all the water needed for the place from a private ditch from Ditch creek. You can not afford to miss this at.....**\$3,000**
Also, ten acres from the southeast corner of the old Sipma place, all cleared and seeded to clover and timothy. Plenty of water for irrigating the entire place, free. Well worth the price.....**\$2,000**
Another 160 acres on Bald mountain, for..... **2,000**
Twelve hundred acres 4 miles from town, worth ten dollars per acre. We will sell for.....**8,000**
3,300 acres up around Parker Town. This land will be sold off in 80 and 160 acre lots for about five dollars per acre, or the whole tract for about.....**\$15,000**
M. M. Davenport has 13 acres for sale cheap. He will also sell his house and lot, with 8 acres, cheap.
We are not offering this land cheap because we are hard up, but to help out the Valley Improvement Co. The deeds to this land are in the name of the Davenport Bros., hence there will be no commission. All the lands selected by them for choice hay lands, as well as apples and strawberries, all having free water more or less. These places are the oldest places taken in Hood River, and are also the best, as all of them have good cold springs on them.
We also have eight or ten large teams that we will sell in the next thirty days, including harness and wagons. Eighty head of cattle in good condition; two complete saw mills.
Do not think because we are offering to sell that we are going out of business, for none of this property is included in our lumber business. The Davenport Bros. Lumber Co. is incorporated for \$50,000, fully paid up. Their large mill is now cutting 40,000 feet per day, and included in this, besides their mill, is the water flume, timber, planing mill, lumber, etc. We are sure that this property will be sold inside of 30 days to men living right here in the valley, as the men know the bargains there are in it, and we are also sure they will not let the outside take up these snaps.
Call on Frank Davenport, in the old bank building, and look over the plat of the above lands.
