Yours truly,

FRANK A. CRAM.

Canby post had a full meeting last Saturday, but owing to some mistake by the management of the hall there was no stove put up and the meeting was compelled to adjourn before it got through the regular routine of business. The resignation of L. Henry as quarter-master was accepted and S. F. Blythe elected to serve out the unexpired term.

Robert Lesure of Mount Hood was down for lodge night, Friday last, returning the next morning. Mr. Lesure tells a remarkable story of how he is going to California to spend the winter as soon as he recovers sufficiently from his present spell of sickness, the post could not do otherwise. A. C. Buck made application to join the post and will be initiated in next week. Mr. Buck served in the 7th Minnesota during the civil war. While the post was in session some of the old foragers slipped out and swiped a keg of cider from the warehouse and enjoyed it along with the rest. He said he couldn't have done a better job of foraging himself.

W. E. Sherrill and family will leave next week for Woodville, Southern Oregon, where they will visit a couple of months with relatives of Mrs. Sherrill. In January they will go to Vancouver, where Mr. Sherrill has leased a 100-acre hay and dairy farm. Mr. Sherrill says his place is within a stone's throw of the creamery, and that within 20 minutes he can have the milk run through the separators and ready for the hogs. He expects to make the most of his money out of hogs. His 5-acre place at Belmont was bought last week by M. H. Nickelson, who is holding the land for Daves Divers. The Glacier regrets to see Mr. and Mrs. Sherrill leave Hood River, but wishes them the best of success in their new home.

G. P. Hunter and family of Mosier were in attendance at the funeral of Mrs. Henry Gray, Tuesday. Mr. Hunter and family, and father and mother, were expected to remain for some time, for the benefit of the health of Mr. Hunter, sr., who has never recovered from the effects of the burning by lime he got while mixing spray-lime.

H. M. Huxley is starting a night school, which will prove of great advantage to many who would otherwise be compelled to go to Portland to receive just such instruction as he will be able to give. The Glacier knows of no one more competent to teach in the branches he advertises than Mr. Huxley.

A. I. Mason's orchard was damaged more than any orchard in the valley by the snow fall and wind of last week. He lost 75 of his Spitzenburg apple trees, and estimates his loss at \$500. He says if his trees had been fixed with Hoyt's tree supports, advertised for sale by the Davidson Fruit Co., he would not have lost a tree.

Mrs. W. L. Marcellus spent last week visiting at the home of her niece, Mrs. L. E. Clark, on the East Side. Mr. Clark lost some of his best apple trees that were broken down by the storm last week, but his orchards being well sheltered did not suffer like the orchards of some of his neighbors.

The Davidson Fruit company will close the box factory and cider mill at the end of this week. The factory has been running almost continuously since March 1.

E. D. Calkins will leave this week for Weiser, Idaho, where he will assist his cousin, Professor Padlock, of the Idaho Industrial Institute.

Howard Bertram of Portland came up Thursday last week and is visiting the family of his sister, Mrs. L. E. Clark of the East Side.

Captain Burkhardt of the U. S. army, stationed at Vancouver, was in Hood River Monday on official business in connection with the arrest of a deserter from the 17th infantry. Deputy Sheriff Olinger arrested a man named Snyder, alias Sharp, September 16, and Captain Burkhardt was here to get Mr. Olinger's deposition.

Little Lawrence Hershner has been critically ill for the past two weeks with inflammatory rheumatism. The little fellow is a great sufferer, and Sunday evening Rev. Hershner was compelled to abandon the delivery of his sermon on account of having to be with the little boy.

J. A. Ewers, in Hull's Addition, made sale last Saturday of one of his lots to O. A. Rinehart; consideration, \$285. Mr. Rinehart expects to build immediately, while Mr. Ewers says he will wait until spring before making improvements to his present house.

Barnes, the real estate man, on Saturday sold Dave Flemming's lot in Blowers addition to H. W. Wait. This lot adjoins Mr. Wait's new home, and will make him a fine property. A letter received Monday from Guy Woodworth says he is getting along nicely in Southern California. He is in good health, and working on a large fruit ranch near Los Angeles.

Barnes, the real estate man, bought on Monday 25 feet from the east side of J. A. Hanna's lot. This property will give Mr. Barnes a frontage of 75 feet.

Pine Grove Gleanings. We think the news editor of the Glacier must have caught the full force of the gale when it struck Hood River last Wednesday morning, for in reporting the damage done to the orchards in the valley he estimates the loss to be thousands of dollars. It is true some damage was done, but it was not so bad after all. In some orchards are broken trees while other orchards were not injured at all, and we think with a few bolts and a little wax the damage can be repaired.

Mr. and Mrs. R. E. Harbison returned home Sunday evening from their trip to California. They come home better pleased than ever with Hood River valley.

Trout Lake News Notes. Goldenale Sentinel. James Conte is clerking for Wolford & company in their Trout Lake store.

A Halloween ball was given by the employes that are at work on the dam, at the new hall.

It certainly seems that the balls in Trout Lake are getting to be too numerous to be in good taste. If people would attend church and Sunday school half as well as they do the dance hall, we would have a more prosperous church and Sunday school.

Several employes working on the dam have been quite sick. Mr. Larsen and Mr. Wang are unable to work.

SPECIAL TINWARE SALE.

YOU KNOW how much room it takes to show off toys and other holiday goods to advantage, and you know what limited room we have for our constantly growing business. We want the room our tinware occupies, so we are making price reductions that will benefit you, and give us room at the same time. This sale will last two whole weeks. You'd better look over your tin things and see if you don't need some new ones. Take a peep into our window and see if the little prices don't suit you.

We always have sold lots of tinware, because our prices were so low, but we have laid aside all thought of profit in the sale because we have stacks of Christmas goods piled up waiting for the room to be displayed, and we must get them out so you can appreciate them—that's why the tin must go. A suggestion: Useful kitchen utensils make very acceptable Christmas gifts. Here's a chance to get them at ridiculously little prices during this sale.
