

WHITE SALMON NOTES.

It seems to be the rule the world over, that the little, struggling country school...

We call Trout Lake a tributary section—tributary to our; yet Trout Lake has the best school building and best equipped school rooms in this county outside of Goldendale.

Here in White Salmon we have a miserable shack surrounded by land valued at \$150 per acre up. A shack that is uncomfortable and unsanitary and a foul hole inside or out.

Now just one word about the future: This little community isn't going to be held back by the "dinkeys." Our children are going to have a better school, a better building and the "squawkers" are going to have to go down in their stinky jeans and dig up along with the rest of us.

We cannot afford to employ our own time or to impose on others by taking any further notice of the whining, sniveling mongrel on our heels who gets somebody to write for him what he hasn't the intelligence to write for himself.

The people who are coming into this community with children are going to have school facilities just as intelligent old residents who are not mean and stingy enough to button their shirt onto a wart on the back of the neck, are for school improvement.

Next Saturday evening is Mill B's turn for the sociable ball. The mill is now running at full blast.

Next Saturday evening is Mill B's turn for the sociable ball. The mill is now running at full blast. Oph Brown is running the engine and Roy Hill is setting ratchets.

The school boys cleared the school yard last Saturday. A great improvement was made. Mrs. Hill went to Tae Dalles Saturday to see her son Clarence, who is in the hospital there.

Some man with more stubborn meanness than moral decency has been persistently using our little cemetery without any regard for the dead, for whose resting place it has been dedicated, or for the living who regard it with some reverence.

land and improve the premises, but for no other purpose.

If after clearing the land for cultivation there remains more timber than required for improvement, there is no objection to the settler disposing of the same. But the question whether the land is being cleared of its timber for legitimate purposes is a question of fact which is liable to be raised at any time.

Notes From Underwood.

Ed Underwood is hauling lumber for the White Salmon bridge. Spencer S. Freeman is building a house on his homestead.

Ella Huff visited the Falls the first of this week. Mrs. E. Underwood went to Cascade Locks Monday morning.

Fred and Herman Beuche came up to visit Mr. and Mrs. Luthy for a few days. Miss Fannie Haynes returned Saturday from Portland, where she visited her grandma for a few days.

Mrs. F. Fredericks and children of Portland came up on the Spencer Saturday and spent Sunday with her sister, Mrs. Fred Luthy. They returned Monday.

Mrs. Elizabeth Kellendonk is spending a few days of this week with her sister, Mrs. Charley Walters of Chenoweth.

Mike Thornton of Thorntonville saw a bear Monday morning on the White Salmon.

Miss Elma Larson spent a few days at the Falls visiting Mrs. Will Olson.

Miss Phoebe Moore closed school last Monday and left Tuesday for The Dalles.

William Kellendonk, jr., left yesterday for Gilmer to work on his place.

Chenoweth News Notes. A party from camp climbed Bald mountain Sunday, and had a pleasant but tiresome trip.

Charles Lane is going to The Dalles Saturday to visit his mother. The people of Mill A had a nice dance Saturday evening.

Next Saturday evening is Mill B's turn for the sociable ball. The mill is now running at full blast.

Oph Brown is running the engine and Roy Hill is setting ratchets. The C. R. & N. people have their weir dams about in.

Charles Gibbons is clerking for Charles Lane at present.

BY CHENOWETH SCHOOL. Mr. Raper is driving a team for the Washington Lumber Company. His boys are attending school.

Mr. Fuller is building a new barn. Mr. Tubbs is doing the same.

Mrs. Brown and Miss Jones started to go fishing. Miss Jones fell into the mill pond and the trip was postponed.

Please ask Mr. Newton if it is pleasant to wood without shoes on a frosty road. The Halloween sprites put a bucket on his stove pipe.

Any one having extra sugar sacks, please send the same to Mr. Durham for patches.

Mr. and Mrs. Brown, Ray Hill, Miss Stone and Miss Jones went to the top of Mount Hood Sunday.

A literary society was organized Tuesday evening. The school boys cleared the school yard last Saturday. A great improvement was made.

Mrs. Hill went to Tae Dalles Saturday to see her son Clarence, who is in the hospital there.

A New Furniture Stock.

So entirely was our stock cleared out the past 60 days that we feel amply justified in this heading, and in the assurance that never before has this market displayed such goods as are now on our floors.

The Carload

just taken into our warehouses was bought under such conditions of cost that we were induced to purchase extra choice pieces and for a few days at least will display a beautiful line of

Bird's Eye Goods in Suits,

Stools and Chairs. Weathered Oak in Dining Sets, Book Cases, etc. Our supply of the always beautiful Golden Oak goods was never so varied. We simply have everything, and the pricings would warrant you purchasing Holiday Gifts now—we priced to force such sales.

Couches and Lounges we show in more than 20 styles, ranging from \$6 to \$25. Iron beds in 30 New Styles, range from \$3 to \$21. Our line of Rockers will have to be seen for full appreciation. We simply beat the record. A good solid Rocker for \$1.25. The choicest in leather covered, \$20 and up, and an endless variety in medium-priced Rockers. A radical change in Linoleum—ask to see the Newest Oil Cloth and Linoleum, 30c to \$1.50 a yard. Everything Useful, Comfortable and Beautiful for the home at

STEWART'S, the Home Furnisher.

Stoves and Tinware, Building Material, Hardware, Paints. Pictures Framed, Furniture repaired.

year, the largest number taken. The hatchery has been very successful under the present superintendent, Mr. Taibert.

A third survey of the proposed canal is now in progress, and Manager Campbell has been here for a week or more. The canal will be seven miles long on the mountain, fed from the White Salmon river, and is designed to furnish electric light and power for a motor line on the north bank of the Columbia.

Mount Hood Notes.

Davenport Bros' mill broke down last week, so the boys got a rest for a few days. J. M. Lenz and Joseph Dimmick went gunning for Bruin, last Sunday, and got two small bears over on Bear creek.

Mr. and Mrs. H. J. Hess arrived at Mount Hood, last Tuesday, and moved to their home in the upper settlement. Mr. Hess went to Canby, recently, and married one of George Riggs' nieces. Mr. and Mrs. Hess have the best wishes of the community.

H. C. McKenney arrived at Mount Hood, October 29, with his bride, who was Miss Inez Parker of Woodland, Wash. They were married October 20, 1903. After a short visit in Portland they came to Mount Hood, where they will make their future home. On the evening of the 20th the neighbors assembled and had a party and a general good time. Owing to the mica in the water they drank, some of the boys were affected with the stomach complaint and did not get home until nearly morning; but they said Henry didn't get married every day. The community extends congratulations to Mr. and Mrs. H. C. McKenney.

J. M. Blossom put up notices calling a meeting for the purpose of organizing a literary and debating society for the coming winter. There will be a special meeting at the school house next Thursday for permanent organization. All are invited who feel inclined to be any way "gassy."

I think our debating society will have to follow the plan of our neighbors in the Dukes valley and debate the old bachelor question. It has already been proven that most of the old bachelors are not very enterprising. It will be remembered that about two months ago notice was given in the Glacier that there would be two weddings in the near future, and we are glad to say there are three bachelors less in this community now than there were at that time. We will have to give another notice as soon as times get dull again in the matrimonial line. But the present winter hopes when the next notice is given the correspondent will sign his name or let me know so I can get my hair cut short in time to save my scalp.

Moster Items. Mrs. S. A. Brown spent Saturday and Sunday in the Dalles.

Mrs. William Rowland went to The Dalles last Friday to visit her sister, Miss Elsie Middlewart, who is attending school there. She returned home Monday.

A. Root went to Bridal Veil to purchase lumber to build a barn. He expects to put up a good one.

I. M. Thomas still brings in the bear meat. Seems strange how many he can get when the rest hunt around and get so little game.

Mr. Wood and Mr. Bressler from Lexington were down here last week looking after a contract for cutting and hauling wood from the J. K. McGregor claim.

William Graham, while hauling wood down the hill from Mr. Hudson's place, had a washup which might have resulted very seriously, but luckily did not.

While coming down with about 25 cords of wood on one wagon, the pin that holds the rod to the break beam broke, turning him loose on a very steep hill. His wheels were light and when the horses got to running, a fore wheel struck a rock and the tongue knocked the wheels over down. It dragged them about 40 feet from the harness on one of the horses broke and let him under the wheel. The wheel struck his foot, busting the hoof. The shoe closed up behind and held the foot together behind. That was all the damage done. After the shoe was removed the horse walked home.

D. W. Hudson has sold his horse power drag saw to L. H. Linninger. Mr. Hudson expects to purchase a gasoline engine and a drag saw in the spring.

A. P. Bateman, of the Davidson Fruit Company, Hood River, loaded a car of fancy Ben Davis apples Monday, and expects to load another in a day or two.

M. H. Craft was at Cascade Locks last Monday on business. The Halloween ball given by Messrs. C. H. Dunsmore and William Marsh last Friday night was a grand success. A large crowd and a splendid time was reported by every one present.

F. M. Hunter and G. P. Hunter are disposing of their stock and farming implements preparatory to going to Los Angeles for the winter. Mr. Hunter's eyes are so he cannot expose them to cold winds, for if he does he cannot see, so he goes to see if a warmer climate will not be better for his eyes.

D. W. Hudson has purchased a tent and has it erected near W. W. Stevenson's property here in Mosier. He has floored and covered it, and expects to move into it for the winter, as Mr. McGregor wants to move into his house.

D. C. McFadden, having finished Mr. Stewart's store, is putting an addition to W. E. Huskey's house this week.

John Brown has arrived home after about four months in the upper country. C. G. Graham and family returned to Mosier on Monday last, where they will spend the winter. Wasco prices for wood and rent did not suit C. G., so he came home. Mosier people will drift back. It is hard to find a better place.

Mrs. Huskey went to the Willamette valley last week to visit old friends there.

Odell Notes. Carpenters are now at work finishing the upper store of the warehouse building at Odell. It is being cut up into living rooms and will soon be occupied.

John K. Roberts left today for Portland where he will spend the winter. Johnnie is a jolly good fellow and will be missed at Odell.

Mr. Black, who lives on the Wyman place, is now convalescent and will soon be out again.

A very enjoyable Halloween party was given by Pete Lenz at the hall at Odell on last Friday night. There were about 30 guests and a merry time they had.

B. T. Young, his daughter Sallie and son Glenn left this morning for a few days in Portland.

Charley Tucker's new buggy was a good investment. Charlie is now a married man. Boys, buy a buggy.

William Haynes is building a house on the north end of his lots, to front on State street, which will be occupied by Mr. and Mrs. Sam Blowers. Belieu & Rea have the contract and will rush the work until the house is completed.

Stewart's store, is putting an addition to W. E. Huskey's house this week.
