Honor as Well as interest Demands the Cuban Treaty. Washington, Nov. 12.-Following is

the message which the president yesterday sent to the special session of congress:

To the Senate and House of Represent-

I have convened the congress that it may consider the legislation necessary to put into operation the commercial treaty with Cuba, which was ratified by the senate at its last session, and subsequently by the Cuban government. deem such legislation demanded not only by our interest; but by our honor. We cannot with propriety abandon the course upon which we have so wisely embarked.

When the acceptance of the Platt dment was required from Cuba by the action of the congress of the United States, this government thereby definiteof Colombia that it establish a pro- provided that when the island became a stand in such close relations with us as, in certain respects, to come within our system of international policy; and it necessarily followed that she must also, within the lines of our economic policy. Situated as Cuba is, it would not be wise for this country to permit the strategic abuse of the island by any foreign mili-

tary power. It is for this reason certain limitation have been imposed upon her financial policy and that naval stations have been onceded by her to the United States The negotiations as to the details of these naval stations are now on the eve of completion. They are so situated as intention ever to use them against Cuba, or otherwise than for the protection of and for the better safeguarding of American interests in the water south of us. These interests have been largely increased by the consequences of the war with Spain, and will be still further increased by the building of the isthmian canal. They are both military and conomic. The granting to us by Cuba of the naval stations above alluded to ted to select their seats without draw is of the utmost importance from a milkary standpoint, and is proof of the

Cuba has made great progress since her independence was established. She has advanced steadily in every way. She already stands high among her sister republics of the new world. She is oyally observing her obligations to us: she is entitled to like treatment by us. The treaty submitted to you for approval secures to the United States eco omic advantages as great as those given to Cuba. Not an American Interest s sacrificed by the treaty, and a large Cuban market is secured to our producers. It is a market which lies at our which is already large, which apuble of great expansion, and which especially important to the development of our export trade. It would be ndeed, short-sighted for us to refuse to Russo-Japanese conflict is growing take advantage of such opportunity, and o force Cuba into making arrangements with other countries to our disadvantage. This reprocity treaty stands by itself. t is demanded in consideration of broad National policy, as well as by our eco omic interest. I twill do harm to no ndustry. It will benefit many indusries. It is in the interest of our people is a whole, both because of its importince from the broad standpoint of interational policy and because economically intimately concerns us to develop and secure the rich Cuban market for our farmers, artisans, merchants and manufacturers.

Finally, it is desirable as a guaranty of he good faith of our nation toward our young sister republic, whose welfare nust ever be closely bound with ours. We gave her liberty. We are knit to ner by the memories of the blood and the courage of our soldiers who fought or her in war; by the memories of the wisdom and integrity of our administra fors who saved her in peace and who started her so well on the difficult path of self government. We must help her onward and upward; and in helping her

we shall help ourselves. The foregoing consideration caused the regotiotion of the treaty with Cuba and ts ratification by the senate. They now with equal force support the legislation by the congress which by the terms of he treaty is necessary to render it imerative, as failure to enact such legis-

ation would come perilously near a repudiation of the pledged faith of the I transmit herewith the treaty as amended by the senate and ratified by the Cuban government.
THEODORE ROOSEVELT.
White House, November 10, 1903.

Dynamite Under Plant.

Trinidad, Colo., Nov. 12.-Dynamite was exploded this morning under the electric light and power house Hastings, 20 miles north of Trinidad. One corner of the house was blown out, but the machinery was not damaged to any great extent. Although hat the dynamite was not placed correctly, and very little damage was t is claimed that the dynamiting was not done by strikers, and that the purpose probably was to have militia ordered to the camp.

Substitute for Ship Subsidy.

Washington, Nov. 12.-Representa ive Jones, of Washington, today rentroduced his substitute for the ship ubsidy bill, which provides that discriminating duty of 10 per cent, in ddition to existing duties, shall be ollected on goods imported into the United States in foreign vessels. In ase the goods so imported are not to be levied. The bill proposes to enrce the foregoing regulations after April 1, 1905;

Russia Must Yield to Japan.

Tokio, Nov. 12.-There is a strong sclination in well-informed circles to oubt the pacific forecast issued in Europe. It is believed that peace will only be made possible by Russia's regarding Manchuria. The Japanese a report of the rupture in the relational ficult to restrain popular sentiment. The Japanese a report of the rupture in the relations of the War, but the United States government finds it increasingly difficult to restrain popular sentiment.

IN EXTRA SESSION

CUBAN TREATY.

Cannon Formally Elected Speaker of the

congress today held its first session, and except for the naming of committreating Cuba as occupying a unique po-sition as regards this country. It was received the applause of democrats free and independent republic she should and republicans alike when he took up the gavel of authority, the demonstration being most complimentary to the newly elected speaker. He was at once at ease in the speaker's chair, a certain degree, become included having filled it so often temporarily during his many years of service in the House.

providing for the appointment of a committee to notify the president and senate of the election of a speaker and clerk, and a committee to join a senate committee to notify the president of the presence of a quorum in the two bodies. found a stringer of solid gold, which he has taken out about \$25,000, and still continues with the same width. It is rumored that he placed s guard over it night and day. The per pound; spring, 11 %c; hens, 11@12c; ledge is said to be wedge shaped, peaked on top, and widens in depth. Mining Company Formed. Roseburg-Articles of incorporation have been filed by the Gold Mountain Mining & Smelting Company. The capital stock is fixed at \$100,000, di-

vided into shares of \$1 each. The company has a number of claims south of Camas Valley, near the Mar-

of \$16 to \$26 per ton.

HAPPENINGS HERE IN OREGON

SLOW MARKET FOR STOCK.

NO. 26.

Heppner Neighborhood. Heppner-The livestock industry here, while not suffering, does not present a very encouraging outlook. Between cattle and sheep the condi-

few transactions are reported. While a few sheep sales have occurred, the business has been con fined principally to local people. Outhead for lambs and \$2 per head for where shipping facilities are not so good, the conditions are even worse

than they are here. A grant county sheepman was in Heppner a few days ago looking for

buyer for his lambs. Two Wheeler county cattlemen were in Heppner last week. They brought in 52 head of choice beef catbad in the Spray country. ity of Spray, there are a great many

yearlings for sale. The best offers have been \$15 per head, while the owners are holding for \$16. For the same cattle this pring owners were offered \$18, but then they were holding for \$20. the vicinity of Spray the Gilman & French cattle, consisting of 5000 head are ranged.

In the great alfalfa feeding district. on Butter creek, there are 1000 less cattle being fed this year than last The fact that hay is selling for \$8 per on in the stack is the principal cause for this.

EXCEEDS ITS CAPACITY.

Coos Bay Hatchery Will Handle Ten Million Eggs.

Oregon City-"With a capacity of only 6,000,000 eggs, the Coos Bay Hatchery will this year handle 10,-000,000 salmon eggs," said Deputy Fish Warden H. A. Webster, who has ust returned from a visit to the state's salmon fishery interests in the Southern and Coast districts of the This increase in the output of the station at Coos, says Mr. Webster s due to a change in the manner of operating the plant. Racks were installed this year that withstood the freshets and permitted a continuous catch of salmon, while last year the "By a thorough and systematic catch aggregated only 3,500,000 eggs method of checking the receipts of The surplus in this year's catch is bebullion and ores originating in Ore- ing deposited in the bed of Coos river ton, deposited and shipped to the sey. after the eggs have impregnated. Mr. Webster also visited the state's salmon interests at Yaquina, Alsea and British Columbia, the output of 1991 Siuslaw and reports an unusually good un of silverside salmon this fall. He also found the hatcheries making a . 88,759 \$1,834,821 good showing, the catches equaling, 211,876 if not excelling, the capacity of the

Forty Cattle Were Killed. Umatilla-Word has been received ere of a terrible slaughtering of cat tle on the bank of the Columbia river at a point west of here. Richard chased a large bunch of cattle in the vicinity of Heppner and drove them to the banks of the Columbia Dur. ing the night the cattle became fright-The production of 1901 is given as ened, it is believed at a passing train, and were thrown into a flerce stam pede. They rushed over a steep bluff and 40 were killed outright. Many were so badly injured they had to be

killed. The loss is over \$600.

Apples of Rogue River. Ashland-The value of the apple rop of 1903 in the Rogue river valey is estimated at \$125,000. This takes into account only the export crop, which is estimated in quantity at from 150 to 175 carloads. Central Point, the shipping point for several of the large orchards, including Ol-well Bros., will send out 60 carloads or more: Medford about an equal number. Fifteen carloads will go out from Talent, ten or more from Ash-
